CONSIDÉRANT que la clause A. de l'article 20 des règlements concernant l'émission de licences et permis annuels pour abattre du bois de construction sur les terres fédérales au Manitoba, dans les territoires du Nord-Ouest et dans la zone du chemin de fer dans la province de la Colombie Britannique, déclare qu'un homesteader peut obtenir un permis gratuit pour couper 3,000 pieds linéaires de billes pour être employés sur son homestead, ou 6,750 pieds de bois de service M.P., dans le cas où le permissionnaire aurait fait scier le bois en bois de service ;

Et considérant qu'il a été constaté que 3,000 pieds linéaires de bois rond d'une grosseur moyenne produirait 9,250 pieds de bois scié, M.P.,—

A ces causes, il plaît au Gouverneur général en conseil, d'ordonner que la clause A. de l'article 20 des susdits règlements soit et elle est par le présent modifiée en insérant 9,250 pieds, mesure de planche, au lieu de 6,750 pieds, comme la quantité que le permissionnaire pourra recevoir de bois scié.

CONSIDÉRANT que la municipalité de Clanwilliam, dans la province du Manitoba, a passé un règlement ouvrant un chemin sur la moitié nord de la section 17, et la moitié sud de la section 21 dans le township 18, rang 17 à l'ouest du premier méridien ; et le gouvernement provincial du Manitoba, par un arrêté du lieutenant-gouverneur en conseil, daté le 6 d'août 1901, a approuvé les dits règlement et chemin ; et la municipalité susdite demande aujourd'hui que cet arrêté soit confirmé ;

Et considérant que les terres traversées par ce chemin sont des terres fédérales non concédées ; et il ne semble pas exister d'objection à l'ouverture du dit chemin,—

A ces causes, il a plu au Gouverneur général en conseil, en vertu des dispositions du chapitre 30 de l'acte 58-59 Victoria, clause 7, de consentir, et il donne par le présent son consentement à l'ouverture du susdit chemin.

## AVIS AUX NAVIGATEURS.

No. 22 de 1902.

Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

## QUÉBEC.

## (73) FLEUVE SAINT-LAURENT EN AMONT DE QUÉBEC—SAINT-ANTOINE DE TILLY—FEUX D'ALIGNEMENT ÉTABLIS.

Le 1er de mai 1902, trois feux d'alignement seront établis par le gouvernement du Canada à Saint-Antoine de Tilly, sur la rive sud du fleuve Saint-Laurent en amont de Québec.

(a) Le feu antérieur de l'alignement de montée sera blanc fixe, à 36 pieds au-dessus de la marque de l'eau haute, et devrait être visible à 6 milles dans un petit arc de chaque côté de l'alignement. L'appareil lumineux est catoptrique.

Le phare est une tour carrée en bois, avec côtés en pente, surmontée d'une lanterne carrée en bois, et peinte en blanc, avec le toit de la lanterne rouge. Sa hauteur de la base à la girouette sur la lanterne est de 30 pieds. La tour est juste au-dessus de la marque de l'eau haute sur le côté ouest de la partie plate de la pointe Saint-Antoine, et est à une distance de 2640 pieds N. 56° O. de l'église du village de Saint-Antoine.

(b) Le feu postérieur de l'alignement de montée, qui forme aussi le feu antérieur de l'alignement de descente (indiquant la traverse au pied de la batture des Trembles) est blanc fixe, à 68 pieds au-dessus de la marque de l'eau haute, et visible à 9 milles de tous les points d'approche par eau. L'appareil lumineux est dioptrique du septième ordre.

La tour est un bâtiment carré avec côtés en pente, composé d'une charpente d'acier à jour, surmontée d'une guérite de fanal en bois, et par-dessus une lanterne carrée en bois. La partie en acier est peinte brun, la boiserie est blanche et le toit de la lanterne rouge. La hauteur de la tour de la base à la girouette sur la lanterne est de 65 pieds.

Elle repose sur un caissonnage de 5 pieds de hauteur, peinturé noir, juste au-dessus de la marque de l'eau haute sur le côté est de la pointe Saint-Antoine, et est à une distance de 826 pieds N. 88° 30' E. de la tour en premier lieu décrite.

Lat. N. 46° 40' 3"  
Long. O. 71 34 51

(c) Le feu postérieur de l'alignement de descente est blanc fixe, à 203 pieds au-dessus de la marque de l'eau haute, et est visible à 16 milles de tous les points d'approche par eau. L'appareil lumineux est catoptrique.

La tour est exactement semblable à celle du feu antérieur de l'alignement de descente en dernier lieu décrit.

Cette tour repose sur le sommet de la falaise en arrière de la pointe, et est à 825 pieds S. 65° O. de celle en dernier lieu décrite. Ces deux phares et l'église de Saint-Augustin sont tous dans le même alignement.

*Instructions pour la navigation.*—Les vaisseaux qui remontent doivent conserver leur route N. 84½° O., avec les feux d'alignement de la Pointe à Basile en conjonction en arrière, jusqu'à ce qu'ils atteignent l'alignement des feux de la traverse de la pointe Saint-Antoine, position S. 65° O. en avant, alors qu'ils tournent dans cet alignement, le gardant jusqu'à ce qu'ils aient dépassé la bouée à gaz de la batture des Trembles à tribord, et alors ils doivent gouverner S. 81½° O. passé la pointe Saint-Antoine, conservant cette route jusqu'à ce qu'ils aient amené les feux d'alignement de montée en conjonction en arrière. Ils peuvent les garder en conjonction, en allant S. 88½° O., jusqu'à ce qu'ils aient passé la bouée rouge antérieure au large du banc des Ecureuils (No. 32 Q), alors qu'ils gouvernent pour prendre l'alignement des feux de Ste-Croix.

## • DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, provenant du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant

la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débetures ou autres garanties, et le montant respectif de chacune.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

#### ORDER IN COUNCIL.

BELGIAN EXTRADITION TREATY.

*Saint James's, 6th March, 1902.*

AT the Court at *Saint James's*, the 6th day of *March*, 1902.

PRESENT :

The KING'S Most Excellent Majesty.

Lord President.

Earl of Kintore.

Lord James of Hereford.

Sir Arthur Wilson.

WHEREAS by The Extradition Acts, 1870 to 1895, it is amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, His Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that His Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of His Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient.

And whereas a Treaty was concluded on the twenty-ninth day of October, one thousand nine hundred and one, between His Majesty and His Majesty the King of the Belgians for the mutual extradition of fugitive criminals, which Treaty is in the terms following:—

His Majesty the King of the United Kingdom of Great Britain and Ireland, Emperor of India, and His Majesty the King of the Belgians, having mutually resolved to conclude a new Treaty for the extradition of criminals, the said High Contracting Parties have named as their Plenipotentiaries to conclude a Treaty for this purpose, that is to say:—

His Majesty the King of the United Kingdom of Great Britain and Ireland, Emperor of India, Constantine Phipps, Esquire, Companion of the Most Honourable Order of the Bath, His Envoy Extraordinary and Minister Plenipotentiary to His Majesty the King of the Belgians; and

His Majesty the King of the Belgians, the Baron de Favereau, Knight of His Order of Leopold, Member of the Senate, His Minister of Foreign Affairs:

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon the following Articles:—

#### ARTICLE I.

It is agreed that His Britannic Majesty and His Majesty the King of the Belgians shall, on requisition made in their name by their respective Diplomatic Agents, deliver up to each other reciprocally, under the circumstances and conditions stated in the present Treaty, any persons who, being accused or convicted as principals or accessories, of any of the crimes hereinafter specified, committed within the territories of the requiring party, shall be found within the territories of the other party:—

1. Murder (including assassination, parricide, infanticide, poisoning), or attempt, or conspiracy to murder, in cases jointly provided for by the laws of the two countries.

2. Administering drugs or using instruments with intent to procure the miscarriage of women.

3. Manslaughter.

4. Bigamy.

5.—(a.) Counterfeiting or altering money, or uttering counterfeit or altered money.

(b) Knowingly making, without lawful authority, any instrument, tool, or engine adapted and intended for the counterfeiting of the coin of the Realm.

6. Abandoning children, exposing or unlawfully detaining them.

7. Forgery, counterfeiting or altering, or uttering what is forged, counterfeited or altered.

8. Any malicious act done with intent to endanger persons in a railway train.

9. Embezzlement or larceny.

10. Receiving any chattel, money, valuable security, or other property, knowing the same to have been embezzled, stolen, or feloniously obtained.

11. Obtaining money, goods, or valuable securities by false pretences.

12. Crimes by bankrupts against bankruptcy law.

13. Fraud by a bailee, banker, agent, factor, trustee, or director, or member or public officer of any company, made criminal by any law for the time being in force.

14. Rape.

Carnal knowledge, or any attempt to have carnal knowledge, of a girl under 16 years of age so far as such acts are punishable by the law of the State upon which the demand is made.

Indecent assault. Indecent assault without violence upon children of either sex under 13 years of age.

28. Assault occasioning actual bodily harm. Malicious wounding or inflicting grievous bodily harm.

29. Offences in connection with the Slave Trade punishable by the laws of both States.

Provided that the surrender shall be made only when, in the case of a person accused, the commission of the crime shall be so established as that the laws of the country where the fugitive or person accused shall be found would justify his apprehension and commitment for trial if the crime had been there committed, and in the case of a person alleged to have been convicted, on such evidence as, according to the laws of the country where he is found, would prove that he had been convicted.

In no case can the surrender be made unless the crime shall be punishable according to the laws in force in both countries with regard to extradition.

In no case, nor on any consideration whatever, shall the High Contracting Parties be bound to surrender their own subjects, whether by birth or naturalization.

#### ARTICLE II.

In the dominions of His Britannic Majesty, other than the Colonies or foreign possessions of His Majesty, the manner of proceeding shall be as follows:—

1. In the case of a person accused—

The requisition for the surrender shall be made to His Britannic Majesty's Principal Secretary of State for Foreign Affairs by the Minister or other Diplomatic Agent of His Majesty the King of the Belgians, accompanied by a warrant of arrest or other equivalent judicial document issued by a Judge or Magistrate duly authorized to take cognizance of the acts charged against the accused in Belgium, together with duly authenticated depositions or statements taken on oath or upon solemn affirmation before such Judge or Magistrate, clearly setting forth the said acts, and containing a description of the person claimed, and any particulars which may serve to identify him.

The said Secretary of State shall transmit such documents to His Britannic Majesty's Principal Secretary of State for the Home Department, who shall then, by order under his hand and seal, signify to some Police Magistrate in London that such requisition has been made, and require him, if there be due cause, to issue his warrant for the apprehension of the fugitive.

On the receipt of such order from the Secretary of State, and on the production of such evidence as would, in the opinion of the Magistrate, justify the issue of the warrant if the crime had been committed in the United Kingdom, he shall issue his warrant accordingly.

When the fugitive shall have been apprehended, he shall be brought before a competent Magistrate. If the evidence to be then produced shall be such as to justify, according to the law of England, the committal for trial of the prisoner, if the crime of which he is accused had been committed in England, the Magistrate shall commit him to prison to await the warrant of the Secretary of State for his surrender, sending immediately to the Secretary of State a certificate of the committal and a report upon the case.

After the expiration of a period from the committal of the prisoner, which shall never be less than fifteen days, the Secretary of State shall, by order under his hand and seal, order the fugitive criminal to be surrendered to such person as may be duly authorized to receive him on the part of the Government of His Majesty the King of the Belgians.

#### 2. In the case of a person convicted—

The course of proceeding shall be the same as in the case of a person accused, except that the warrant to be transmitted by the Minister or other Diplomatic Agent in support of his requisition shall clearly set forth the crime of which the person claimed has been convicted, and state the fact, place, and date of his conviction. The evidence to be produced before the Magistrate shall be such as would, according to the law of England, prove that the prisoner was convicted of the crime charged.

After the Magistrate shall have committed the accused or convicted person to prison to await the order of a Secretary of State for his surrender, such person shall have the right to apply for a writ of habeas corpus: if he should so apply, his surrender must be deferred until after the decision of the Court upon the return to the writ, and even then can only take place if the decision is adverse to the applicant.

### ARTICLE III.

In the dominions of His Majesty the King of the Belgians, other than the Colonies or foreign possessions of His said Majesty, the manner of proceeding shall be as follows:—

#### 1. In the case of a person accused—

The requisition for the surrender shall be made to the Minister for Foreign Affairs of His Majesty the King of the Belgians by the Minister or other Diplomatic Agent of His Britannic Majesty, accompanied by a warrant of arrest or other equivalent judicial document issued by a Judge or Magistrate duly authorized to take cognizance of the acts charged against the accused in Great Britain, together with duly authenticated depositions or statements taken on oath or upon solemn affirmation before such Judge or Magistrate, clearly setting forth the said acts, and containing a description of the person claimed, and any other particulars which may serve to identify him.

The Minister for Foreign Affairs shall transmit the warrant of arrest, with the documents thereto annexed, to the Minister of Justice, who shall forward the same to the proper judicial authority, in order that the warrant of arrest may be put in course of execution by the Chamber of the Council (Chambre du Conseil) of the Court of First Instance of the place of residence of the accused, or of the place where he may be found.

The foreigner may claim to be provisionally set at liberty in any case in which a Belgian enjoys that right, and under the same conditions.

The application shall be submitted to the Chamber of the Council (Chambre du Conseil).

The Government will take the opinion of the Chamber of Indictments or Investigation (Chambre

des Mises en Accusation) of the Court of Appeal within whose jurisdiction the foreigner shall have been arrested.

The hearing of the case shall be public, unless the foreigner should demand that it should be with closed doors.

The public authorities and the foreigner shall be heard. The latter may obtain the assistance of counsel.

Within a fortnight from the receipt of the documents they shall be returned, with a reasoned opinion, to the Minister of Justice, who shall decide and may order that the accused be delivered to the person duly authorized on the part of the Government of His Britannic Majesty.

#### 2. In case of a person convicted—

The course of proceeding shall be the same as in the case of a person accused, except that the conviction or sentence of condemnation issued in original, or in an authenticated copy, to be transmitted by the Minister or other Diplomatic Agent in support of his requisition, shall clearly set forth the crime of which the person claimed has been convicted, and state the fact, place, and date of his conviction. The evidence to be produced shall be such as would, according to the Belgian laws, prove that the prisoner was convicted of the crime charged.

### ARTICLE IV.

A fugitive criminal may, however, be apprehended under a warrant signed by any Police Magistrate, Justice of the Peace, or other competent authority in either country, on such information or complaint, and such evidence, or after such proceedings as would, in the opinion of the person issuing the warrant, justify the issue of a warrant if the crime had been committed or the prisoner convicted in that part of the dominions of the two contracting parties in which he exercises jurisdiction: Provided, however, that, in the United Kingdom, the accused shall, in such case, be sent as speedily as possible before a competent Magistrate. He shall be discharged, as well in the United Kingdom as in Belgium, if within fourteen days a requisition shall not have been made for his surrender by the Diplomatic Agent of the requiring State in the manner directed by Articles II and III of this Treaty.

The same rule shall apply to the cases of persons accused or convicted of any of the crimes specified in this Treaty, and committed on the high seas on board any vessel of either country which may come into a port of the other.

### ARTICLE V.

If within two months, counting from the date of arrest, sufficient evidence for the extradition shall not have been presented, the person arrested shall be set at liberty. He shall likewise be set at liberty if, within two months of the day on which he was placed at the disposal of the Diplomatic Agent, he shall not have been sent off to the reclaiming country.

### ARTICLE VI.

When any person shall have been surrendered by either of the High Contracting Parties to the other, such person shall not, until he has been restored, or had an opportunity of returning to the country from whence he was surrendered, be triable or tried for any offence committed in the other country prior to the surrender, other than the particular offence on account of which he was surrendered.

### ARTICLE VII.

No accused or convicted person shall be surrendered if the offence in respect of which his surrender is demanded shall be deemed by the party upon which it is made to be a political offence, or to be an act connected with (connexe à) such an offence, or if he prove to the satisfaction of the Magistrate, or of the Court before which he is brought on habeas corpus, or to the Secretary of State, that the requisition for his surrender has in fact been made with a view to try or to punish him for an offence of a political character.

## ARTICLE VIII.

Warrants, depositions, or statements on oath issued or taken in the dominions of either of the two High Contracting Parties, and copies thereof, and certificates of or judicial documents stating the fact of conviction, shall be received in evidence in proceedings in the dominions of the other, if purporting to be signed or certified by a Judge, Magistrate, or officer of the country where they were issued or taken :

Provided such warrants, depositions, statements, copies, certificates, and judicial documents are authenticated by the oath or solemn affirmation of some witness, or by being sealed with the official seal of the Minister of Justice, or some other Minister of State.

## ARTICLE IX.

The surrender shall not take place if, since the commission of the acts charged, the accusation, or the conviction, exemption from prosecution or punishment, has been acquired by lapse of time, according to the laws of the country where the accused shall have taken refuge.

## ARTICLE X.

If the individual claimed by one of the two High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other powers, on account of other crimes committed upon their respective territories, his surrender shall be granted to that State whose demand is earliest in date ; unless any other arrangement should be made between the Governments which have claimed him, either on account of the gravity of the crimes committed, or for any other reasons.

## ARTICLE XI.

If the individual claimed should be under process, or condemned by the Courts of the country where he has taken refuge, his surrender may be deferred until he shall have been set at liberty in due course of law.

In case he should be proceeded against or detained in such country on account of obligations contracted towards private individuals, his surrender shall, nevertheless, take place, the injured party retaining his right to prosecute his claims before the competent authority.

## ARTICLE XII.

Every article found in the possession of the individual claimed at the time of his arrest shall, if the competent authority so decide, be seized, in order to be delivered up with his person at the time when the surrender shall be made. Such delivery shall not be limited to the property or articles obtained by stealing or by fraudulent bankruptcy, but shall extend to everything that may serve as proof of the crime. It shall take place even when the surrender, after having been ordered, shall be prevented from taking place by reason of the escape or death of the individual claimed.

The rights of third parties with regard to the said property or articles are, nevertheless, reserved.

## ARTICLE XIII.

Each of the High Contracting Parties shall defray the expenses occasioned by the arrest within its territories, the detention, and the conveyance to its frontier, of the persons whom it may consent to surrender in pursuance of the present Treaty.

## ARTICLE XIV.

The stipulations of the present Treaty shall be applicable to the Colonies and foreign possessions of the two High Contracting Parties.

The requisition for the surrender of a fugitive criminal who has taken refuge in a Colony or foreign possession of either Party shall be made to the Governor or chief authority of such Colony or possession by the chief Consular Officer of the other in such Colony or possession ; or, if the fugitive has escaped from a Colony or foreign possession of the Party on whose behalf the requisition is made, by the Governor or chief authority of such Colony or possession.

Such requisitions may be disposed of, subject always, as nearly as may be, to the provisions of this Treaty,

by the respective Governors or chief authorities, who, however, shall be at liberty either to grant the surrender or to refer the matter to their Government.

His Britannic Majesty shall, however, be at liberty to make special arrangements in the British Colonies and foreign possessions for the surrender of Belgian criminals who may there take refuge, on the basis, as nearly as may be, of the provisions of the present Treaty.

## ARTICLE XV.

The present Treaty shall come into operation ten days after its publication, in conformity with the laws of the respective countries.

From the day when the present Treaty shall come into force, the Treaty of Extradition between the two countries of the 20th May, 1876 ; the Declaration between the British and Belgian Governments, dated the 23rd July, 1877, extending the Treaty of the 20th May, 1876, to certain additional crimes ; the further Declaration of the 21st April, 1887, amending Article I of the Treaty of the 20th May, 1876 ; and the Convention of the 27th August, 1896, further amending the Treaty of the 20th May, 1876, shall all cease to have effect ; but the present Treaty shall apply to all crimes within the Treaty whether committed before or after the day when it comes into force.

Either Party may at any time terminate the Treaty on giving to the other six months' notice of its intention.

## ARTICLE XVI.

The present Treaty shall be ratified, and the ratifications shall be exchanged at Brussels as soon as may be within six weeks from the date of signature.

"In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seals of their arms.

Done at Brussels, the twenty-ninth day of October, in the year of Our Lord one thousand nine hundred and one.

#### NOTICE TO MARINERS.

##### GOVERNMENT RIFLE RANGES, McNAB'S ISLAND.

Owing to the extreme range of the Lee-Metford or Magazine Rifle, with which the musketry training of the troops will in future be conducted, and with a view to the better protection of the public, it has been found necessary to demarcate more clearly the area of water seawards, and to the south of above ranges, liable to be struck by spent or ricochet bullets.

This area has been marked by four spar buoys, placed at intervals between the Thrum Cap Shoal and the Eastern Passage, at a distance of 3000 yards from the stop butts. The buoys mark the extreme limits of the danger zone. The spars are painted red, and are surmounted by cross heads painted red and white.

Notice is therefore hereby given that any ship or boat passing inside these buoys, during the hours of practice, incurs serious risk, and no attempt should, under any circumstances, be made to cross the aforesaid area as long as the red flag hoisted at the south end of McNab's Island is left flying.

This notice will have effect from the 20th May, 1902.

By order,

V. SEMINI,  
Major, Chief Staff Officer.

## QUEBEC.

(73) RIVER ST. LAWRENCE ABOVE QUEBEC—  
ST. ANTOINE DE TILLY—RANGE LIGHTS  
ESTABLISHED.

On the 1st May, 1902, three range lights will be established by the Government of Canada at St. Antoine de Tilly, on the south shore of the river St. Lawrence above Quebec.

(A.) The front light of the upstream range will be a fixed white light, elevated 36 feet above high water mark and should be visible 6 miles in, and over a small arc on each side of, the line of range. The illuminating apparatus is catoptric.

The lighthouse is a square, wooden tower, with sloping sides, surmounted by a square wooden lantern, and is painted white, with the lantern roof red. Its height from the base to the vane on the lantern is 30 feet. The tower stands just above high water mark on the west side of the low flat part of St. Antoine point, and is distant 2640 feet N. 56° W. from St. Antoine village church.

(B.) The back light of the upstream range, which is also the front light of the downstream range (indicating the traverse at the foot of Trembles shoal), is a fixed white light, elevated 68 feet above high water mark, and visible 9 miles from all points of approach by water. The illuminating apparatus is dioptric of the seventh order.

The lighthouse tower is a square building with sloping sides, consisting of an open steel framework, surmounted by a wooden lightroom and topped with square wooden lantern. The steelwork is painted brown, the woodwork is white, with the lantern roof red. The height of the tower from its base to the vane on the lantern is 65 feet.

It stands upon a cribwork pier 5 feet high, painted black, built just above high water mark on the east side of St. Antoine point, and is distant 826 feet N. 88° 30' E. from the tower first described.

Lat. N. 46° 40' 3"

Long. W. 71 34 51

(C.) The back light of the downstream range is a fixed white light, elevated 203 feet above high water mark, and visible 16 miles from all points of approach by water. The illuminating apparatus is catoptric.

The tower is exactly the same as that of the front light of the downstream range last described.

This tower stands on the crest of the cliff behind the point, and is distant 825 feet S. 65° W. from that last described. These two lighthouses and St. Augustin church are all in the same alignment.

*Sailing Directions.*—Vessels upward should keep their course, N. 84½° W., with Pointe à Basile range lights in one astern, until they reach the alignment of St. Antoine point traverse range lights, bearing S. 65° W. ahead, when they turn onto this alignment, keeping it until they have passed Trembles shoal gas buoy on their starboard hand, when they should shape a course S. 81½° W. past St. Antoine point, keeping this course until they bring the upstream range lights in one astern. They can keep these in one, going up on a course S. 88½° W., until they pass the upper red buoy off Ecureuils bank (No. 32 Q), when they bear up to take the alignment of the Ste. Croix range lights.

J'ai l'honneur d'être, monsieur,  
Votre très humble serviteur,

## ARRÊTÉ EN CONSEIL.

TRAITÉ D'EXTRADITION AVEC LE ROI DES BELGES.

Saint-James, 6 mars 1902.

AU Château de Saint-James, le 6e jour de mars 1902.

## PRÉSENTS :

Sa Très Excellente Majesté le ROI.  
Le lord Président.  
Le comte de Kintore.  
Lord James de Hereford.  
Sir Arthur Wilson.

CONSIDÉRANT que par les *Actes d'extradition*, 1870 à 1895, il est statué, entre autres choses, que chaque fois qu'un arrangement aura été conclu avec un Etat étranger au sujet de la reddition à cet Etat de criminels fugitifs, Sa Majesté pourra ordonner par arrêté en conseil que les dits actes s'appliqueront à l'égard de l'Etat étranger en question ; et que Sa Majesté pourra, par le même ou par un arrêté subséquent, restreindre l'opération du dit arrêté et limiter son application aux criminels fugitifs qui se trouvent ou sont supposés se trouver dans la partie des possessions de Sa Majesté spécifiées dans l'arrêté, et en rendre l'exécution sujette aux conditions, exceptions et restrictions qui pourront être jugées convenables.

Et considérant qu'un traité a été conclu le vingt-neuvième jour d'octobre mil neuf cent un, entre Sa Majesté et Sa Majesté le Roi des Belges pour l'extradition mutuelle de criminels fugitifs, lequel est rédigé comme suit :—

Sa Majesté le Roi du Royaume-Uni de la Grande-Bretagne et d'Irlande, Empereur des Indes, et Sa Majesté le Roi des Belges, ayant résolu de conclure un nouveau traité pour l'extradition des criminels, les dites hautes parties contractantes ont nommé pour leurs plénipotentiaires, à l'effet de conclure un traité dans ce but, savoir :—

Sa Majesté le Roi du Royaume-Uni de la Grande-Bretagne et d'Irlande, Empereur des Indes, Constantine Phipps, Esquire, Compagnon du Très Honorable Ordre du Bain, son Envoyé Extraordinaire et Ministre Plénipotentiaire près Sa Majesté le Roi des Belges ; et Sa Majesté le Roi des Belges, Monsieur le Baron de Favereau, Chevalier de l'Ordre de Léopold, Sénateur, son Ministre des Affaires Etrangères :

Lesquels, après s'être communiqué réciproquement leurs pleins pouvoirs, reconnus en bonne et due forme, sont convenus des articles suivants :—

## ARTICLE I.

Il est convenu que Sa Majesté Britannique et Sa Majesté le Roi des Belges, sur la demande faite en leur nom par leurs agents diplomatiques respectifs, se livreront réciproquement, sous les conditions stipulées dans le présent traité, tous les individus qui, étant poursuivis ou condamnés comme auteurs ou complices, pour l'un des crimes ou délits ci-après spécifiés, commis sur le territoire de la partie requérante, seront trouvés sur le territoire de l'autre partie :—

1. Meurtre (y compris l'assassinat, le paricide, l'infanticide, l'empoisonnement), ou tentative de meurtre, ou complot en vue de meurtre dans les cas prévus simultanément par la législation des deux pays.

2. Administration de drogues ou usage d'instruments en vue de provoquer l'avortement.

3. Homicide commis sans préméditation ou guet-apens.

13. Détournement ou dissipation frauduleux au préjudice d'autrui d'effets, deniers, marchandises, quittances, écrits de toute nature, contenant ou opérant obligation ou décharge, et qui avaient été remis à la condition de les rendre ou d'en faire un usage ou un emploi déterminé.

14. Viol.

21. Menaces d'attentat punissable d'une peine criminelle.

29. Crimes ou délits concernant la traite des esclaves en tant qu'ils sont punissables d'après les lois des deux pays.

Toutefois, l'extradition ne sera accordée dans le cas d'une personne accusée que si la perpétration du crime ou du délit est établie de telle façon que les lois du pays où le fugitif accusé sera trouvé justifieraient son arrestation et son emprisonnement si le crime ou le délit avait été commis dans ce pays; et dans le cas d'une personne prétendument condamnée, que sur la

production d'une preuve qui, d'après les lois du pays où le fugitif a été trouvé, établirait suffisamment qu'il a été condamné.

En aucun cas l'extradition ne pourra avoir lieu que lorsque le crime ou le délit sera prévu par la législation sur l'extradition en vigueur dans les deux pays.

En aucun cas, ni sous aucun prétexte que ce soit, les hautes parties contractantes ne seront obligées de livrer leurs nationaux, par naissance ou par naturalisation.

## ARTICLE II.

Dans les États de Sa Majesté Britannique, autres que les colonies ou les possessions étrangères de Sa Majesté, la manière de procéder sera la suivante :

1. S'il s'agit d'une personne accusée—

La demande d'extradition sera adressée au Premier Secrétaire d'Etat de Sa Majesté pour les Affaires Étrangères par le Ministre ou autre agent diplomatique de Sa Majesté le Roi des Belges. A cette demande seront joints un mandat d'arrêt ou autre document judiciaire équivalent, délivré par un juge ou magistrat dûment autorisé à prendre connaissance des actes imputés à l'accusé en Belgique, ainsi que les dépositions authentiques ou les déclarations faites sous serment ou sous affirmation solennelle devant ce juge ou magistrat, énonçant clairement les dits actes, et contenant outre le signalement de la personne réclamée, toutes les particularités qui pourraient servir à établir son identité.

Le dit Secrétaire d'Etat transmettra ces documents au Premier Secrétaire d'Etat de Sa Majesté Britannique pour les Affaires Intérieures, qui, par un ordre de sa main et muni de son sceau, signifiera à l'un ou l'autre magistrat de police à Londres que la demande d'extradition a été faite, et le requerra, s'il y a lieu, de délivrer un mandat pour l'arrestation du fugitif.

A la réception d'un semblable ordre du Secrétaire d'Etat, et sur la production de telle preuve qui, dans l'opinion de ce magistrat, justifierait l'émission du mandat si le crime avait été commis dans le Royaume-Uni, il délivrera le mandat requis.

Lorsque alors le fugitif aura été arrêté, il sera amené devant un magistrat compétent. Si la preuve qu'on produira est de nature à justifier, selon la loi anglaise, la mise en jugement du prisonnier, dans le cas où le crime dont il est accusé aurait été commis en Angleterre, le magistrat l'enverra en prison pour attendre le mandat du Secrétaire d'Etat, nécessaire à l'extradition, et il adressera immédiatement au Secrétaire d'Etat une attestation de l'emprisonnement avec un rapport sur l'affaire.

Après l'expiration d'un certain temps, qui ne pourra jamais être moindre de quinze jours depuis l'emprisonnement de l'accusé, le Secrétaire d'Etat, par un ordre de sa main et muni de son sceau, ordonnera que le criminel fugitif soit livré à telle personne qui sera dûment autorisée à le recevoir au nom du gouvernement de Sa Majesté le Roi des Belges.

2. S'il s'agit d'une personne condamnée—

La marche de la procédure sera la même que dans le cas d'une personne accusée, sauf que le mandat à transmettre par le Ministre ou autre agent diplomatique à l'appui de la demande d'extradition énoncera clairement le crime pour lequel la personne réclamée aura été condamnée, et mentionnera le fait, le lieu, et la date du jugement. La preuve à produire devant le magistrat sera telle que, d'après la loi anglaise, elle établirait que le prisonnier a été condamné pour le crime dont on l'accuse.

Après que le magistrat aura envoyé la personne accusée ou condamnée en prison pour attendre l'ordre d'extradition du Secrétaire d'Etat, cette personne aura le droit de réclamer une ordonnance d'habeas corpus; l'extradition doit alors être différée jusqu'après la décision de la Cour sur le renvoi de l'ordonnance, et elle ne pourra avoir lieu que si la décision est contraire au demandeur.

## ARTICLE III.

Dans les États de Sa Majesté le Roi des Belges, autres que les colonies ou possessions étrangères de sa dite Majesté, on procédera de la façon suivante :—

1. S'il s'agit d'une personne accusée—

La demande d'extradition sera adressée au Ministre des Affaires Étrangères de Sa Majesté le Roi des Belges

par le Ministre ou autre agent diplomatique de Sa Majesté Britannique ; à cette demande seront joints un mandat d'arrêt ou autre document judiciaire équivalent délivré par un juge ou magistrat dûment autorisé à prendre connaissance des actes imputés à l'accusé dans la Grande-Bretagne, ainsi que les dépositions authentiques ou les déclarations faites sous serment ou sous affirmation solennelle devant ce juge ou magistrat, énonçant clairement les dits actes, et contenant outre le signalement de la personne réclamée, toutes les particularités qui pourraient servir à établir son identité.

Le Ministre des Affaires Étrangères transmettra le mandat d'arrêt, avec les pièces annexées, au Ministre de la Justice, qui fera parvenir les documents à l'autorité judiciaire, à l'effet de voir rendre le dit mandat d'arrêt exécutoire par la Chambre du Conseil du Tribunal de Première Instance du lieu de la résidence de l'inculpé, ou du lieu où il pourra être trouvé.

L'étranger pourra réclamer la liberté provisoire dans le cas où un Belge jouit de cette faculté, et dans les mêmes conditions.

La demande sera soumise à la Chambre du Conseil.

Le gouvernement prendra l'avis de la Chambre des Mises en Accusation de la Cour d'Appel dans le ressort de laquelle l'étranger aura été arrêté.

L'audience sera publique, à moins que l'étranger ne réclame le huis-clos.

Le Ministre Public et l'étranger seront entendus. Celui-ci pourra se faire assister d'un conseil.

Dans la quinzaine à dater de la réception des pièces, elles seront renvoyées avec l'avis motivé au Ministre de la Justice, qui statuera et pourra ordonner que l'inculpé soit livré à la personne qui sera dûment autorisée au nom du gouvernement de Sa Majesté Britannique.

2. S'il s'agit d'une personne condamnée—

Le cours de la procédure sera le même que dans le cas d'une personne accusée, sauf que le jugement ou l'arrêt de condamnation délivré en original ou en expédition authentique, à transmettre par le Ministre ou l'agent diplomatique à l'appui de la demande d'extradition, énoncera clairement le crime pour lequel la personne réclamée aura été condamnée, et mentionnera le fait, le lieu, et la date du jugement. La preuve à produire sera telle que, conformément aux lois belges, elle établirait que le prisonnier a été condamné pour le crime dont on l'accuse.

#### ARTICLE IV.

Un criminel fugitif peut, cependant, être arrêté sur un mandat délivré par tout magistrat de police, juge de paix, ou autre autorité compétente dans chaque pays, à la suite d'un avis, d'une plainte, d'une preuve ou de tout autre acte de procédure qui, dans l'opinion de la personne délivrant le mandat, justifierait ce mandat, si le crime avait été commis ou la personne condamnée dans la partie des États des deux Contractants où elle exerce juridiction : Pourvu que, cependant, s'il s'agit du Royaume-Uni, l'accusé soit, dans un pareil cas envoyé aussi promptement que possible devant un magistrat compétent. Il sera relâché, tant dans le Royaume-Uni qu'en Belgique, si dans les quatorze jours une demande d'extradition n'a pas été faite par l'agent diplomatique du pays requérant, suivant le mode indiqué par les articles II et III de ce traité.

La même règle s'appliquera aux cas de personnes poursuivies ou condamnées du chef de l'un des crimes spécifiés dans ce traité, et commis en pleine mer, à bord d'un navire de l'un des deux pays, et qui viendrait dans un port de l'autre.

#### ARTICLE V.

Si endéans les deux mois à partir de la date de l'arrestation des documents suffisants n'ont pas été produits, l'individu arrêté sera mis en liberté. Il sera également mis en liberté si endéans les deux mois du jour où il a été placé à la disposition de l'agent diplomatique, il n'a pas été emmené dans le pays requérant.

#### ARTICLE VI.

Lorsqu'une personne aura été extradée par l'une des hautes parties contractantes, cette personne, jusqu'à

ce qu'elle soit rentrée dans le pays d'où elle a été extradée, ou qu'elle ait eu occasion de le faire, ne sera poursuivie pour aucun délit commis dans l'autre pays avant l'extradition, autre que celui pour lequel l'extradition a eu lieu.

#### ARTICLE VII.

Aucune personne accusée ou condamnée ne sera extradée si le délit pour lequel l'extradition est demandée est considérée par la partie requise comme un délit politique, ou un fait connexe à un semblable délit, ou si la personne prouve à la satisfaction du magistrat ou de la Cour devant laquelle elle est amenée pour l'habeas corpus, ou du Secrétaire d'État, que la demande d'extradition a été faite, en réalité, dans le but de la poursuivre ou de la punir pour un délit d'un caractère politique.

#### ARTICLE VIII.

Les mandats, dépositions, déclarations, sous serment délivrés ou recueillis dans les États de l'une des deux hautes parties contractantes, les copies de ces pièces, ainsi que les certificats ou les documents judiciaires établissant le fait de la condamnation, seront reçus comme preuve dans la procédure des États de l'autre partie, s'ils sont revêtus de la signature ou accompagnés de l'attestation d'un juge, magistrat, ou fonctionnaire du pays où ils ont été délivrés ou recueillis :

Pourvu que ces mandats, dépositions, déclarations, copies, certificats, et document judiciaires soient rendus authentiques par le serment ou affirmation solennelle d'un témoin, ou par le sceau officiel du Ministre de la Justice ou d'un autre Ministre d'État.

#### ARTICLE IX.

L'extradition n'aura pas lieu si, depuis les faits imputés, les poursuites, ou la condamnation, la prescription de l'action ou de la peine est acquise d'après les lois du pays où le prévenu s'est réfugié.

#### ARTICLE X.

Si l'individu réclamé par l'une des hautes parties contractantes, en exécution du présent traité, est aussi réclamé par une ou plusieurs autres Puissances du chef d'autres crimes commis sur leurs territoires respectifs, son extradition sera accordée à l'État dont la demande est la plus ancienne en date à moins qu'il n'existe entre les gouvernements qui l'ont réclamé un arrangement qui déciderait de la préférence, soit à raison de la gravité des crimes commis, soit à raison de tout autre motif.

#### ARTICLE XI.

Si l'individu réclamé est poursuivi ou condamné par les tribunaux du pays où il s'est réfugié, son extradition pourra être différée jusqu'à ce qu'il ait été mis en liberté selon le cours régulier de la loi.

Dans le cas où il serait poursuivi ou détenu dans le même pays à raison d'obligations par lui contractées envers des particuliers, son extradition n'en aura pas moins lieu, sauf à la partie lésée à faire valoir ses droits devant l'autorité compétente.

#### ARTICLE XII.

Tout objet trouvé en possession de l'individu réclamé au moment de son arrestation sera, si l'autorité compétente en a ainsi ordonné, saisi, pour être livré avec sa personne lorsque l'extradition aura lieu. Cette remise ne sera pas limitée aux objets acquis par vol ou banqueroute frauduleuse, mais elle s'étendra à toute chose qui pourrait servir de pièce de conviction. Elle se fera même si l'extradition, après avoir été accordée, ne peut s'accomplir par suite de l'évasion ou de la mort de l'individu réclamé.

Sont, cependant, réservés les droits des tiers sur les objets susmentionnés.

#### ARTICLE XIII.

Chacune des hautes parties contractantes supportera les frais occasionnés par l'arrestation sur son territoire, la détention, et le transport à la frontière

des personnes qu'elle consentirait à extraditer en exécution du présent traité.

## ARTICLE XIV.

Les stipulations du présent traité seront applicables aux colonies et possessions étrangères des deux hautes parties contractantes.

La demande d'extradition d'un criminel fugitif qui s'est réfugié dans une colonie ou possession étrangère de l'une des parties sera faite au Gouverneur ou au fonctionnaire principal de cette colonie ou possession par le principal Agent Consulaire de l'autre dans cette colonie ou possession ; ou, si le fugitif s'est échappé d'une colonie ou possession étrangère de la partie au nom de laquelle l'extradition est demandée, par le Gouverneur ou le fonctionnaire principal de cette colonie ou possession.

Ces demandes seront faites ou accueillies en suivant toujours, aussi exactement que possible, les stipulations de ce traité par les gouverneurs ou premiers fonctionnaires qui, cependant, auront la faculté ou d'accorder l'extradition ou d'en référer à leur gouvernement.

Sa Majesté Britannique se réserve, cependant, le droit de faire des arrangements spéciaux dans les colonies anglaises ou possessions étrangères pour l'extradition de criminels Belges qui y auraient cherché refuge, en se conformant, aussi exactement que possible, aux stipulations du présent traité.

## ARTICLE XV.

Le présent traité entrera en vigueur dix jours après sa publication dans les formes prescrites par la législation des pays respectifs.

A partir du jour où le présent traité entrera en vigueur, le Traité d'Extradition entre les deux pays du 20 mai, 1876, la Déclaration entre les Gouvernements Britannique et Belge du 23 juillet, 1877, étendant le traité du 20 mai, 1876, à certains autres délits, la Déclaration du 21 avril, 1887, modifiant l'Article 1er du traité du 20 mai, 1876, et la Convention du 27 août, 1896, portant nouvelle modification du traité du 20 mai, 1876, cesseront leurs effets ; mais le présent traité sera applicable à tous les délits prévus au traité qu'ils aient été commis avant ou après la date où il sera entré en vigueur.

Chaque partie peut en tout temps mettre fin au traité en donnant à l'autre, six mois à l'avance, avis de son intention.

## ARTICLE XVI.

Le présent traité sera ratifié, et les ratifications seront échangées à Bruxelles le plus tôt possible dans les six semaines de la date de la signature.

En foi de quoi les Plénipotentiaires respectifs ont signé ce même traité, et y ont apposé le sceau de leurs armes.

Fait à Bruxelles, le vingt-neuvième jour du mois d'octobre, de l'an de grâce mil neuf cent un.

(L. S.) CONSTANTINE PHIPPS,  
(L. S.) FAVEREAU.

Et attendu que les ratifications du dit traité ont été échangées à Bruxelles le sixième jour de décembre, mil neuf cent un :

C'est pourquoi Sa Majesté, par et de l'avis de son Conseil privé, et en vertu de l'autorité que lui confèrent les dits actes cités, ordonne et il est par le présent ordonné, que le et après le dix-septième jour de mars mil neuf cent deux, les dits actes s'appliqueront dans le cas de la Belgique, et du dit traité avec la Belgique.

Pourvu, toujours, et il est par le présent ordonné que l'opération des dits actes sera suspendue dans la Puissance du Canada, tant que les dispositions de l'acte canadien de 1886 intitulé "Acte concernant l'extradition des criminels fugitifs," y resteront en vigueur, et pas plus longtemps.

CONSIDÉRANT que la clause A. de l'article 20 des règlements concernant l'émission de licences et permis annuels pour abattre du bois de construction sur les terres fédérales au Manitoba, dans les territoires du Nord-Ouest et dans la zone du chemin de fer dans la province de la Colombie Britannique, déclare qu'un homesteader peut obtenir un permis gratuit pour couper 3,000 pieds linéaires de billes pour être employés sur son homestead, ou 6,750 pieds de bois de service M.P., dans le cas où le permissionnaire aurait fait scier le bois en bois de service ;

Et considérant qu'il a été constaté que 3,000 pieds linéaires de bois rond d'une grosseur moyenne produirait 9,250 pieds de bois scié, M.P.,—

A ces causes, il plaît au Gouverneur général en conseil, d'ordonner que la clause A. de l'article 20 des susdits règlements soit et elle est par le présent modifiée en insérant 9,250 pieds, mesure de planche, au lieu de 6,750 pieds, comme la quantité que le permissionnaire pourra recevoir de bois scié.

Le 1er de mai 1902, trois feux d'alignement seront établis par le gouvernement du Canada à Saint-Antoine de Tilly, sur la rive sud du fleuve Saint-Laurent en amont de Québec.

(a) Le feu antérieur de l'alignement de montée sera blanc fixe, à 36 pieds au-dessus de la marque de l'eau haute, et devrait être visible à 6 milles dans un petit arc de chaque côté de l'alignement. L'appareil lumineux est catoptrique.

Le phare est une tour carrée en bois, avec côtés en pente, surmontée d'une lanterne carrée en bois, et peinte en blanc, avec le toit de la lanterne rouge. Sa hauteur de la base à la girouette sur la lanterne est de 30 pieds. La tour est juste au-dessus de la marque de l'eau haute sur le côté ouest de la partie plate de la pointe Saint-Antoine, et est à une distance de 2640 pieds N. 56° O. de l'église du village de Saint-Antoine.

(b) Le feu postérieur de l'alignement de montée, qui forme aussi le feu antérieur de l'alignement de descente (indiquant la traverse au pied de la batture des Trembles) est blanc fixe, à 68 pieds au dessus de la marque de l'eau haute, et visible à 9 milles de tous les points d'approche par eau. L'appareil lumineux est dioptrique du septième ordre.

La tour est un bâtiment carré avec côtés en pente, composé d'une charpente d'acier à jour, surmontée d'une guérite de fanal en bois, et par-dessus une lanterne carrée en bois. La partie en acier est peinte en brun, la boiserie est blanche et le toit de la lanterne rouge. La hauteur de la tour de la base à la girouette sur la lanterne est de 65 pieds.

Elle repose sur un caissonnage de 5 pieds de hauteur, peinturé noir, juste au-dessus de la marque de l'eau haute sur le côté est de la pointe Saint-Antoine, et est à une distance de 826 pieds N. 88° 30' E. de la tour en premier lieu décrite.

Lat. N. 46° 40' 3"  
Long. O. 71° 34' 51"

(c) Le feu postérieur de l'alignement de descente est blanc fixe, à 203 pieds au-dessus de la marque de l'eau haute, et est visible à 16 milles de tous les points d'approche par eau. L'appareil lumineux est catoptrique.

La tour est exactement semblable à celle du feu antérieur de l'alignement de descente en dernier lieu décrit.

Cette tour repose sur le sommet de la falaise en arrière de la pointe, et est à 825 pieds S. 65° O. de celle en dernier lieu décrite. Ces deux phares et l'église de Saint-Augustin sont tous dans le même alignement.

*Instructions pour la navigation.*—Les vaisseaux qui remontent doivent conserver leur route N. 84½° O. avec les feux d'alignement de la Pointe à Basile en conjonction en arrière, jusqu'à ce qu'ils atteignent l'alignement des feux de la traverse de la pointe Saint-Antoine, position S. 65° O. en avant, alors qu'ils tournent dans cet alignement, le gardant jusqu'à ce qu'ils aient dépassé la bouée à gaz de la batture des Trembles à tribord, et alors ils doivent gouverner S. 81½° O. passé la pointe Saint-Antoine, conservant cette route jusqu'à ce qu'ils aient amené les feux d'alignement de montée en conjonction en arrière. Ils peuvent les garder en conjonction, en allant S. 88½° O., jusqu'à ce qu'ils aient passé la bouée rouge antérieure au large du banc des Ecureuils (No. 32 Q), alors qu'ils gouvernent pour prendre l'alignement des feux de Ste-Croix.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant

la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Greffier du Sénat.

49. (c.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

## ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

## RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées

ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression :

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débiteures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

*Résolu.*—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

"Au nom des Communes je présente à Votre Excellence le bill suivant :—

'Acte accordant à Sa Majesté certaines sommes de deniers pour le service public des exercices expirant respectivement le 30 juin 1902 et le 30 juin 1903.'

que je prie humblement Votre Excellence de sanctionner."

A ce bill la sanction royale a été donnée par le greffier du Sénat, par ordre de Son Excellence, dans les termes suivants :—

"Au nom de Sa Majesté, Son Excellence le Gouverneur Général remercie ses loyaux sujets, accepte leur bienveillance et sanctionne ce bill."

Après quoi il a plu à Son Excellence le Gouverneur Général de clore la DEUXIÈME SESSION DU NEUVIÈME PARLEMENT par le discours suivant :—

*Honorables Messieurs du Sénat :*

*Messieurs de la Chambre des Communes :*

En vous dispensant de prolonger votre présence au Parlement, je désire vous remercier de l'attention et du soin avec lesquels vous vous êtes acquittés de vos importants devoirs.

The unusual number of Acts that have been passed incorporating industrial and railway companies may be taken as an evidence of the rapid progress that Canada is making in wealth and prosperity. Further proof of that satisfactory condition is afforded by the increase in the trade and revenue of the country.

It has been gratifying to note the unprecedented flow of immigrants from Europe and from the United States that are now seeking homes in Manitoba and in the North-west Territories. The rapidly increasing population in that fertile section of the Dominion must yearly add to the trade of the country.

The agreement entered into with the Canadian Pacific Railway Company, when authorizing an increase of its capital, to expend over nine million dollars in providing additional rolling stock, will, it is hoped, materially diminish in the future the serious losses that have arisen from the insufficient supply of cars to carry the products of the West to Eastern ports.

The amendments made to the Manitoba Grain Act authorizing the farmers in Manitoba and in the North-west Territories to erect flat warehouses for storing their grain at railway stations will it is believed be found to serve a useful purpose, and defeat any attempt to depress prices by combinations.

The growing population in the Yukon territory and the rapid development in the trade of that section of Canada amply justify the Act granting to its residents a representative in Parliament who will be authorized to speak for his constituency in all matters affecting the more important interests of that remote part of the Dominion.

*Gentlemen of the House of Commons:*

I thank you in His Majesty's name for the liberal supplies you have granted for the public service.

*Honourable Gentlemen of the Senate:*

*Gentlemen of the House of Commons:*

In bidding you farewell, I desire to express the hope that when we meet next year we shall be able to again rejoice in the continued prosperity which now prevails over this wide Dominion.

THE SPEAKER of the Senate then said :

*Honourable Gentlemen of the Senate:*

*Gentlemen of the House of Commons:*

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Tuesday, the twenty-fourth day of June next, to be here holden, and this Parliament is accordingly prorogued until the twenty-fourth day of June next.

Le nombre extraordinaire d'Actes qui ont été passés pour constituer en corporations des compagnies industrielles et de chemins de fer, peut être considéré comme une preuve du rapide développement de la richesse et de la prospérité du Canada à l'heure actuelle. L'augmentation du commerce et du revenu du pays est une autre preuve de cet état de choses satisfaisant.

Nous avons remarqué avec plaisir qu'il vient, en plus grand nombre que jamais, des immigrants d'Europe et des Etats-Unis s'établir au Manitoba et dans les Territoires du Nord-Ouest. L'augmentation rapide de la population dans cette partie fertile du Dominion doit contribuer de plus en plus au progrès du commerce chaque année.

L'arrangement conclu avec la Compagnie du chemin de fer Canadien du Pacifique lorsqu'elle a été autorisée à augmenter son capital-actions, et en vertu duquel elle doit consacrer au delà de neuf millions de piastres à l'augmentation de son matériel roulant, aura pour effet, nous l'espérons, de diminuer considérablement à l'avenir les pertes sérieuses qui ont eu lieu par suite de l'insuffisance du nombre de wagons destinés à charroyer les produits de l'Ouest vers les ports de l'Est.

Les amendements faits à l'Acte des Grains du Manitoba autorisant les cultivateurs du Manitoba et des Territoires du Nord-Ouest à construire des entrepôts plats pour l'emmagasiner de leurs grains aux stations de chemin de fer, seront, nous le croyons, jugés opportuns et propres à empêcher les coalitions de faire baisser les prix.

L'augmentation de la population du Territoire du Yukon et le développement rapide de cette partie du Canada justifient amplement l'Acte qui accorde à ses habitants un représentant au Parlement, qui sera autorisé à parler au nom de ses commettants sur toutes les questions concernant les principaux intérêts de cette lointaine partie du Dominion.

*Messieurs de la Chambre des Communes :*

Je vous remercie, au nom de Sa Majesté, des subsides que vous avez généreusement votés pour le service public.

*Honorables Messieurs du Sénat :*

*Messieurs de la Chambre des Communes :*

En vous faisant mes adieux, je désire vous exprimer l'espoir que, lorsque nous nous réunirons l'année prochaine, nous aurons encore lieu de nous réjouir de la prospérité continue qui règne aujourd'hui dans ce vaste Dominion.

L'ORATEUR du Sénat alors dit :

*Honorables Messieurs du Sénat :*

*Messieurs de la Chambre des Communes :*

C'est le plaisir de SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL, que ce parlement soit prorogé jusqu'à mardi, le vingt-quatrième jour de juin prochain, pour être tenu en ce lieu, et ce parlement est, en conséquence, prorogé jusqu'à mardi, le vingt-quatrième jour de juin prochain.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL

WHEREAS the Lieutenant-Governor of the Province of British Columbia, with the Legislative Assembly of that Province, did, on the 11th day of May, 1901, pass a statute which has been transmitted, chaptered 80 and intitled "An Act to incorporate the Lake Bennett Railway."

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 26th day of April, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

ON a Report dated 12th April, 1902, from the Minister of the Interior, submitting that since the passing of the Order in Council of 11th September, 1901, whereby it was proposed to place under the control of the Government of the Province of Manitoba, under the provisions of section 4, chapter 47, Revised Statutes of Canada, certain lands containing an area of 28,264.01 acres, a list of lands settled on by Galicians has been filed in the Department of the Interior by the Commissioner of Immigration, covering an area of 7,520 acres, which latter area is included in the area first mentioned ; and, as such Order in Council of 11th September last had not been published four

times in the *Canada Gazette*, as required by law, before it came into force, the fourth publication was stopped, and such Order in Council is, therefore, inoperative.

The Minister submits a revised schedule of such of the lands mentioned in the said Order in Council of 11th September, 1901, as are available, which are included in the list marked "A," comprising an area of 20,744.01 acres.

The Minister, having satisfied himself of the accuracy of such Schedule "A," recommends that the lands mentioned therein be vested under the provisions of the said Act in His Majesty King Edward the Seventh, for the purposes of the Province of Manitoba, and that the Province be compensated for the 7,520 acres upon which certain settlers were inadvertently located by the Commissioner of Immigration by the granting of an equal area of available land elsewhere.

The Committee submit the same for His Excellency's approval.

JOHN J. MCGEE,  
Clerk of the Privy Council.

Tuesday, the 8th day of April, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 24th March, 1902, from the Minister of the Interior, submitting that as no general advantage has been taken of the Regulations governing the grazing of cattle on Dominion Lands within the Railway Belt in the Province of British Columbia, established by Order in Council dated 24th June, 1898; and as a number of individual applications for grazing leases for lands within the Railway Belt have been received, it is considered advisable that authority should be obtained to deal with such applications under the provisions of the Regulations for the administration of grazing lands in Manitoba and the North-west Territories.

The Minister therefore recommends that he be authorized to deal with applications for grazing lands within the Railway Belt in the Province of British Columbia and to issue leases therefor under the provisions of the Grazing Regulations for Manitoba and the North-west Territories.

The Committee submit the same for His Excellency's approval.

## NOTICE TO MARINERS.

GOVERNMENT RIFLE RANGES, McNAB'S ISLAND.

Owing to the extreme range of the Lee-Metford or Magazine Rifle, with which the musketry training of the troops will in future be conducted, and with a view to the better protection of the public, it has been found necessary to demarcate more clearly the area of water seawards, and to the south of above ranges, liable to be struck by spent or ricochet bullets.

This area has been marked by four spar buoys, placed at intervals between the Thrum Cap Shoal and the Eastern Passage, at a distance of 3000 yards from the stop butts. The buoys mark the extreme limits of the danger zone. \*The spars are painted red, and are surmounted by cross heads painted red and white.

Notice is therefore hereby given that any ship or boat passing inside these buoys, during the hours of practice, incurs serious risk, and no attempt should, under any circumstances, be made to cross the aforesaid area as long as the red flag hoisted at the south end of McNab's Island is left flying.

This notice will have effect from the 20th May, 1902.

*Messieurs de la Chambre des Communes :*

En vous dispensant de prolonger votre présence au Parlement, je désire vous remercier de l'attention et du soin avec lesquels vous vous êtes acquittés de vos importants devoirs.

Le nombre extraordinaire d'Actes qui ont été passés pour constituer en corporations des compagnies industrielles et de chemins de fer, peut être considéré comme une preuve du rapide développement de la richesse et de la prospérité du Canada à l'heure actuelle. L'augmentation du commerce et du revenu du pays est une autre preuve de cet état de choses satisfaisant.

Nous avons remarqué avec plaisir qu'il vient, en plus grand nombre que jamais, des immigrants d'Europe et des Etats-Unis s'établir au Manitoba et dans les Territoires du Nord-Ouest. L'augmentation rapide de la population dans cette partie fertile du Dominion doit contribuer de plus en plus au progrès du commerce, chaque année.

L'arrangement conclu avec la Compagnie du chemin de fer Canadien du Pacifique lorsqu'elle a été autorisée à augmenter son capital-actions, et en vertu duquel elle doit consacrer au delà de neuf millions de piastres à l'augmentation de son matériel roulant, aura pour effet, nous l'espérons, de diminuer considérablement à l'avenir les pertes sérieuses qui ont eu lieu par suite de l'insuffisance du nombre de wagons destinés à charroyer les produits de l'Ouest vers les ports de l'Est.

Les amendements faits à l'Acte des Grains du Manitoba autorisant les cultivateurs du Manitoba et des Territoires du Nord-Ouest à construire des entrepôts plats pour l'emmagasinage de leurs grains aux stations de chemin de fer, seront, nous le croyons, jugés opportuns et propres à empêcher les coalitions de faire baisser les prix.

L'augmentation de la population du Territoire du Yukon et le développement rapide de cette partie du Canada justifient amplement l'Acte qui accorde à ses habitants un représentant au Parlement, qui sera autorisé à parler au nom de ses commettants sur toutes les questions concernant les principaux intérêts de cette lointaine partie du Dominion.

Messieurs de la Chambre des Communes :

Je vous remercie, au nom de Sa Majesté, des subsides que vous avez généreusement votés pour le service public.

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

En vous faisant mes adieux, je désire vous exprimer l'espoir que, lorsque nous nous réunirons l'année prochaine, nous aurons encore lieu de nous réjouir de la prospérité continue qui règne aujourd'hui dans ce vaste Dominion.

L'ORATEUR du Sénat alors dit :

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

C'est le plaisir de SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL, que ce parlement soit prorogé jusqu'à mardi, le vingt-quatrième jour de juin prochain, pour être tenu en ce lieu, et ce parlement est, en conséquence, prorogé jusqu'à mardi, le vingt-quatrième jour de juin prochain.

ARRETÉS EN CONSEIL.

[Renv. 696422]

HOTEL DU GOUVERNEMENT A OTTAWA.

Samedi, le 26e jour d'avril 1902.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport daté le 12 d'avril 1902, du ministre de l'Intérieur, exposant que depuis la passation de l'arrêté en conseil du 11 septembre 1901, par lequel il était proposé de mettre sous le contrôle du gouvernement de la province du Manitoba, en vertu des dispositions de l'article 4, chapitre 47, Statuts Révisés du Canada, certains terrains contenant une étendue de

28,264.01 acres, une liste de terrains occupés par des Galiciens a été déposée au ministère de l'Intérieur par le Commissaire de l'immigration, renfermant une étendue de 7,520 acres, laquelle étendue est incluse dans l'étendue en premier lieu mentionnée; et, vu que cet arrêté en conseil du 11 septembre dernier n'avait pas été publié quatre fois dans la Gazette du Canada, tel le prescrit la loi, avant d'entrer en vigueur, la quatrième publication fut arrêtée, et le dit arrêté est en conséquence sans effet.

Le Ministre soumet une liste révisée des terres mentionnées au dit arrêté en conseil du 11 septembre 1901, qui sont disponibles, et sont incluses dans la liste marquée "A", renfermant une étendue de 20,744.01 acres.

Le Ministre, s'étant assuré de l'exactitude de cette liste "A", recommande que les terrains y mentionnés soient attribués, en vertu des dispositions du dit acte, à Sa Majesté le Roi Edouard Sept, pour les fins de la province du Manitoba, et que la province soit indemnisée pour les 7,520 acres sur lesquelles certains colons furent par inadvertance placés par le Commissaire de l'immigration, en lui octroyant une égale étendue de terres disponibles ailleurs.

Le comité soumet ce qui précède à l'approbation de Son Excellence.

JOHN J. MCGEE,  
Greffier du Conseil privé.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que la clause A. de l'article 20 des règlements concernant l'émission de licences et permis annuels pour abattre du bois de construction sur les terres fédérales au Manitoba, dans les territoires du Nord-Ouest et dans la zone du chemin de fer dans la province de la Colombie Britannique, déclare qu'un homesteader peut obtenir un permis gratuit pour couper 3,000 pieds linéaires de billes pour être employés sur son homestead, ou 6,750 pieds de bois de service M.P., dans le cas où le permissionnaire aurait fait scier le bois en bois de service ;

Et considérant qu'il a été constaté que 3,000 pieds linéaires de bois rond d'une grosseur moyenne produirait 9,250 pieds de bois scié, M.P.,—

A ces causes, il plaît au Gouverneur général en conseil, d'ordonner que la clause A. de l'article 20 des susdits règlements soit et elle est par le présent modifiée en insérant 9,250 pieds, mesure de planche, au lieu de 6,750 pieds, comme la quantité que le permissionnaire pourra recevoir de bois scié.

JOHN J. MCGEE,  
Greffier du Conseil privé.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant

la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

## RÈGLE SPÉCIALE DU SÉNAT.

49. (c.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

## ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

## RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les clauses des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées

ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débetures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisible et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

Tuesday, the 8th day of April, 1902

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

ON a Report dated 24th March, 1902, from the Minister of the Interior, submitting that as no general advantage has been taken of the Regulations governing the grazing of cattle on Dominion Lands within the Railway Belt in the Province of British Columbia, established by Order in Council dated 24th June, 1898; and as a number of individual applications for grazing leases for lands within the Railway Belt have been received, it is considered advisable that authority should be obtained to deal with such applications under the provisions of the Regulations for the administration of grazing lands in Manitoba and the North-west Territories.

The Minister therefore recommends that he be authorized to deal with applications for grazing lands within the Railway Belt in the Province of British Columbia and to issue leases therefor under the provisions of the Grazing Regulations for Manitoba and the North-west Territories.

The Committee submit the same for His Excellency's approval.

THE Governor General in Council is pleased to order and doth order that the provision of sub-clause (d) of clause 41 of the Regulations governing Placer Mining in the Yukon Territory, established by Order in Council of 13th March, 1901, which provides that any Free Miner or Company of Free Miners holding adjoining claims not exceeding ten in number may, notwithstanding anything in the Regulations to the contrary, work the same in partnership under the provisions of the Regulations upon filing a notice of their intention with the Mining Recorder and upon obtaining a certificate from him, for which a fee of two dollars will be charged. AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 26th day of April, 1902.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

ON a Report dated 12th April, 1902, from the Minister of the Interior, submitting that since the passing of the Order in Council of 11th September, 1901, whereby it was proposed to place under the control of the Government of the Province of Manitoba, under the provisions of section 4, chapter 47, Revised Statutes of Canada, certain lands containing an area of 28,264.01 acres, a list of lands settled on by Galicians has been filed in the Department of the Interior by the Commissioner of Immigration, covering an area of 7,520 acres, which latter area is included in the area first mentioned; and, as such Order in Council of 11th September last had not been published four

times in the *Canada Gazette*, as required by law, before it came into force, the fourth publication was stopped, and such Order in Council is, therefore, inoperative.

The Minister submits a revised schedule of such of the lands mentioned in the said Order in Council of 11th September, 1901, as are available, which are included in the list marked "A," comprising an area of 20,744.01 acres.

The Minister, having satisfied himself of the accuracy of such Schedule "A," recommends that the lands mentioned therein be vested under the provisions of the said Act in His Majesty King Edward the Seventh, for the purposes of the Province of Manitoba, and that the Province be compensated for the 7,520 acres upon which certain settlers were inadvertently located by the Commissioner of Immigration by the granting of an equal area of available land elsewhere.

The Committee submit the same for His Excellency's approval.

JOHN J. McGEE,  
Clerk of the Privy Council.

## GENERAL ORDERS.

1902.

HEAD-QUARTERS,

Ottawa, 1st May, 1902.

## IMPERIAL ARMY ORDERS.

G. O. 47.

KING'S REGULATIONS.

The following amendments to King's Regulations, promulgated in Imperial Army Orders 1st March and 1st April, 1902, are published for the information and guidance of the Militia.

(a) *Investigation of cases of injured soldiers,—*

1. The following will be substituted for paragraph 543 of the King's Regulations:—

543. When a soldier, whether on or off duty, is maimed, mutilated, or otherwise injured (except by wounds received in action), a certificate on Army Form B. 117 (*Militia Form C. 15*), will be forwarded by the medical officer in charge of the case to the man's commanding officer as soon as possible after the man's admission to hospital.

If the medical officer certifies that the injury is of a trivial character, unlikely to cause permanent ill effects, no court of inquiry will be held. Army Form B. 117 (*Militia Form C. 15*), will then be attached to the soldier's medical history sheet (Army Form B. 178, (*Militia Form B. 62*), on which it should be recorded, whether the man was on duty and whether to blame.

In the following cases a court of inquiry will be assembled to investigate the circumstances:

(1.) If the injury is certified by the medical officer to be of a serious nature.

(2.) If, in the opinion of the commanding officer, doubt exists as to the cause of the injury.

(3.) If, in the opinion of the commanding officer, it is doubtful whether the soldier was on or off duty at the time he received the injury.

(4.) In cases where for any reason it is desirable to thoroughly investigate the causes of injury.

When no evidence beyond that of the injured man is forthcoming, it should be so stated in the proceedings. The court will not give any opinion, but the soldier's commanding officer will formally record his opinion on the evidence, stating whether the man was on duty and whether to blame. The proceedings will then be sent to the General Officer Commanding for confirmation, and the latter, in case of remission of hospital stoppages, will state on the proceedings whether he has remitted the full or the half stoppages (see Allowance Regulations.) The fact that a court of inquiry has been held will be noted on the man's medical history sheet, Army Form B. 178, (*Militia Form B. 62*), and also whether the man was on duty and whether to blame or not. This document will then be passed to the medical officer, who will record his opinion, as to the effect of the injury on the man's

service. Finally, the proceedings will be attached to the man's original attestation.

2. In paragraph 595, lines 4 and 5, *dele* "who will send it back to the medical officer."

3. The following will be substituted for the second sentence of paragraph 1710 :—

"On the admission of the men, the medical officer in charge will apply to their commanding officers for their medical history sheets. They will be returned when the necessary entries have been made. The kits of men admitted to hospital will be handed over to the hospital pack store, and a receipt on Army Book 182 taken for them, but their arms and accoutrements will be left with their units."

4. At the end of paragraph 2133, *insert* (XI) Medical History Sheet, Army Form B. 178 (*Militia Form B. 62.*)

5. After paragraph 2155, *insert* the following :—

#### MEDICAL HISTORY SHEET.

2155a. 319. Medical history sheets of soldiers becoming non-effective by death will be forwarded to the War Office, and, if possible, should accompany the casualty report (Army Form A. 21.)

5. In paragraph 505, *dele* from the semi-colon, in line 3, to the end of the paragraph. (Army Order 59 of 1st March, 1902.)

*Prisoners of War—Courts of Inquiry.*—The following will be substituted for paragraph 544, King's Regulations, as amended by Army Order 208 of 1900 :—

544. Whenever officers or soldiers are taken prisoners by an enemy, a court of inquiry, under Rule of Procedure 124 (promulgated by Army Order 88 of 1902), will be assembled under local arrangements to inquire into the conduct of the senior officer or soldier of the party, and, if the General Officer Commanding considers it desirable, into the conduct of any other officers or soldiers of the party.

The court of inquiry will be held as soon as possible after the return of the prisoners.

When in consequence of the assembling of a court of inquiry, an opinion adverse to the character or military reputation of any officer or soldier is formed by the officer who determines the case so inquired

into, the adverse opinion shall be communicated to the officer or soldier against whom it has been given.

The proceedings will be forwarded to the War Office. (Army Order No. 69 of 1st April, 1902.)

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

**C**ONSIDÉRANT que le lieutenant-gouverneur du Manitoba en conseil a fait arpenter un chemin public sur le quart sud-est de la section 16, township 19, rang 28 à l'ouest du 1er méridien, et que le dit arpentage a été approuvé par un arrêté du dit lieutenant-gouverneur en conseil daté le 27 décembre 1901, et que des copies du plan du dit arpentage ont été déposées au bureau d'enregistrement pour le district de Portage-la-Prairie, et au ministère de l'Intérieur ;

Samedi, le 26e jour d'avril 1902.

PRÉSENT :

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

**S**UR un rapport daté le 12 d'avril 1902, du ministre de l'Intérieur, exposant que depuis la passation de l'arrêté en conseil du 11 septembre 1901, par lequel il était proposé de mettre sous le contrôle du gouvernement de la province du Manitoba, en vertu des dispositions de l'article 4, chapitre 47, Statuts Révisés du Canada, certains terrains contenant une étendue de

28,264.01 acres, une liste de terrains occupés par des Galiciens a été déposée au ministère de l'Intérieur par le Commissaire de l'immigration, renfermant une étendue de 7,520 acres, laquelle étendue est incluse dans l'étendue en premier lieu mentionnée; et, vu que cet arrêté en conseil du 11 septembre dernier n'avait pas été publié quatre fois dans la *Gazette du Canada*, tel le prescrit la loi, avant d'entrer en vigueur, la quatrième publication fut arrêtée, et le dit arrêté est en conséquence sans effet.

Le Ministre soumet une liste révisée des terres mentionnées au dit arrêté en conseil du 11 septembre 1901, qui sont disponibles, et sont incluses dans la liste marquée "A", renfermant une étendue de 20,744.01 acres.

Le Ministre, s'étant assuré de l'exactitude de cette liste "A", recommande que les terrains y mentionnés soient attribués, en vertu des dispositions du dit acte, à Sa Majesté le Roi Edouard Sept, pour les fins de la province du Manitoba, et que la province soit indemnisée pour les 7,520 acres sur lesquelles certains colons furent par inadvertance placés par le Commissaire de l'immigration, en lui octroyant une égale étendue de terres disponibles ailleurs.

Le comité soumet ce qui précède à l'approbation de Son Excellence.

JOHN J. MCGEE,  
Greffier du Conseil privé.

## HOTEL DU GOUVERNEMENT A OTTAWA.

Mardi, le 8e jour d'avril 1902.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que la clause A. de l'article 20 des règlements concernant l'émission de licences et permis annuels pour abattre du bois de construction sur les terres fédérales au Manitoba, dans les territoires du Nord-Ouest et dans la zone du chemin de fer dans la province de la Colombie Britannique, déclare qu'un homesteader peut obtenir un permis gratuit pour couper 3,000 pieds linéaires de billes pour être employés sur son homestead, ou 6,750 pieds de bois de service M.P., dans le cas où le permissionnaire aurait fait scier le bois en bois de service ;

Et considérant qu'il a été constaté que 3,000 pieds linéaires de bois rond d'une grosseur moyenne produirait 9,250 pieds de bois scié, M.P.,—

A ces causes, il plaît au Gouverneur général en conseil, d'ordonner que la clause A. de l'article 20 des susdits règlements soit et elle est par le présent modifiée en insérant 9,250 pieds, mesure de planche, au lieu de 6,750 pieds, comme la quantité que le permissionnaire pourra recevoir de bois scié.

## ORDRES GÉNÉRAUX.

1902.

QUARTIER GÉNÉRAL,

Ottawa, 1er mai 1902.

## ORDRES IMPÉRIAUX DE L'ARMÉE.

O. G. 47.

ORDONNANCES DU ROI.

Les modifications suivantes, apportées aux Ordonnances du Roi, promulguées dans les Ordres Impériaux de l'Armée du 1er mars et 1er avril 1902, sont publiées pour le renseignement et la gouverne de la Milice.

(a) Enquêtes dans les cas de soldats blessés,—

1. Ce qui suit sera substitué au paragraphe 543 des Ordonnances du Roi :—

543. Lorsqu'un soldat, en devoir ou non, est estropié, mutilé, ou autrement blessé (sauf par des blessures reçues en action), un certificat en la formule de l'Armée B. 117 (formule de la Milice C. 15) sera transmis par l'officier de santé en charge du cas à l'officier commandant du soldat aussitôt que possible après l'admission du soldat à l'hôpital.

Si l'officier de santé certifie que la blessure est légère, et n'est pas de nature à causer une incapacité permanente, il ne sera pas tenu d'enquête. La formule de l'Armée B. 117 (formule de la Milice C. 15) sera alors attachée à la feuille historique de santé du soldat, (formule de l'Armée B. 178 (formule de la Milice B. 62) sur laquelle il sera dit si le soldat était en devoir, ou s'il était en faute.

Dans les cas suivants un conseil d'enquête sera assemblé pour examiner les circonstances :—

(1.) Si l'officier de santé certifie que la blessure est grave ;

(2.) Si l'officier commandant est d'avis qu'il existe quelque doute quant à la cause de la blessure ;

(3.) Si l'officier commandant est d'avis qu'il est douteux que le soldat était en devoir ou non lorsqu'il a reçu la blessure ;

(4.) Dans les cas où il est désirable pour quelque raison d'examiner les causes de la blessure.

S'il n'existe pas d'autre preuve que celle du soldat blessé, le fait sera énoncé dans le procès-verbal. Le conseil n'exprimera pas d'opinion, mais l'officier commandant du soldat insérera formellement son opinion sur la preuve, disant si l'homme était en devoir ou en faute. Le procès-verbal sera alors envoyé à l'officier général commandant pour être confirmé, et ce dernier, dans le cas de remise des retenues d'hôpital, énoncera sur le procès-verbal s'il a remis complètement ou partiellement les retenues (voir Règlements concernant les indemnités). Le fait qu'un conseil d'enquête a été tenu sera noté sur la feuille historique de l'homme, formule de l'Armée B. 178 (formule de la Milice B. 62), et aussi si l'homme était en devoir et s'il était en faute ou non. Ce document sera alors passé à l'officier de santé, qui enregistrera son opinion, quant à l'effet de la blessure sur le service de l'homme. Finalement, le procès-verbal sera attaché à l'attestation originale de l'homme.

2. Au paragraphe 595, lignes 4 et 5, retranchez "who will send it back to the medical officer."

3. Ce qui suit sera substitué à la deuxième sentence du paragraphe 1710 :—

"A l'admission des hommes, l'officier de santé en charge s'adressera à leurs officiers commandants pour obtenir leurs feuilles historiques de santé. Ces dernières seront renvoyées après que les inscriptions

nécessaires y auront été faites. Les petits équipements des hommes admis à l'hôpital seront délivrés au magasin de l'hôpital, et un récépissé sera pris pour ces objets selon le livret de l'Armée 182, mais leurs armes et grand équipement seront laissés avec leurs unités."

4. A la fin du paragraphe 2133 *insérez* (XI). Feuille historique de santé, formule de l'Armée B. 178 (formule de la Milice B. 62).

5. Après le paragraphe 2155 *insérez* ce qui suit :—

#### FEUILLE HISTORIQUE DE SANTÉ.

2155a. Les officiers commandants des districts régimentaires feront les inscriptions suivantes sur les feuilles historiques de santé :—Les numéros matricules, la date et le lieu de l'enrôlement ; les transferts à d'autres corps, et les dates des arrivées aux stations et des départs, ou de l'embarquement dans les transports et du débarquement.

(b) *Instituts de garnison et régimentaires—Vente de spiritueux aux enfants, défendue.*—Ce qui suit sera inséré à la fin du paragraphe 1013 des Ordonnances du Roi :—

"Il ne sera pas délivré de liqueur enivrante d'aucune sorte à aucune personne au-dessous de 14 ans."

(c) *Officiers et soldats portant des lunettes.*—Il est permis aux officiers et soldats des troupes régulières de porter des lunettes, en devoir ou non. Cet ordre ne s'applique pas aux épreuves de la vue des aspirants à des commissions et aux recrues à l'enrôlement. (Ordre de l'Armée No. 43 du 1er mars 1902).

#### RÈGLEMENTS DE SANTÉ.

*Modifications.*—Les modifications suivantes seront faites aux Règlements concernant les services de santé de l'Armée :—

2. Ce qui suit sera substitué aux paragraphes 317, 318 et 319 :—

317. Lorsqu'un soldat est admis à l'hôpital, sa feuille historique de santé (formule de l'Armée B. 173) l'accompagnera, et, à sa libération, elle sera retournée à son officier commandant.

318. Les officiers de santé feront les inscriptions suivantes sur les feuilles historiques de santé :—Toutes les admissions à l'hôpital, et à la liste des malades, dans le cas d'officiers brevetés soignés en logements. Le traitement spécial en dehors de l'hôpital, tel que les injections extra-musculaires de mercure. Les détails, concernant la vaccination et la ré vaccination, les inoculations prophylactiques, les conseils d'enquête (voir Ordonnances du Roi), et les distributions et réparations d'appareils chirurgicaux.

319. Les feuilles historiques de santé des soldats devenus non-valides par la mort seront transmises au War Office, et, si la chose est possible devront accompagner le rapport des accidents (formule de l'Armée A. 21).

3. Au paragraphe 505, retranchez depuis le point et virgule, dans la ligne 3, jusqu'à la fin du paragraphe (Ordre de l'Armée 59 du 1er mars 1902).

*Prisonniers de guerre—Conseils d'enquête.*—Ce qui suit sera substitué au paragraphe 544, Ordonnances du Roi, tel que modifié par l'Ordre de l'Armée 208 de 1900 :—

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant

la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

## RÈGLE SPÉCIALE DU SÉNAT.

49. (c.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

## ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

## RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les clauses des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

THE Governor General in Council has been pleased to order that the Regulations for the disposal of coal lands the property of the Dominion Government in Manitoba, the North-west Territories and British Columbia, established by the Order in Council of the 17th September, 1889, and amended by subsequent Orders in Council, shall be and the same are hereby rescinded, and the following Regulations substituted therefor :—

Lands containing anthracite coal may be sold at an upset price of \$20 per acre, and coal other than anthracite at an upset price of \$10 per acre or may be sold by public competition if the Minister of the Interior shall so decide. Payment for the land in cash or scrip shall be made when the application is granted or payment may be made of one quarter of the purchase price only and the balance in three equal annual instalments with interest at the rate of five per cent per annum upon the unpaid balance. Scrip, however, cannot be accepted unless payment is made in full at the time of the sale. If payment is not made accordingly the right to purchase will be cancelled.

2. In addition to the above a royalty at the rate of ten cents per ton of 2,000 pounds will be levied and collected on the output of the mine, and it will be necessary for the person operating a mine to furnish the Agent of Dominion Lands with sworn returns monthly, or at such times as the Minister of the Interior may direct, accounting for the full quantity of coal mined, and pay the royalty thereon at the above rate.

3. Default in payment of such royalty, if continued for ten days after notice has been posted at the mine in respect of which it is demanded, or in the vicinity of such mine, by the Agent of Dominion Lands or by his direction, shall be followed by cancellation of the

sale. In case of such cancellation no payments which have been made on account of the purchase will be refunded.

4. The patent which may be issued for coal lands will be made subject to the payment of the above royalty, and provision will be made therein that the Minister of the Interior may declare the patent to be null and void for default in the payment of the royalty on the coal mined.

Any attempt to defraud the Crown by withholding any part of the revenue thus provided for, by making false statement of the amount taken out, shall be punished by cancellation of the sale of the land in respect of which fraud or false statements have been committed or made, and the Minister of the Interior may for the same cause, declare the patent which may have been issued for the land to be null and void. In respect to the facts as to such fraud or false statements or non-payment of royalty, the decision of the Minister of the Interior shall be final.

5. Not more than three hundred and twenty acres shall be sold to one applicant.

6. When there is more than one applicant for the same coal location, the Minister of the Interior may invite competition between the several applicants, or offer the land for sale at public competition by tender or by auction, as he may think expedient, at the upset price of coal lands.

7. The boundaries beneath the surface of coal mining locations shall be vertical planes or lines in which their surface boundaries lie.

8. A fee of \$5.00 shall accompany each application to purchase, which will be applied on account of payment for the land if the sale is carried out, and will be refunded if the land applied for is not available, but not otherwise.

*Lands patented or entered, on which the coal mining rights have been reserved.*

9. (a) Any person or persons desirous of obtaining permission to prospect for minerals on lands that have been patented or entered and on which the mining rights have been reserved, shall make application therefor to the Minister of the Interior.

(b) Such application shall be in writing, defining clearly the area applied for, which area must not exceed 320 acres.

(c) If the Minister of the Interior sees no objection to the application being granted, the applicant will upon payment of a fee of \$10 be given permission to prospect upon furnishing the Minister with proof that he has complied with the provisions of the following subsection.

(d) The applicant shall enter into a bond, with two sureties to the satisfaction of the Department of the Interior, to recompense the owner or occupant of the soil for damages that may be done to his lands.

(e) If the proprietor of lands so entered upon shall seek damages, he shall, before the end of two months after the expiration of the permission given, make his claim in writing against the prospector detailing the particulars and amount of claim; and if the claim is not adjusted by agreement between the parties within one month after notice thereof as aforesaid, it shall be settled by arbitration in the manner prescribed in sections 13 and 14 of these Regulations.

10. No permission to prospect shall authorize entry upon any buildings or the curtilage appertaining to any house, store, barn or building, or upon any garden, orchard, or ground reserved for ornament, or under cultivation by growing crops, and inclosed, except with the consent of the occupier or permission from the Minister of the Interior upon special application setting forth the circumstances under which the same is applied for, and on such terms as the case may require.

11. If, at the expiration of the period for which permission has been given to prospect on lands, it be desired to acquire the mining rights thereunder, they will be sold at the rate and on the terms prescribed by the Mining Regulations, less the price ruling for surface rights in the class in which the lands may be situated.

12. If the occupier of the lands has not received a patent therefor, the purchase money of the surface rights shall be paid to the Crown, and a patent of the

surface rights will issue to the party who acquired the mining rights. The money so collected will either be refunded to the occupier of the land, when he is entitled to a patent therefor, or will be credited to him on account of payment for land.

13. When the party obtaining the mining rights to land cannot make any arrangement with the owner or his agent or the occupant thereof for the acquisition of the surface rights, it shall be lawful for him to give notice to the owner or his agent or the occupier to appoint an arbitrator to act with another arbitrator named by him, in order to award the amount of compensation to which the owner or occupant shall be entitled. The notice mentioned in this section shall be according to a form to be obtained upon application from the Agent of Dominion Lands for the district in which the lands in question lie, and shall, when practicable, be personally served on such owner, or his agent if known, or occupant; and after reasonable efforts have been made to effect personal service, without success, then such notice shall be served by leaving it at, or sending by registered letter to, the last place of abode of the owner, agent or occupant. Such notice shall be served, if the owner or agent resides in the district in which the land is situated, ten days, if out of the district and within the province, twenty days, and if out of the province, thirty days, before the expiration of the time limited in such notice. If the proprietor refuses or declines to appoint an arbitrator, or when for any other reason, no arbitrator is appointed by the proprietor in the time limited therefor in the notice provided for by this section, the Agent of Dominion Lands for the district in which the lands in question lie shall, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent or occupant, appoint an arbitrator on his behalf.

14. (a) All the arbitrators appointed under the authority of these Regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and they shall forthwith proceed to estimate the reasonable damages which the owner or occupant of such lands according to their several interests therein shall sustain by reason of such prospecting and mining operations.

(b) In estimating such damage, the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals therein.

(c) In case such arbitrators cannot agree, they may select a third arbitrator, and when the two arbitrators cannot agree upon a third arbitrator the Agent of Dominion Lands for the district in which the lands in question lie shall select such third arbitrator.

(d) The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the lands lie.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 26th day of April, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

ON a Report dated 12th April, 1902, from the Minister of the Interior, submitting that since the passing of the Order in Council of 11th September, 1901, whereby it was proposed to place under the control of the Government of the Province of Manitoba, under the provisions of section 4, chapter 47, Revised Statutes of Canada, certain lands containing an area of 28,264.01 acres, a list of lands settled on by Galicians has been filed in the Department of the Interior by the Commissioner of Immigration, covering an area of 7,520 acres, which latter area is included in the area first mentioned; and, as such Order in Council of 11th September last had not been published four

times in the *Canada Gazette*, as required by law, before it came into force, the fourth publication was stopped, and such Order in Council is, therefore, inoperative.

The Minister submits a revised schedule of such of the lands mentioned in the said Order in Council of 11th September, 1901, as are available, which are included in the list marked "A," comprising an area of 20,744.01 acres.

The Minister, having satisfied himself of the accuracy of such Schedule "A," recommends that the lands mentioned therein be vested under the provisions of the said Act in His Majesty King Edward the Seventh, for the purposes of the Province of Manitoba, and that the Province be compensated for the 7,520 acres upon which certain settlers were inadvertently located by the Commissioner of Immigration by the granting of an equal area of available land elsewhere.

The Committee submit the same for His Excellency's approval.

JOHN J. MCGEE,  
Clerk of the Privy Council.

## AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 8th day of April, 1902.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

ON a Report dated 24th March, 1902, from the Minister of the Interior, submitting that as no general advantage has been taken of the Regulations governing the grazing of cattle on Dominion Lands within the Railway Belt in the Province of British Columbia, established by Order in Council dated 24th June, 1898; and as a number of individual applications for grazing leases for lands within the Railway Belt have been received, it is considered advisable that authority should be obtained to deal with such applications under the provisions of the Regulations for the administration of grazing lands in Manitoba and the North-west Territories.

The Minister therefore recommends that he be authorized to deal with applications for grazing lands within the Railway Belt in the Province of British Columbia and to issue leases therefor under the provisions of the Grazing Regulations for Manitoba and the North-west Territories.

The Committee submit the same for His Excellency's approval.

PRÉSENT :

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL a plu au Gouverneur général en conseil d'ordonner que les règlements concernant la vente de terrains houillers appartenant au gouvernement fédéral dans le Manitoba, les territoires du Nord-Ouest et la Colombie Britannique, établis par l'arrêté en conseil du 17 de septembre 1889, et modifiés par des arrêtés en conseil subséquents, soient et ils sont par le présent rescindés et remplacés par les règlements suivants :—

## VENTE DES TERRAINS HOUILLERS APPARTENANT AU GOUVERNEMENT DU CANADA, DANS LE MANITOBA, LES TERRITOIRES DU NORD OUEST ET LA COLOMBIE BRITANNIQUE.

1. Des terres contenant de la houille anthracite pourront être vendues à une mise à prix de \$20 l'acre, et celles contenant de la houille autre que de l'anthracite à une mise à prix de \$10 l'acre, ou pourront être vendues à l'enchère publique si le ministre de l'Intérieur le décide ainsi. Le paiement pour le terrain se fera soit au comptant soit en srip lorsque la demande est acceptée, ou un quart seulement du prix d'achat pourra être payé, et la balance en trois versements égaux annuels, avec intérêt au taux de six pour cent par année sur la balance impayée. Toutefois, le srip ne peut être accepté que si le plein montant est payé lors de la vente. Si le paiement n'est pas fait de cette manière le droit d'acheter sera annulé.

2. En sus de ce qui précède, un droit régalien au taux de dix centins par tonne de 2,000 livres, sera imposé et prélevé sur le rendement brut de la

mine, et la personne qui exploite la mine devra fournir à l'agent des terres fédérales des états mensuels assermentés, ou à telles époques que le ministre de l'Intérieur fixera, rendant compte de l'entière quantité de houille extraite, et payer le droit régalien là-dessus au taux susdit.

3. Si ce droit régalien n'est pas payé sous dix jours après qu'avis aura été affiché à la mine au sujet de laquelle il est demandé, ou dans le voisinage de cette mine par l'agent des terres fédérales, ou par ses ordres, la vente sera annulée. Dans le cas de telle annulation nuls paiements qui auraient pu être faits à compte de l'achat ne seront remboursés.

4. La patente qui sera délivrée pour ces terrains houillers portera pour condition le paiement du susdit droit régalien, et une clause y sera insérée à l'effet que le ministre de l'Intérieur pourra déclarer la patente nulle et sans effet pour cause de non paiement du droit régalien sur la houille extraite.

Toute tentative de frauder la Couronne en retenant une partie du revenu ainsi établi en faisant de fausses déclarations du montant extrait, sera punie par l'annulation de la vente du terrain au sujet duquel la fraude ou les fausses déclarations est commise ou sont faites, et le ministre de l'Intérieur, pour la même cause, pourra déclarer nulle et sans effet la patente qui a été délivrée pour le terrain. Quant aux faits touchant cette fraude ou ses fausses déclarations ou non paiement du droit régalien, la décision du ministre de l'Intérieur sera définitive.

5. Il ne sera pas vendu plus de trois cent vingt acres à un seul et même réclamant.

6. S'il y a plus d'un réclamant pour la même concession houillère, le ministre de l'Intérieur pourra demander des soumissions des divers requérants, ou des soumissions publiques, ou l'offrir en vente à l'enchère, selon qu'il le jugera à propos, à la mise à prix des terrains houillers.

7. Les limites des terrains loués sous la surface du sol seront définies par les lignes ou plans verticaux des limites tirées à la surface.

8. Un honoraire de \$5 accompagnera chaque demande d'achat, lequel honoraire sera appliqué à compte du paiement de la terre si la vente est exécutée, et sera remboursé si la terre demandée n'est pas disponible, mais non autrement.

*Terres occupées par lettres patentes ou par suite d'inscription, sur lesquelles les droits de mine ont été réservés.*

9. (a) Toute personne ou personnes qui désirera ou désireront obtenir la permission de rechercher des minéraux sur des terres occupées par lettres patentes ou par suite d'inscription, ou sur lesquelles les droits miniers ont été réservés, en fera ou feront la demande au ministre de l'Intérieur.

(b) Cette demande devra se faire par écrit et définir clairement l'étendue demandée laquelle ne devra pas excéder 320 acres.

(c) Si le ministre de l'Intérieur ne voit pas d'objection à ce que la demande soit accordée, le requérant, sur paiement d'un honoraire de \$10, aura la permission de faire des explorations en donnant au ministre de l'Intérieur la preuve qu'il s'est conformé aux dispositions du paragraphe suivant.

(d) Le requérant devra fournir un cautionnement et deux cautions, à la satisfaction du Ministère de l'Intérieur, qu'il indemniser la propriétaire ou l'occupant du sol des dommages qui pourront être causés à ses terres.

(e) Si le propriétaire des terres sur lesquelles on aura ainsi pénétré, réclame des dommages, il devra dans le cours des deux mois qui suivront l'expiration de la permission, faire sa réclamation par écrit contre le prospecteur en y donnant les détails et le montant réclamé ; et si la réclamation n'est pas réglée de gré à gré dans un mois après qu'avis en aura été donné comme susdit, elle le sera par arbitrage en la manière prescrite dans les articles 13 et 14 des présents règlements.

10. Nulle permission de faire des recherches n'autorisera celui qui en sera le porteur de pénétrer dans quelques bâtiments ou dans la cour d'aucune maison, magasin, grange ou construction ou dans aucun jardin, verger, ou des terrains réservés pour l'ornementation

ou sur lesquels il croîtra des récoltes et qui seront enclos, sauf du consentement de l'occupant ou avec la permission du ministre de l'Intérieur sur une demande spéciale énonçant les circonstances en vertu desquelles elle est faite et à telles conditions que le cas pourra l'exiger.

11. Si à l'expiration de la période pendant laquelle une permission de faire des recherches sur les terres a été accordée, on désire acquérir les droits miniers sur ces terres, ces derniers seront vendus au taux et d'après les conditions prescrites par les règlements miniers, moins le prix courant des droits de surface dans la classe à laquelle les terres pourront appartenir.

12. Si l'occupant des terres n'en a pas reçu de lettres patentes, le prix d'achat des droits de surface devra être payé à la Couronne, et des lettres patentes pour les droits de surface seront délivrées à la personne qui aura acquis les droits miniers. L'argent ainsi perçu sera remboursé à l'occupant de la terre, lorsqu'il aura droit à des lettres patentes, ou lui sera créditée à compte du paiement de la terre.

13. Lorsque la personne qui aura obtenu des droits miniers sur des terres ne pourra s'entendre avec le propriétaire ou son agent, ou l'occupant de ces terres relativement à l'acquisition des droits de surface, il lui sera loisible de donner avis au propriétaire ou à son agent ou à l'occupant de nommer un arbitre lequel procédera avec celui qu'il nommera lui-même à fixer le montant de l'indemnité à laquelle le propriétaire ou l'occupant aura droit. L'avis mentionné dans le présent article sera fait d'après une formule qui pourra être obtenue en en faisant la demande à l'agent des terres fédérales pour le district dans lequel ces terres se trouvent situées; cet avis devra, quand la chose sera possible, être signifié personnellement au propriétaire ou à son agent s'il est connu, ou à l'occupant; et après qu'il aura été fait des tentatives raisonnables pour signifier personnellement l'avis sans y réussir, la signification devra alors se faire en laissant cet avis au dernier domicile du propriétaire, de l'agent ou de l'occupant ou en le lui adressant par lettre enregistrée. Le délai de la signification de l'avis sera de dix jours si le propriétaire ou l'agent réside dans le district où se trouvera située la terre, il sera de vingt jours s'il réside en dehors du district, mais dans la province, et de trente jours, s'il réside hors de la province. Si le propriétaire refuse ou néglige de nommer un arbitre ou si pour toute autre raison, aucun arbitre n'est nommé par le propriétaire dans le délai fixé à cet effet, dans l'avis prescrit par le présent article, l'agent des terres fédérales pour le district dans lequel se trouvent situées les terres en question devra, lorsqu'il lui sera démontré par un affidavit que le propriétaire ou son agent, ou l'occupant a eu connaissance de l'avis ou que ce propriétaire, son agent, ou cet occupant en évite à dessein la signification, ou qu'on ne peut le trouver, que des efforts raisonnables ont été tentés pour faire cette signification et que l'avis a été laissé à sa dernière résidence, nommer un arbitre pour lui.

14. (a) Tous les arbitres nommés sous l'autorité des présents règlements prêteront serment devant un juge de paix de remplir d'une manière impartiale les devoirs qui leur seront assignés, et ils procéderont immédiatement à faire l'estimation des dommages raisonnables que les propriétaires ou les occupants de ces terres, selon les divers intérêts qu'ils y auront, souffriront par suite de ces explorations.

(b) Dans l'estimation de ces dommages, les arbitres détermineront la valeur de la terre, sans tenir compte de l'augmentation provenant de l'existence des minéraux.

(c) Au cas où ces arbitres ne s'accorderaient pas, ils pourront en choisir un troisième; et si les deux arbitres ne pouvaient s'entendre quant à la nomination de ce troisième arbitre, l'agent des terres fédérales pour le district où se trouveront situées les terres en question, le choisira.

(d) La sentence de deux des arbitres, rédigée par écrit, sera finale et elle devra être produite au bureau de l'agent des terres fédérales pour le district dans lequel les terres se trouveront situées.

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

**S**UR un rapport daté le 12 d'avril 1902, du ministre de l'Intérieur, exposant que depuis la passation de l'arrêté en conseil du 11 septembre 1901, par lequel il était proposé de mettre sous le contrôle du gouvernement de la province du Manitoba, en vertu des dispositions de l'article 4, chapitre 47, Statuts Révisés du Canada, certains terrains contenant une étendue de 28,264.01 acres, une liste de terrains occupés par des Galiciens a été déposée au ministère de l'Intérieur par le Commissaire de l'immigration, renfermant une étendue de 7,520 acres, laquelle étendue est incluse dans l'étendue en premier lieu mentionnée; et, vu que cet arrêté en conseil du 11 septembre dernier n'avait pas été publié quatre fois dans la *Gazette du Canada*, tel le prescrit la loi, avant d'entrer en vigueur, la quatrième publication fut arrêtée, et le dit arrêté en conséquence sans effet.

Le Ministre soumet une liste révisée des terres mentionnées au dit arrêté en conseil du 11 septembre 1901, qui sont disponibles, et sont incluses dans la liste marquée "A", renfermant une étendue de 20,744.01 acres.

Le Ministre, s'étant assuré de l'exactitude de cette liste "A", recommande que les terrains y mentionnés soient attribués, en vertu des dispositions du dit acte, à Sa Majesté le Roi Edouard Sept, pour les fins de la province du Manitoba, et que la province soit indemnisée pour les 7,520 acres sur lesquelles certains colons furent par inadvertance placés par le Commissaire de l'immigration, en lui octroyant une égale étendue de terres disponibles ailleurs.

Le comité soumet ce qui précède à l'approbation de Son Excellence.

JOHN J. MCGEE,  
Greffier du Conseil privé.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, provenant du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant

la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Greffier du Sénat.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

## RÈGLE SPÉCIALE DU SÉNAT.

49. (c.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

## ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

## RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les clauses des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées

ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débetures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

*Résolu.*—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

## An Act to amend the provision with regard to Tolls of chapter 1 of the statutes of 1881, respecting the Canadian Pacific Railway.

[Assented to 15th May, 1902.]

Preamble.

1881, c. 1.

**W**HEREAS in and by section 20 of schedule "A" to the Act respecting the Canadian Pacific Railway, chapter 1 of the statutes of 1881, it is provided as follows :—

"The limit to the reduction of tolls by the Parliament of Canada provided for by the eleventh subsection of the 17th section of *The Consolidated Railway Act*, 1879, respecting Tolls is hereby extended, so that such reduction may be to such an extent that such tolls when reduced shall not produce less than ten per cent per annum profit on the capital actually expended in the construction of the railway, instead of not less than fifteen per cent per annum profit, as provided by the said subsection; and so also that such reduction shall not be made unless the net income of the company, ascertained as described in said subsection, shall have exceeded ten per cent per annum instead of fifteen per cent per annum as provided by the said subsection. And the exercise by the Governor in Council of the power of reducing the tolls of the company as provided by the tenth subsection of said section seventeen is hereby limited to the same extent with relation to the profit of the company, and to its net revenue, as that to which the power of Parliament to reduce tolls is limited by said subsection eleven as hereby amended ;"

And whereas the said company has applied for the approval of the Governor in Council, under the provisions of *The Railway Act*, of an increase of its capital stock by \$20,000,000, that is to say, from \$65,000,000 to \$85,000,000, for the purposes of meeting the financial requirements of the company in respect of the increase of rolling stock, the enlargement of the workshops at Montreal and elsewhere, the reduction of the grades and the improvements of the road, the laying down of

a second track on portions of the company's lines, and the providing of additional grain elevators and other facilities so as to enable the company better to meet the commercial requirements of the country, such requirements being approximately as follows :—

For rolling stock.....	\$ 9,070,000
For the enlargement of shop facilities at Montreal and elsewhere, reduction of grades and improvement of alignment and double tracking.....	8,400,000
For elevators, terminals and other facilities .....	3,000,000
	<hr/>
	\$20,470,000

And whereas the Governor in Council has duly approved of such increase of the capital stock of the Company, subject, however, to the following conditions:—That the said \$20,000,000 of stock shall not, nor shall any part thereof, nor shall any moneys arising therefrom—no matter how disposed of—be deemed capital expended in the construction of the railway within the meaning of the said section 20; that the power of the Parliament of Canada or the Governor in Council to reduce the tolls upon the railway of the company, shall in no wise be affected by such increase of capital stock in whole or in part, nor by the expenditure of any such moneys in the construction of the railway or otherwise, but the same shall be excluded from consideration in determining the amount of capital actually expended in the construction of the railway; and, further, that no portion of the said \$20,000,000 of stock shall be issued at less than its par value;

And whereas the Company has accepted the said conditions, and acquiesces and concurs in this legislation;

Therefore His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows :—

1. The said additional \$20,000,000 of stock of the said Company shall not, nor shall any part thereof, nor shall any moneys arising therefrom, no matter how disposed of, be deemed capital expended in the construction of the railway within the meaning of the said section 20; and the power of the Parliament of Canada or the Governor in Council to reduce tolls upon the railway of the Company shall in no wise be affected by such increase of capital stock in whole or in part, nor in the expenditure of any such moneys, in the construction of the railway or otherwise, but the same shall be excluded from consideration in determining the amount of capital actually expended in the construction of the railway.

New stock not to be deemed capital expended on construction.

2. No portion of the said \$20,000,000 of stock shall be issued at less than its par value.

Not to be issued below par.

3. The moneys arising from the sale of the said \$20,000,000 of stock shall be expended as follows, that is to say: The proceeds of \$9,000,000 of the said stock shall be expended for rolling stock, and the proceeds of the remaining \$11,000,000 of stock shall be expended approximately for the other purposes mentioned in the above recital, and separate and distinct accounts shall be kept by the Company showing the receipts for and in respect of such stock and the purposes for which they are expended: Provided, however, that if the Company so desires, it may expend for rolling stock any portion of the moneys arising from the sale of the said \$11,000,000 of stock if it is found that the proceeds of the said \$9,000,000 of stock are not sufficient for that purpose.

*Information for electors.*

The following is the qualification of electors as prescribed by the Parliament of Canada.

(*Here insert section 4 of this Act.*)

If any elector finds that his name is not on the voters' list of the polling division to which he belongs he may apply to the enumerator, not later than two days before the polling day, to have his name added to the said list.

Each elector may vote only at one polling station and for one candidate within the same electoral district.

The elector will go into one of the compartments, and, with a pencil there provided, place a cross or crosses within the white space containing the name of the candidate or of each of the candidates for whom he votes, thus X.

The elector shall then fold the ballot paper so as to show a portion of the back only, with the initials of the deputy returning officer thereon and the number on the counterfoil, and also in such a manner as to permit the counterfoil to be detached without unfolding the ballot paper; he shall then return the ballot paper so folded to the deputy returning officer, who shall place it in the ballot box, after having detached the counterfoil. The elector shall then forthwith quietly leave the polling station.

If an elector inadvertently spoils a ballot paper he may return it to the proper officer, who, on being satisfied of the fact, will give him another.

If an elector votes for more candidates than he is entitled to vote for, or places any mark on the ballot paper by which he can afterwards be identified, his vote shall be void, and will not be counted.

If an elector takes a ballot paper out of the polling station or fraudulently puts into the ballot box any other paper than the ballot paper given him by the deputy returning officer, he will be subject to be punished by fine of five hundred dollars or by imprisonment for a term not exceeding six months, with or without hard labour.

## AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 19th day of May 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

THE Governor General in Council has been pleased to order that the Regulations for the disposal of coal lands the property of the Dominion Government in Manitoba, the North west Territories and British Columbia, established by the Order in Council of the 17th September, 1889, and amended by subsequent Orders in Council, shall be and the same are hereby rescinded, and the following Regulations substituted therefor:—

REGULATIONS FOR THE DISPOSAL OF COAL LANDS, THE  
PROPERTY OF THE DOMINION GOVERNMENT IN  
MANITOBA, THE NORTH-WEST TERRI-  
TORIES AND BRITISH COLUMBIA.

1. Lands containing anthracite coal may be sold at an upset price of \$20 per acre, and coal other than anthracite at an upset price of \$10 per acre or may be sold by public competition if the Minister of the Interior shall so decide. Payment for the land in cash or scrip shall be made when the application is granted or payment may be made of one quarter of the purchase price only and the balance in three equal annual instalments with interest at the rate of five per cent per annum upon the unpaid balance. Scrip, however, cannot be accepted unless payment is made in full at the time of the sale. If payment is not made accordingly the right to purchase will be cancelled.

2. In addition to the above a royalty at the rate of ten cents per ton of 2,000 pounds will be levied and collected on the output of the mine, and it will be necessary for the person operating a mine to furnish the Agent of Dominion Lands with sworn returns monthly, or at such times as the Minister of the Interior may direct, accounting for the full quantity of coal mined, and pay the royalty thereon at the above rate.

3. Default in payment of such royalty, if continued for ten days after notice has been posted at the mine in respect of which it is demanded, or in the vicinity of such mine, by the Agent of Dominion Lands or by his direction, shall be followed by cancellation of the sale. In case of such cancellation no payments which have been made on account of the purchase will be refunded.

4. The patent which may be issued for coal lands will be made subject to the payment of the above royalty, and provision will be made therein that the Minister of the Interior may declare the patent to be null and void for default in the payment of the royalty on the coal mined.

Any attempt to defraud the Crown by withholding any part of the revenue thus provided for, by making false statement of the amount taken out, shall be punished by cancellation of the sale of the land in respect of which fraud or false statements have been committed or made, and the Minister of the Interior may for the same cause, declare the patent which may have been issued for the land to be null and void. In respect to the facts as to such fraud or false statements or non-payment of royalty, the decision of the Minister of the Interior shall be final.

5. Not more than three hundred and twenty acres shall be sold to one applicant.

6. When there is more than one applicant for the same coal location, the Minister of the Interior may invite competition between the several applicants, or offer the land for sale at public competition by tender or by auction, as he may think expedient, at the upset price of coal lands.

7. The boundaries beneath the surface of coal mining locations shall be vertical planes or lines in which their surface boundaries lie.

8. A fee of \$5.00 shall accompany each application to purchase, which will be applied on account of payment for the land if the sale is carried out, and will be refunded if the land applied for is not available, but not otherwise.

*Lands patented or entered, on which the coal mining rights have been reserved.*

9. (a) Any person or persons desirous of obtaining permission to prospect for minerals on lands that have been patented or entered and on which the mining rights have been reserved, shall make application therefor to the Minister of the Interior.

(b) Such application shall be in writing, defining clearly the area applied for, which area must not exceed 320 acres.

(c) If the Minister of the Interior sees no objection to the application being granted, the applicant will upon payment of a fee of \$10 be given permission to prospect upon furnishing the Minister with proof that he has complied with the provisions of the following subsection.

(d) The applicant shall enter into a bond, with two sureties to the satisfaction of the Department of the Interior, to recompense the owner or occupant of the soil for damages that may be done to his lands.

(e) If the proprietor of lands so entered upon shall seek damages, he shall, before the end of two months after the expiration of the permission given, make his claim in writing against the prospector detailing the particulars and amount of claim; and if the claim is not adjusted by agreement between the parties within one month after notice thereof as aforesaid, it shall be settled by arbitration in the manner prescribed in sections 13 and 14 of these Regulations.

10. No permission to prospect shall authorize entry upon any buildings or the curtilage appertaining to any house, store, barn or building, or upon any garden, orchard, or ground reserved for ornament, or under cultivation by growing crops, and inclosed, except with the consent of the occupier or permission from the Minister of the Interior upon special application setting forth the circumstances under which the same is applied for, and on such terms as the case may require.

11. If, at the expiration of the period for which permission has been given to prospect on lands, it be desired to acquire the mining rights thereunder, they will be sold at the rate and on the terms prescribed by the Mining Regulations, less the price ruling for surface rights in the class in which the lands may be situated.

12. If the occupier of the lands has not received a patent therefor, the purchase money of the surface rights shall be paid to the Crown, and a patent of the surface rights will issue to the party who acquired the mining rights. The money so collected will either be refunded to the occupier of the land, when he is entitled to a patent therefor, or will be credited to him on account of payment for land.

13. When the party obtaining the mining rights to land cannot make any arrangement with the owner or his agent or the occupant thereof for the acquisition of the surface rights, it shall be lawful for him to give notice to the owner or his agent or the occupier to appoint an arbitrator to act with another arbitrator named by him, in order to award the amount of compensation to which the owner or occupant shall be entitled. The notice mentioned in this section shall be according to a form to be obtained upon application from the Agent of Dominion Lands for the district in which the lands in question lie, and shall, when practicable, be personally served on such owner, or his agent if known, or occupant; and after reasonable efforts have been made to effect personal service, without success, then such notice shall be served by leaving it at, or sending by registered letter to, the last place of abode of the owner, agent or occupant. Such notice shall be served, if the owner or agent resides in the district in which the land is situated, ten days, if out of the district and within the province, twenty days, and if out of the province, thirty days, before the expiration of the time limited in such notice. If the proprietor refuses or declines to appoint an arbitrator, or when for any other reason, no arbitrator is appointed by the proprietor in the time limited therefor in the notice provided for by this section, the Agent of Dominion Lands for the district in which the lands in question lie shall, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner,

agent or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent or occupant, appoint an arbitrator on his behalf.

14. (a) All the arbitrators appointed under the authority of these Regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and they shall forthwith proceed to estimate the reasonable damages which the owner or occupant of such lands according to their several interests therein shall sustain by reason of such prospecting and mining operations.

(b) In estimating such damage, the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals therein.

(c) In case such arbitrators cannot agree, they may select a third arbitrator, and when the two arbitrators cannot agree upon a third arbitrator the Agent of Dominion Lands for the district in which the lands in question lie shall select such third arbitrator.

(d) The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the lands lie.

Clerk of the Privy Council.

IN COUNCIL.

ON a Report dated 12th April, 1902, from the Minister of the Interior, submitting that since the passing of the Order in Council of 11th September, 1901, whereby it was proposed to place under the control of the Government of the Province of Manitoba, under the provisions of section 4, chapter 47, Revised Statutes of Canada, certain lands containing an area of 28,264.01 acres, a list of lands settled on by Galicians has been filed in the Department of the Interior by the Commissioner of Immigration, covering an area of 7,520 acres, which latter area is included in the area first mentioned; and, as such Order in Council of 11th September last had not been published four times in the *Canada Gazette*, as required by law, before it came into force, the fourth publication was stopped, and such Order in Council is, therefore, inoperative.

The Minister submits a revised schedule of such of the lands mentioned in the said Order in Council of 11th September, 1901, as are available, which are included in the list marked "A," comprising an area of 20,744.01 acres.

The Minister, having satisfied himself of the accuracy of such Schedule "A," recommends that the lands mentioned therein be vested under the provisions of the said Act in His Majesty King Edward the Seventh, for the purposes of the Province of Manitoba, and that the Province be compensated for the 7,520 acres upon which certain settlers were inadvertently located by the Commissioner of Immigration by the granting of an equal area of available land elsewhere.

The Committee submit the same for His Excellency's approval.

JOHN J. McGEE,  
Clerk of the Privy Council.

(128) GUT OF CANSO—TERMINI OF RAILWAYS—HYDROGRAPHIC NOTES.

The Cape Breton branch of the Intercolonial Railway has its western terminus at Point Tupper, Port Hawkesbury, where a large group of wharves and docks has been built immediately south of the lighthouse, the wharves extending about 400 feet into the

Gut of Canso and covering a frontage of about 500 feet. The railway station and sheds are on these wharves, which now form a conspicuous mark in passing through the Gut.

From Point Tupper a car ferry crosses to the terminus of the mainland branch at Port Mulgrave, where wharves and a dock, together with a railway station, have been built a short distance south of Murray cove, directly opposite the terminus at Point Tupper.

The note on chart No. 2342 that navigation is suspended between 1st January and the last week in April does not apply to the railway ferry, which runs throughout the year.

The western terminus of the Cape Breton Railway is at Madden point, 4,800 feet southward from Point Tupper. A railway wharf has been built out into the Gut 600 feet southward from the extremity of Madden point. From the shore it runs out 200 feet N. 75° W. (142) RIVER ST. LAWRENCE—SHIP CHANNEL ABOVE QUEBEC—CAP SANTÉ TRAVERSE—BUOY DISCONTINUED.

In the above list it will be noticed that black buoy No. 45 Q. in Cap Santé traverse, has been discontinued. This has been done at the request of the pilots, who complained that the buoy was too close to the alignment of Ste. Croix range lights and was a menace to ships.

Mariners are, however, warned that it marked the north edge of middle ground, the northern portion of which has been dredged away, and that full ship channel depth does not exist on the southern or remaining portion of the middle ground. The distance from the alignment of the Ste. Croix range lights to the edge of the middle ground is 250 feet.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 12 d'avril 1902, du ministre de l'Intérieur, exposant que depuis la passation de l'arrêté en conseil du 11 septembre 1901, par lequel il était proposé de mettre sous le contrôle du gouvernement de la province du Manitoba, en vertu des dispositions de l'article 4, chapitre 47, Statuts Révisés du Canada, certains terrains contenant une étendue de 28,264.01 acres, une liste de terrains occupés par des Gens d'Inde a été déposée au ministère de l'Intérieur par le Commissaire de l'immigration, renfermant une étendue de 7,520 acres, laquelle étendue est incluse dans l'étendue en premier lieu mentionnée; et, vu que cet arrêté en conseil du 11 septembre dernier n'avait pas été publié quatre fois dans la Gazette du Canada, tel le prescrit la loi, avant d'entrer en vigueur, la quatrième publication fut arrêtée, et le dit arrêté est en conséquence sans effet.

Le Ministre soumet une liste révisée des terres mentionnées au dit arrêté en conseil du 11 septembre 1901, qui sont disponibles, et sont incluses dans la liste marquée “A”, renfermant une étendue de 20,744.01 acres.

Le Ministre, s'étant assuré de l'exactitude de cette liste “A”, recommande que les terrains y mentionnés soient attribués, en vertu des dispositions du dit acte, à Sa Majesté le Roi Edouard Sept, pour les fins de la province du Manitoba, et que la province soit indemnisée pour les 7,520 acres sur lesquelles certains colons furent par inadvertance placés par le Commissaire de l'immigration, en lui octroyant une égale étendue de terres disponibles ailleurs.

Le comité soumet ce qui précède à l'approbation de Son Excellence.

JOHN J. McGEE,  
Greffier du Conseil privé.

## HOTEL DU GOUVERNEMENT A OTTAWA.

Lundi, le 19<sup>e</sup> jour de mai 1902.

PRÉSENT :

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

La plu au Gouverneur général en conseil d'ordonner que les règlements concernant la vente de terrains houillers appartenant au gouvernement fédéral dans le Manitoba, les territoires du Nord-Ouest et la Colombie Britannique, établis par l'arrêté en conseil du 17 de septembre 1889, et modifiés par des arrêtés en conseil subséquents, soient et ils sont par le présent rescindés et remplacés par les règlements suivants :—

VENTE DES TERRAINS HOUILLERS APPARTENANT AU  
GOUVERNEMENT DU CANADA, DANS LE MANITOBA,  
LES TERRITOIRES DU NORD OUEST ET LA  
COLOMBIE BRITANNIQUE.

1. Des terres contenant de la houille anthracite pourront être vendues à une mise à prix de \$20 l'acre, et celles contenant de la houille autre que de l'anthracite à une mise à prix de \$10 l'acre, ou pourront être vendues à l'enchère publique si le ministre de l'Intérieur le décide ainsi. Le paiement pour le terrain se fera soit au comptant soit en scrip lorsque la demande est acceptée, ou un quart seulement du prix d'achat pourra être payé, et la balance en trois versements égaux annuels, avec intérêt au taux de six pour cent par année sur la balance impayée. Toutefois, le scrip ne peut être accepté que si le plein montant est payé lors de la vente. Si le paiement n'est pas fait de cette manière le droit d'acheter sera annulé.

2. En sus de ce qui précède, un droit régalien au taux de dix centins par tonne de 2,000 livres, sera imposé et prélevé sur le rendement brut de la mine, et la personne qui exploite la mine devra fournir à l'Agent des terres fédérales des états mensuels assermentés, ou à telles époques que le ministre de l'Intérieur fixera, rendant compte de l'entière quantité de houille extraite, et payer le droit régalien là-dessus au taux susdit.

3. Si ce droit régalien n'est pas payé sous dix jours après qu'avis aura été affiché à la mine au sujet de laquelle il est demandé, ou dans le voisinage de cette mine par l'Agent des terres fédérales ou par ses ordres, la vente sera annulée. Dans le cas de telle annulation nuls paiements qui auraient pu être faits à compte de l'achat ne seront remboursés.

4. La patente qui sera délivrée pour ces terrains houillers portera pour condition le paiement du susdit droit régalien, et une clause y sera insérée à l'effet que le ministre de l'Intérieur pourra déclarer la patente nulle et sans effet pour cause de non paiement du droit régalien sur la houille extraite.

Toute tentative de frauder la Couronne en retenant une partie du revenu ainsi établi en faisant de fausses déclarations du montant extrait, sera punie par l'annulation de la vente du terrain au sujet duquel la fraude ou les fausses déclarations est commise ou sont faites, et le ministre de l'Intérieur, pour la même cause, pourra déclarer nulle et sans effet la patente qui a été délivrée pour le terrain. Quant aux faits touchant cette fraude ou ses fausses déclarations ou non paiement du droit régalien, la décision du ministre de l'Intérieur sera définitive.

5. Il ne sera pas vendu plus de trois cent vingt acres à un seul et même réclamant.

6. S'il y a plus d'un réclamant pour la même concession houillère, le ministre de l'Intérieur pourra demander des soumissions des divers requérants, ou des soumissions publiques, ou l'offrir en vente à l'enchère, selon qu'il le jugera à propos, à la mise à prix des terrains houillers.

7. Les limites des terrains loués sous la surface du sol seront définies par les lignes ou plans verticaux des limites tirées à la surface.

8. Un honoraire de \$5 accompagnera chaque demande d'achat, lequel honoraire sera appliqué à compte du paiement de la terre si la vente est exécutée, et sera remboursé si la terre demandée n'est pas disponible, mais non autrement.

*Terres occupées par lettres patentes ou par suite d'inscription, sur lesquelles les droits de mine ont été réservés.*

9. (a) Toute personne ou personnes qui désirera ou désireront obtenir la permission de rechercher des minéraux sur des terres occupées par lettres patentes ou par suite d'inscription, ou sur lesquelles les droits miniers ont été réservés, en fera ou feront la demande au ministre de l'Intérieur.

(b) Cette demande devra se faire par écrit et définir clairement l'étendue demandée laquelle ne devra pas excéder 320 acres.

(c) Si le ministre de l'Intérieur ne voit pas d'objection à ce que la demande soit accordée, le requérant, sur paiement d'un honoraire de \$10, aura la permission de faire des explorations en donnant au ministre de l'Intérieur la preuve qu'il s'est conformé aux dispositions du paragraphe suivant.

(d) Le requérant devra fournir un cautionnement et deux cautions, à la satisfaction du Ministère de l'Intérieur, qu'il indemniserà le propriétaire ou l'occupant du sol des dommages qui pourront être causés à ses terres.

(e) Si le propriétaire des terres sur lesquelles on aura ainsi pénétré, réclame des dommages, il devra dans le cours des deux mois qui suivront l'expiration de la permission, faire sa réclamation par écrit contre le prospecteur en y donnant les détails et le montant réclamé ; et si la réclamation n'est pas réglée de gré à gré dans un mois après qu'avis en aura été donné comme susdit, elle le sera par arbitrage en la manière prescrite dans les articles 13 et 14 des présents règlements.

10. Nulle permission de faire des recherches n'autorisera celui qui en sera le porteur de pénétrer dans quelques bâtiments ou dans la cour d'aucune maison, magasin, grange ou construction ou dans aucun jardin, verger, ou des terrains réservés pour l'ornementation ou sur lesquels il croîtra des récoltes et qui seront enclos, sauf du consentement de l'occupant ou avec la permission du ministre de l'Intérieur sur une demande spéciale énonçant les circonstances en vertu desquelles elle est faite et à telles conditions que le cas pourra l'exiger.

11. Si à l'expiration de la période pendant laquelle une permission de faire des recherches sur les terres a été accordée, on désire acquérir les droits miniers sur ces terres, ces derniers seront vendus au taux et d'après les conditions prescrites par les règlements miniers, moins le prix courant des droits de surface dans la classe à laquelle les terres pourront appartenir.

12. Si l'occupant des terres n'en a pas reçu de lettres patentes, le prix d'achat des droits de surface devra être payé à la Couronne, et des lettres patentes pour les droits de surface seront délivrées à la personne qui aura acquis les droits miniers. L'argent ainsi perçu sera remboursé à l'occupant de la terre, lorsqu'il aura droit à des lettres patentes, ou lui sera crédité à compte du paiement de la terre.

13. Lorsque la personne qui aura obtenu des droits miniers sur des terres ne pourra s'entendre avec le propriétaire ou son agent, ou l'occupant de ces terres relativement à l'acquisition des droits de surface, il lui sera loisible de donner avis au propriétaire ou à son agent ou à l'occupant de nommer un arbitre lequel procédera avec celui qu'il nommera lui-même à fixer le montant de l'indemnité à laquelle le propriétaire ou l'occupant aura droit. L'avis mentionné dans le présent article sera fait d'après une formule qui pourra être obtenue en en faisant la demande à l'Agent des terres fédérales pour le district dans lequel ces terres se trouvent situées ; cet avis devra, quand la chose sera possible, être signifié personnellement au propriétaire ou à son agent s'il est connu, ou à l'occupant ; et après qu'il aura été fait des tentatives raisonnables pour signifier personnellement l'avis sans y réussir, la signification devra alors se faire en laissant cet avis au dernier domicile du propriétaire, de l'agent ou de l'occupant ou en le lui adressant par lettre enregistrée. Le délai de la signification de l'avis sera de dix jours si le propriétaire ou l'agent réside dans le district où se trouvera la terre, il sera de vingt jours s'il réside en dehors du district, mais dans la province, et de trente jours, s'il réside hors de la province. Si le propriétaire refuse ou néglige de nommer

un arbitre ou si pour toute autre raison, aucun arbitre n'est nommé par le propriétaire dans le délai fixé à cet effet, dans l'avis prescrit par le présent article, l'agent des terres fédérales pour le district dans lequel se trouvent situées les terres en question devra, lorsqu'il lui sera démontré par un affidavit que le propriétaire ou son agent, ou l'occupant a eu connaissance de l'avis ou que ce propriétaire, son agent, ou cet occupant en évite à dessein la signification, ou qu'on ne peut le trouver, que des efforts raisonnables ont été tentés pour faire cette signification et que l'avis a été laissé à sa dernière résidence, nommer un arbitre pour lui.

14. (a) Tous les arbitres nommés sous l'autorité des présents règlements prêteront serment devant un juge de paix de remplir d'une manière impartiale les devoirs qui leur seront assignés, et ils procéderont immédiatement à faire l'estimation des dommages raisonnables que les propriétaires ou les occupants de ces terres, selon les divers intérêts qu'ils y auront, souffriront par suite de ces explorations.

(b) Dans l'estimation de ces dommages, les arbitres détermineront la valeur de la terre, sans tenir compte de l'augmentation provenant de l'existence des minéraux.

(c) Au cas où ces arbitres ne s'accorderaient pas, ils pourront en choisir un troisième; et si les deux arbitres ne pouvaient s'entendre quant à la nomination de ce troisième arbitre, l'agent des terres fédérales pour le district où se trouveront situées les terres en question, le choisira.

(d) La sentence de deux des arbitres, rédigée par écrit, sera finale et elle devra être produite au bureau de l'agent des terres fédérales pour le district dans lequel les terres se trouveront situées.

(140) FLEUVE SAINT-LAURENT—TRAVERSE DE ST-ROCH—CARACTÈRE DU FEU À L'EXTRÉMITÉ D'EN HAUT.

Le feu montré du phare permanent sur la jetée à l'extrémité supérieure de la Traverse de St-Roch, fleuve St-Laurent en bas de Québec, est un feu blanc à occultation, donnant deux éclats d'une seconde chacune suivis d'un éclat de sept secondes, les éclats séparés par des intervalles d'une seconde comme suit :—

le feu complétant ainsi une phase en 12 secondes.

Le rayon lumineux dans le chenal des navires sera ininterrompu. Les pilotes s'étant plaints au sujet des secteurs obscurs de chaque côté du rayon lumineux dans le milieu du chenal, l'appareil éclairant a été modifié de façon à faire disparaître ces secteurs non éclairés.

Sous d'autres rapports le feu sera tel que décrit dans l'Avis aux Navigateurs No. 16 (53) de 1902.

(141) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES ENTRE QUÉBEC ET LE PLATON—BALISAGE.

Lorsque les bouées qui marquent le chenal des navires entre Québec et le Platon furent mises en place à l'ouverture de la navigation ce printemps, elle furent améliorées en substituant des bouées en acier aux espars en bois, en augmentant la dimension des bouées-boîtes actuelles et en plaçant des bouées coniques à tribord du chenal partout où des bouées-boîtes avaient été employées auparavant. Ces bouées seront dorénavant numérotées et lettrées en blanc. Ci-suit une liste complète :—

Dans la liste ci-dessus l'on remarquera que la bouée noire No. 45 Q, dans la traverse du Cap Santé, a été

supprimée. Cela a été fait à la demande des pilotes qui se sont plaints que la bouée étant trop proche de l'alignement des feux de Ste-Croix et était un danger pour les navires.

Les navigateurs sont, toutefois avertis qu'elle marquait l'accore nord du *Middle Ground*, dont la partie nord a été draguée, et que la pleine profondeur du chenal des navires n'existe pas sur la partie sud ou partie restante du *Middle Ground*. La distance depuis l'alignement des feux de Ste-Croix jusqu'à l'accore du *Middle Ground* est de 250 pieds.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant

la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

## RÈGLE SPÉCIALE DU SÉNAT.

49. (c.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

## ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

## RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les clauses des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées

ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

## AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 19th day of May 1902.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

THE Governor General in Council has been pleased to order that the Regulations for the disposal of coal lands the property of the Dominion Government in Manitoba, the North-west Territories and British Columbia, established by the Order in Council of the 17th September, 1889, and amended by subsequent Orders in Council, shall be and the same are hereby rescinded, and the following Regulations substituted therefor:—

REGULATIONS FOR THE DISPOSAL OF COAL LANDS, THE  
PROPERTY OF THE DOMINION GOVERNMENT IN  
MANITOBA, THE NORTH-WEST TERRI-  
TORIES AND BRITISH COLUMBIA.

1. Lands containing anthracite coal may be sold at an upset price of \$20 per acre, and coal other than anthracite at an upset price of \$10 per acre or may be sold by public competition if the Minister of the Interior shall so decide. Payment for the land in cash or scrip shall be made when the application is granted or payment may be made of one quarter of the purchase price only and the balance in three equal annual instalments with interest at the rate of five per cent per annum upon the unpaid balance. Scrip, however, cannot be accepted unless payment is made in full at the time of the sale. If payment is not made accordingly the right to purchase will be cancelled.

2. In addition to the above a royalty at the rate of ten cents per ton of 2,000 pounds will be levied and collected on the output of the mine, and it will be necessary for the person operating a mine to furnish the Agent of Dominion Lands with sworn returns monthly, or at such times as the Minister of the Interior may direct, accounting for the full quantity of coal mined, and pay the royalty thereon at the above rate.

3. Default in payment of such royalty, if continued for ten days after notice has been posted at the mine in respect of which it is demanded, or in the vicinity of such mine, by the Agent of Dominion Lands or by his direction, shall be followed by cancellation of the sale. In case of such cancellation no payments which have been made on account of the purchase will be refunded.

4. The patent which may be issued for coal lands will be made subject to the payment of the above royalty, and provision will be made therein that the Minister of the Interior may declare the patent to be null and void for default in the payment of the royalty on the coal mined.

Any attempt to defraud the Crown by withholding any part of the revenue thus provided for, by making false statement of the amount taken out, shall be punished by cancellation of the sale of the land in respect of which fraud or false statements have been committed or made, and the Minister of the Interior may for the same cause, declare the patent which may have been issued for the land to be null and void. In respect to the facts as to such fraud or false statements or non-payment of royalty, the decision of the Minister of the Interior shall be final.

5. Not more than three hundred and twenty acres shall be sold to one applicant.

6. When there is more than one applicant for the same coal location, the Minister of the Interior may invite competition between the several applicants, or offer the land for sale at public competition by tender or by auction, as he may think expedient, at the upset price of coal lands.

7. The boundaries beneath the surface of coal mining locations shall be vertical planes or lines in which their surface boundaries lie.

8. A fee of \$5.00 shall accompany each application to purchase, which will be applied on account of payment for the land if the sale is carried out, and will be refunded if the land applied for is not available, but not otherwise.

*Lands patented or entered, on which the coal mining rights have been reserved.*

9. (a) Any person or persons desirous of obtaining permission to prospect for minerals on lands that have been patented or entered and on which the mining rights have been reserved, shall make application therefor to the Minister of the Interior.

(b) Such application shall be in writing, defining clearly the area applied for, which area must not exceed 320 acres.

(c) If the Minister of the Interior sees no objection to the application being granted, the applicant will upon payment of a fee of \$10 be given permission to prospect upon furnishing the Minister with proof that he has complied with the provisions of the following subsection.

(d) The applicant shall enter into a bond, with two sureties to the satisfaction of the Department of the Interior, to recompense the owner or occupant of the soil for damages that may be done to his lands.

(e) If the proprietor of lands so entered upon shall seek damages, he shall, before the end of two months after the expiration of the permission given, make his claim in writing against the prospector detailing the particulars and amount of claim; and if the claim is not adjusted by agreement between the parties within one month after notice thereof as aforesaid, it shall be settled by arbitration in the manner prescribed in sections 13 and 14 of these Regulations.

10. No permission to prospect shall authorize entry upon any buildings or the curtilage appertaining to any house, store, barn or building, or upon any garden, orchard, or ground reserved for ornament, or under cultivation by growing crops, and inclosed, except with the consent of the occupier or permission from the Minister of the Interior upon special application setting forth the circumstances under which the same is applied for, and on such terms as the case may require.

11. If, at the expiration of the period for which permission has been given to prospect on lands, it be desired to acquire the mining rights thereunder, they will be sold at the rate and on the terms prescribed by the Mining Regulations, less the price ruling for surface rights in the class in which the lands may be situated.

12. If the occupier of the lands has not received a patent therefor, the purchase money of the surface rights shall be paid to the Crown, and a patent of the surface rights will issue to the party who acquired the mining rights. The money so collected will either be refunded to the occupier of the land, when he is entitled to a patent therefor, or will be credited to him on account of payment for land.

13. When the party obtaining the mining rights to land cannot make any arrangement with the owner or his agent or the occupant thereof for the acquisition of the surface rights, it shall be lawful for him to give notice to the owner or his agent or the occupier to appoint an arbitrator to act with another arbitrator named by him, in order to award the amount of compensation to which the owner or occupant shall be entitled. The notice mentioned in this section shall be according to a form to be obtained upon application from the Agent of Dominion Lands for the district in which the lands in question lie, and shall, when practicable, be personally served on such owner, or his agent if known, or occupant; and after reasonable efforts have been made to effect personal service, without success, then such notice shall be served by leaving it at, or sending by registered letter to, the last place of abode of the owner, agent or occupant. Such notice shall be served, if the owner or agent resides in the district in which the land is situated, ten days, if out of the district and within the province, twenty days, and if out of the province, thirty days, before the expiration of the time limited in such notice. If the proprietor refuses or declines to appoint an arbitrator, or when for any other reason, no arbitrator is appointed by the proprietor in the time limited therefor in the notice provided for by this section, the Agent of Dominion Lands for the district in which the lands in question lie shall, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner,

agent or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent or occupant, appoint an arbitrator on his behalf.

14. (a) All the arbitrators appointed under the authority of these Regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and they shall forthwith proceed to estimate the reasonable damages which the owner or occupant of such lands according to their several interests therein shall sustain by reason of such prospecting and mining operations.

(b) In estimating such damage, the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals therein.

(c) In case such arbitrators cannot agree, they may select a third arbitrator, and when the two arbitrators cannot agree upon a third arbitrator the Agent of Dominion Lands for the district in which the lands in question lie shall select such third arbitrator.

(d) The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the lands lie.

Clerk of the Privy Council.

## NOTICE TO MARINERS.

(Atlantic Notice No. 22.)

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

## PROVINCE OF QUEBEC.

(144) RIVER ST. LAWRENCE—SHIP CHANNEL BETWEEN MONTREAL AND QUEBEC—LAKE ST. PETER—HYDRAULIC DREDGE TO BE AVOIDED.

The large hydraulic dredge "J. Israel Tarte," will shortly be placed to work in Lake St. Peter, between Lightships No. 2 and No. 1.

This dredge, while working, will breast across the channel from side to side in the same manner as the elevator dredges.

From the stern of the dredge to the place of deposit on the north bank there will, however, extend a continuous line of pipe floated on steel pontoons, to convey the dredged material to the dumping ground; and as this pipe will obstruct the whole channel between the dredge and the dumping ground, all vessels of every kind must pass to the south of the dredge.

This pipe will be well lighted at night.

For steamships and all vessels that require to keep in the dredged channel, the dredge will haul over to the north side and give them room to pass.

As delays will cause serious interference with this important work, it is requested that all light draught vessels, tugs and barges, pass to the south clear of the

dredged channel. In order to facilitate this, lanterns will be hung on as many of the buoys as possible, in the vicinity of the dredge.

It is absolutely necessary that steamships and mail-boats slow down when approaching and passing the dredge.

If found necessary a further notice will be issued, establishing rules for signalling by approaching vessels requiring the channel, as well as signals showing when the dredge is working in the channel, and when the channel is clear.

(142) RIVER ST. LAWRENCE—SHIP CHANNEL ABOVE QUEBEC—CAP SANTÉ TRAVERSE—BUOY DISCONTINUED.

In the above list it will be noticed that black buoy No. 45 Q. in Cap Santé traverse, has been discontinued. This has been done at the request of the pilots, who complained that the buoy was too close to the alignment of Ste. Croix range lights and was a menace to ships.

Mariners are, however, warned that it marked the north edge of middle ground, the northern portion of which has been dredged away, and that full ship channel depth does not exist on the southern or remaining portion of the middle ground. The distance from the alignment of the Ste. Croix range lights to the edge of the middle ground is 250 feet.

Lundi, le 19<sup>e</sup> jour de mai 1902.

PRÉSENT :

### SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL a plu au Gouverneur général en conseil d'ordonner que les règlements concernant la vente de terrains houillers appartenant au gouvernement fédéral dans le Manitoba, les territoires du Nord-Ouest et la Colombie Britannique, établis par l'arrêté en conseil du 17 de septembre 1889, et modifiés par des arrêtés en conseil subséquents, soient et ils sont par le présent rescindés et remplacés par les règlements suivants :—

#### VENTE DES TERRAINS HOUILLERS APPARTENANT AU GOUVERNEMENT DU CANADA, DANS LE MANITOBA, LES TERRITOIRES DU NORD-OUEST ET LA COLOMBIE BRITANNIQUE.

1. Des terres contenant de la houille anthracite pourront être vendues à une mise à prix de \$20 l'acre, et celles contenant de la houille autre que de l'anthracite à une mise à prix de \$10 l'acre, ou pourront être vendues à l'enchère publique si le ministre de l'Intérieur le décide ainsi. Le paiement pour le terrain se fera soit au comptant soit en scrip lorsque la demande est acceptée, ou un quart seulement du prix d'achat pourra être payé, et la balance en trois versements égaux annuels, avec intérêt au taux de six pour cent par année sur la balance impayée. Toutefois, le scrip ne peut être accepté que si le plein montant est payé lors de la vente. Si le paiement n'est pas fait de cette manière le droit d'acheter sera annulé.

2. En sus de ce qui précède, un droit régalien au taux de dix centins par tonne de 2,000 livres, sera imposé et prélevé sur le rendement brut de la mine, et la personne qui exploite la mine devra fournir à l'agent des terres fédérales des états mensuels assermentés, ou à telles époques que le ministre de l'Intérieur fixera, rendant compte de l'entière quantité de houille extraite, et payer le droit régalien là-dessus au taux susdit.

3. Si ce droit régalien n'est pas payé sous dix jours après qu'avis aura été affiché à la mine au sujet de laquelle il est demandé, ou dans le voisinage de cette mine par l'agent des terres fédérales, ou par ses ordres, la vente sera annulée. Dans le cas de telle annulation nuls paiements qui auraient pu être faits à compte de l'achat ne seront remboursés.

4. La patente qui sera délivrée pour ces terrains houillers portera pour condition le paiement du susdit droit régalien, et une clause y sera insérée à l'effet que le ministre de l'Intérieur pourra déclarer la patente nulle et sans effet pour cause de non paiement du droit régalien sur la houille extraite.

Toute tentative de frauder la Couronne en retenant une partie du revenu ainsi établi en faisant de fausses déclarations du montant extrait, sera punie par l'annulation de la vente du terrain au sujet duquel la fraude ou les fausses déclarations est commise ou sont faites, et le ministre de l'Intérieur, pour la même cause, pourra déclarer nulle et sans effet la patente qui a été délivrée pour le terrain. Quant aux faits touchant

cette fraude ou ses fausses déclarations ou non paiement du droit régalien, la décision du ministre de l'Intérieur sera définitive.

5. Il ne sera pas vendu plus de trois cent vingt acres à un seul et même réclamant.

6. S'il y a plus d'un réclamant pour la même concession houillère, le ministre de l'Intérieur pourra demander des soumissions des divers requérants, ou des soumissions publiques, ou l'offrir en vente à l'enchère, selon qu'il le jugera à propos, à la mise à prix des terrains houillers.

7. Les limites des terrains loués sous la surface du sol seront définies par les lignes ou plans verticaux des limites tirées à la surface.

8. Un honoraire de \$5 accompagnera chaque demande d'achat, lequel honoraire sera appliqué à compte du paiement de la terre si la vente est exécutée, et sera remboursé si la terre demandée n'est pas disponible, mais non autrement.

*Terres occupées par lettres patentes ou par suite d'inscription, sur lesquelles les droits de mine ont été réservés.*

9. (a) Toute personne ou personnes qui désirera ou désireroient obtenir la permission de rechercher des minéraux sur des terres occupées par lettres patentes ou par suite d'inscription, ou sur lesquelles les droits miniers ont été réservés, en fera ou feront la demande au ministre de l'Intérieur.

(b) Cette demande devra se faire par écrit et définir clairement l'étendue demandée laquelle ne devra pas excéder 320 acres.

(c) Si le ministre de l'Intérieur ne voit pas d'objection à ce que la demande soit accordée, le requérant, sur paiement d'un honoraire de \$10, aura la permission de faire des explorations en donnant au ministre de l'Intérieur la preuve qu'il s'est conformé aux dispositions du paragraphe suivant.

(d) Le requérant devra fournir un cautionnement et deux cautions, à la satisfaction du Ministère de l'Intérieur, qu'il indemniserà le propriétaire ou l'occupant du sol des dommages qui pourront être causés à ses terres.

(e) Si le propriétaire des terres sur lesquelles on aura ainsi pénétré, réclame des dommages, il devra dans le cours des deux mois qui suivront l'expiration de la permission, faire sa réclamation par écrit contre le prospecteur en y donnant les détails et le montant réclamé; et si la réclamation n'est pas réglée de gré à gré dans un mois après qu'avis en aura été donné comme susdit, elle le sera par arbitrage en la manière prescrite dans les articles 13 et 14 des présents règlements.

10. Nulle permission de faire des recherches n'autorisera celui qui en sera le porteur de pénétrer dans quelques bâtiments ou dans la cour d'aucune maison, magasin, grange ou construction ou dans aucun jardin, verger, ou des terrains réservés pour l'ornementation ou sur lesquels il croîtra des récoltes et qui seront enclos, sauf du consentement de l'occupant ou avec la permission du ministre de l'Intérieur sur une demande spéciale énonçant les circonstances en vertu desquelles elle est faite et à telles conditions que le cas pourra l'exiger.

11. Si à l'expiration de la période pendant laquelle une permission de faire des recherches sur les terres a été accordée, on désire acquérir les droits miniers sur ces terres, ces derniers seront vendus au taux et d'après les conditions prescrites par les règlements miniers, moins le prix courant des droits de surface dans la classe à laquelle les terres pourront appartenir.

12. Si l'occupant des terres n'en a pas reçu de lettres patentes, le prix d'achat des droits de surface devra être payé à la Couronne, et des lettres patentes pour les droits de surface seront délivrées à la personne qui aura acquis les droits miniers. L'argent ainsi perçu sera remboursé à l'occupant de la terre, lorsqu'il aura droit à des lettres patentes, ou lui sera crédité à compte du paiement de la terre.

13. Lorsque la personne qui aura obtenu des droits miniers sur des terres ne pourra s'entendre avec le propriétaire ou son agent, ou l'occupant de ces terres relativement à l'acquisition des droits de surface, il lui sera loisible de donner avis au propriétaire ou à son agent ou à l'occupant de nommer un arbitre

lequel procédera avec celui qu'il nommera lui-même à fixer le montant de l'indemnité à laquelle le propriétaire ou l'occupant aura droit. L'avis mentionné dans le présent article sera fait d'après une formule qui pourra être obtenue en en faisant la demande à l'agent des terres fédérales pour le district dans lequel ces terres se trouvent situées; cet avis devra, quand la chose sera possible, être signifié personnellement au propriétaire ou à son agent s'il est connu, ou à l'occupant; et après qu'il aura été fait des tentatives raisonnables pour signifier personnellement l'avis sans y réussir, la signification devra alors se faire en laissant cet avis au dernier domicile du propriétaire, de l'agent ou de l'occupant ou en le lui adressant par lettre enregistrée. Le délai de la signification de l'avis sera de dix jours si le propriétaire ou l'agent réside dans le district où se trouvera située la terre, il sera de vingt jours s'il réside en dehors du district, mais dans la province, et de trente jours, s'il réside hors de la province. Si le propriétaire refuse ou néglige de nommer un arbitre ou si pour toute autre raison, aucun arbitre n'est nommé par le propriétaire dans le délai fixé à cet effet, dans l'avis prescrit par le présent article, l'agent des terres fédérales pour le district dans lequel se trouvent situées les terres en question devra, lorsqu'il lui sera démontré par un affidavit que le propriétaire ou son agent, ou l'occupant a eu connaissance de l'avis ou que ce propriétaire, son agent, ou cet occupant en évite à dessein la signification, ou qu'on ne peut le trouver, que des efforts raisonnables ont été tentés pour faire cette signification et que l'avis a été laissé à sa dernière résidence, nommer un arbitre pour lui.

14. (a) Tous les arbitres nommés sous l'autorité des présents règlements prêteront serment devant un juge de paix de remplir d'une manière impartiale les devoirs qui leur seront assignés, et ils procéderont immédiatement à faire l'estimation des dommages raisonnables que les propriétaires ou les occupants de ces terres, selon les divers intérêts qu'ils y auront, souffriront par suite de ces explorations.

(b) Dans l'estimation de ces dommages, les arbitres détermineront la valeur de la terre, sans tenir compte de l'augmentation provenant de l'existence des minéraux.

(c) Au cas où ces arbitres ne s'accorderaient pas, ils pourront en choisir un troisième; et si les deux arbitres ne pouvaient s'entendre quant à la nomination de ce troisième arbitre, l'agent des terres fédérales pour le district où se trouveront situées les terres en question, le choisira.

(d) La sentence de deux des arbitres, rédigée par écrit, sera finale et elle devra être produite au bureau de l'agent des terres fédérales pour le district dans lequel les terres se trouveront situées.

JOHN J. MCGEE,  
Greffier du Conseil privé.

(144) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES ENTRE MONTRÉAL ET QUÉBEC—LAC SAINT-PIERRE—DRAGUE HYDRAULIQUE À ÉVITER.

La grande drague hydraulique "J. Israel Tarte" sera sous peu mise à l'œuvre dans le lac Saint-Pierre, entre les bateaux-feu No. 2 et No. 1.

En travaillant, cette drague crociera d'un côté à l'autre du chenal, de même que les dragues à élévateur.

Toutefois, depuis l'arrière de la drague jusqu'au lieu de dépôt sur la rive nord, il s'étendra une ligne continue de tuyau porté sur des pontons en acier, pour transporter les matières draguées au terrain de déblais ; et vu que ce tuyau obstruera tout le chenal entre la drague et le terrain de déblais, tous les vaisseaux de toutes sortes doivent passer au sud de la drague.

Ce tuyau sera bien éclairé la nuit.

Pour les navires à vapeur et autres vaisseaux qui ont à se tenir dans le chenal dragué, la drague tirera au côté nord et leur permettra de passer.

Vu que des délais gêneraient beaucoup cet important travail, tous les vaisseaux d'un petit tirant d'eau, les remorqueurs et les barges sont priés de passer bien au

sud du chenal dragué. A cette fin, des lanternes seront pendues à autant de bouées que possible, dans le voisinage de la drague.

Il est absolument nécessaire que les navires à vapeur et les paquebots-poste ralentissent leur marche en approchant de la drague et la dépassant.

Si la chose est trouvée nécessaire, un autre avis sera publié, établissant des signaux que donneront les vaisseaux approchant qui ont besoin du chenal, ainsi que des signaux indiquant lorsque la drague est à l'œuvre dans le chenal, et lorsque le chenal est libre.

(Avis de l'Atlantique No. 21.)

## QUÉBEC.

(140) FLEUVE SAINT-LAURENT—TRAVERSE DE ST-ROCH—CARACTÈRE DU FEU À L'EXTRÉMITÉ D'EN HAUT.

Le feu montré du phare permanent sur la jetée à l'extrémité supérieure de la Traverse de St-Roch, fleuve St-Laurent en bas de Québec, est un feu blanc à occultation, donnant deux éclats d'une seconde chacune suivis d'un éclat de sept secondes, les éclats séparés par des intervalles d'une seconde comme suit :—

Eclat	1 seconde.
Eclipse	1 "
Eclat	1 "
Eclipse	1 "
Eclat	7 "
Eclipse	1 "

12 secondes.

le feu complétant ainsi une phase en 12 secondes.

Le rayon lumineux dans le chenal des navires sera ininterrompu. Les pilotes s'étant plaints au sujet des secteurs obscurs de chaque côté du rayon lumineux dans le milieu du chenal, l'appareil éclairant a été modifié de façon à faire disparaître ces secteurs non éclairés.

Sous d'autres rapports le feu sera tel que décrit dans l'Avis aux Navigateurs No. 16 (53) de 1902.

(141) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES  
ENTRE QUÉBEC ET LE PLATON—BALISAGE.

Lorsque les bouées qui marquent le chenal des navires entre Québec et le Platon furent mises en place à l'ouverture de la navigation ce printemps, elle furent améliorées en substituant des bouées en acier aux espars en bois, en augmentant la dimension des bouées-boîtes actuelles et en plaçant des bouées coniques à tribord du chenal partout où des bouées-boîtes avaient été employées auparavant. Ces bouées seront dorénavant numérotées et lettrées en blanc. Ci-suit une liste complète :—

(142) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES  
EN AMONT DE QUÉBEC—TRAVERSE DU CAP  
SANTÉ—BOUÉE SUPPRIMÉE.

Dans la liste ci-dessus l'on remarquera que la bouée noire No. 45 Q, dans la traverse du Cap Santé, a été supprimée. Cela a été fait à la demande des pilotes qui se sont plaints que la bouée étant trop proche de l'alignement des feux de Ste-Croix et était un danger pour les navires.

Les navigateurs sont, toutefois avertis qu'elle marquait l'accro nord du *Middle Ground*, dont la partie nord a été draguée, et que la pleine profondeur du chenal des navires n'existe pas sur la partie sud ou partie restante du *Middle Ground*. La distance depuis l'alignement des feux de Ste-Croix jusqu'à l'accro du *Middle Ground* est de 250 pieds.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Greffier du Sénat.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

[Sanctionné le 15 mai 1902.]

SA Majesté, par et avec l'avis et le consentement du Sénat et de la Chambre des Communes du Canada, décrète ce qui suit:—

1. L'article 42 de l'Acte des lettres de change, 1890, est abrogé et remplacé par le suivant:—

"42. Le tiré peut accepter une lettre de change le jour même qu'elle lui est dûment présentée pour acceptation, ou en tout temps dans les deux jours suivants. Lorsqu'une lettre de change est ainsi dûment présentée à l'acceptation et n'est pas acceptée dans le temps ci-dessus mentionné, celui qui l'a présentée doit la traiter comme ayant subi un refus d'acceptation. S'il ne le fait pas, le détenteur perd son droit de recours contre le tireur et les endosseurs."

1890, c. 33,  
art. 42 rem-  
placé.

Non accepta-  
tion dans les  
deux jours.

2. Dans le cas d'une lettre de change payable à vue ou à un certain délai de vue, le tiré peut y inscrire la date de son acceptation comme ayant été faite l'un quelconque des jours ci-dessus mentionnés, mais non postérieur au jour de son acceptation réelle de la lettre de change; et si l'acceptation n'est pas ainsi datée, le détenteur peut refuser l'acceptation et traiter la lettre de change comme ayant subi un refus d'acceptation."

Date de  
l'acceptation.

## CHAP. 3.

Acte modifiant l'Acte concernant la Constitution des  
Chambres de Commerce.

[Sanctionné le 15 mai 1902.]

Préambule.

SA Majesté, par et avec l'avis et le consentement du Sénat et de la Chambre des Communes du Canada, décrète ce qui suit :—

S.R.C., art. 1,  
ch. 130.Art. 1, ch. 23,  
1894.  
Art. 1, ch. 17,  
1895.Signification  
de l'expression  
"district."S.R.C., art. 2,  
ch. 130 modi-  
fié.Population  
nécessaire  
pour qu'il soit  
constitué une  
chambre.

1. Le paragraphe (a) de l'article 1<sup>er</sup> de l'Acte concernant la constitution des Chambres de Commerce, chapitre 130 des Statuts revisés du Canada, tel que le dit article est formulé par l'article 1<sup>er</sup> du chapitre 17 des statuts de 1895, est modifié par le présent en ajoutant à la fin du dit paragraphe les mots suivants : "et dans la province de la Colombie-Britannique et dans le territoire du Yukon l'expression "district" signifie une division minière, ou étendue de pays décrite comme s'étendant d'un point indiqué à certaines distances spécifiées et dans certaines directions spécifiées.

L'article deux du dit chapitre 130 est par le présent modifié en insérant après les mots : "deux mille cinq cents" les mots : "ou dans la province de la Colombie-Britannique, ou dans le territoire du Yukon, d'au moins quinze cents."

## CHAP. 4.

Acte modifiant la disposition relative aux péages, du  
chapitre 1 des statuts de 1881, concernant le chemin  
de fer Canadien du Pacifique.

[Sanctionné le 15 mai 1902.]

Préambule.

CONSIDÉRANT que dans et par l'article 20 de l'annexe A de l'Acte concernant le chemin de fer Canadien du Pacifique, chapitre 1 des statuts de 1881, il est statué comme il suit :—

"La limite de la réduction des taux de péage par le parlement du Canada prescrite par le onzième paragraphe de la dix-septième section de l'Acte refondu des chemins de fer, 1879, relative aux TAUX DE PÉAGES, est par le présent étendue de telle sorte que cette réduction puisse être faite dans une telle proportion que ces taux de péages, une fois réduits, ne devront pas rapporter moins de dix pour cent par année de profit sur le capital réellement dépensé pour la construction du chemin de fer, au lieu de pas moins de quinze pour cent par année de profit, comme le prescrit le dit paragraphe ; et de sorte aussi que cette réduction ne soit pas faite à moins que le revenu net de la compagnie, vérifié tel que décrit dans le dit paragraphe, n'ait excédé dix pour cent par année au lieu de quinze pour cent par année, tel que prévu au dit paragraphe. Et l'exercice par le Gouverneur en conseil du pouvoir de réduire les taux de péages de la compagnie, tel que prescrit par le dixième paragraphe de la dite dix-septième section, est par le présent restreint, relativement aux profits de la compagnie et à son revenu net, aux mêmes limites que le pouvoir du parlement de réduire les taux de péages est restreint par le dit paragraphe onze tel que modifié par le présent ;"

Et considérant que la dite compagnie a demandé l'approbation du Gouverneur en conseil, en vertu des dispositions de l'Acte des chemins de fer, l'autorisation d'accroître son capital social de \$20,000,000, c'est-à-dire, de \$65,000,000 à \$85,000,000, dans le but de faire face aux besoins financiers de la compagnie à l'égard de l'augmentation de son matériel roulant, de l'agrandissement de ses ateliers à Montréal et ailleurs, de la réduction des rampes et de l'amélioration du chemin, de la pose

d'une seconde voie sur certaines portions de ses lignes, et pour ériger de nouveaux élévateurs à grains et autres facilités, de manière à lui permettre de mieux répondre aux besoins commerciaux du pays, ces besoins étant approximativement les suivants :—

Pour matériel roulant.....	\$9,070,000
Pour l'agrandissement des ateliers à Montréal et ailleurs, réduire les rampes et améliorer les alignements du chemin, et pour une double voie.....	8,400,000
Pour des élévateurs à grains, des têtes de lignes et autres facilités.....	3,000,000
	<hr/>
	\$20,470,000

Et considérant que le Gouverneur en conseil a dûment approuvé cet accroissement du capital social de la compagnie, sauf néanmoins les conditions suivantes :—Que ces \$20,000,000 de capital, ni aucune partie de cette somme, non plus qu'aucune somme de deniers en provenant—de quelque manière qu'elle soit employée—ne seront réputés être du capital dépensé pour la construction du chemin de fer au sens du dit article 20 ; que le pouvoir du parlement du Canada ou du Gouverneur en conseil de réduire les péages sur le chemin de fer de la compagnie, ne sera aucunement restreint par cet accroissement de capital social en totalité ou en partie, ni par la dépense d'aucuns de ces deniers dans la construction du chemin de fer ou autrement, mais qu'il n'en sera tenu aucun compte lorsqu'il s'agira d'établir le chiffre du capital social réellement employé à la construction du chemin de fer ; et de plus, qu'aucune partie de ces \$20,000,000 de capital ne sera émise au-dessous du pair ;

Et considérant que la compagnie a accepté ces conditions, et acquiesce et consent à cette législation :

A ces causes, Sa Majesté, par et avec l'avis et le consentement du Sénat et de la Chambre des Communes du Canada, décrète, ce qui suit :—

**1.** Les dits \$20,000,000 de capital supplémentaire de la dite compagnie, ni aucune partie de cette somme, ou aucune somme de deniers en provenant, de quelque manière qu'elle soit employée, ne seront réputés être du capital dépensé pour la construction du chemin de fer au sens du dit article 20 ; et le pouvoir du parlement du Canada ou du Gouverneur en conseil de réduire les péages sur le chemin de fer de la compagnie, ne sera aucunement restreint par cet accroissement de capital social en totalité ou en partie, ni par la dépense d'aucuns de ces deniers dans la construction du chemin de fer ou autrement, mais qu'il n'en sera tenu aucun compte lorsqu'il s'agira d'établir le chiffre du capital social réellement employé à la construction du chemin de fer.

Le nouveau capital ne sera pas censé être employé à la construction.

**2.** Aucune partie des dits \$20,000,000 de capital ne sera émise au-dessous du pair.

Ne sera pas émis au-dessous du pair.

**3.** Les fonds provenant de la vente des dits \$20,000,000 de capital seront employés comme il suit, savoir :—Le produit de \$9,000,000 du dit capital sera employé en matériel roulant, et le produit des \$11,000,000 de capital restant sera employé approximativement aux autres fins mentionnées au préambule ; et des comptes distincts et séparés seront tenus par la compagnie, indiquant les recettes provenant de ce capital et les fins auxquelles elles auront été employées ; pourvu, néanmoins, que si la compagnie le désire, elle puisse appliquer au matériel roulant toute partie des deniers provenant de la vente des dits \$11,000,000 de capital, si elle voit que le produit des dits \$9,000,000 de capital est insuffisant pour cet objet.

Emploi des fonds

placé.

## CHAP. 6.

art. 9 rem-  
placé.

du décès.

**1.** L'article 9 de l'*Acte de retraite du service civil, 1898*, est abrogé et remplacé par le suivant :—

## CHAP. 7.

## Acte concernant le cabotage canadien.

[Sanctionné le 15 mai 1902.]

SA Majesté, par et avec l'avis et le consentement du Sénat et de la Chambre des Communes du Canada, décrète ce qui suit :—

Définition.  
“ Navire bri-  
tannique.”

**1.** Dans le présent acte, à moins que le contexte n'exige une interprétation différente, l'expression “ navire britannique ” signifie et comprend tout navire appartenant entièrement à des personnes ayant la faculté ou le droit de posséder des navires britanniques, sous l'empire des dispositions de l'*Acte de la marine marchande, 1894*, ou de tout autre acte du parlement du Royaume-Uni à cet égard et alors en vigueur.

“ Cabotage  
canadien.”

**2.** Pour toutes les fins du présent acte, l'expression “ cabotage canadien ” sera réputée comprendre le transport par eau de marchandises ou passagers d'un port ou lieu du Canada à un autre port ou lieu du Canada.

2. Aucun navire britannique, qu'il soit enregistré en Canada ou ailleurs, ne pourra faire le cabotage en Canada ou y prendre part sans avoir préalablement obtenu un permis à cet effet, qui pourra lui être accordé par le ministre des Douanes.

Les navires britanniques de construction étrangère doivent avoir des permis pour faire le cabotage.  
Droit à payer pour le permis.

2. Le ministre des Douanes accordera ce permis pour tout navire britannique construit à l'étranger, qu'il soit enregistré en Canada ou ailleurs, sur demande à cet effet et sur paiement d'un droit de vingt-cinq pour cent *ad valorem* de la juste valeur marchande de la coque, du gréement, des machines, chaudières, aménagements et accessoires de ce navire.

3. Le présent acte ne s'appliquera à aucun navire britannique de construction étrangère enregistré comme navire britannique avant le premier jour de septembre mil neuf cent deux.

Exception.

3. Il ne pourra être transporté de marchandises ou de passagers par eau, d'un port du Canada à un autre, que sur des navires britanniques; et si des marchandises ou des passagers sont transportés, comme susdit, en contravention au présent acte, le capitaine du navire ou bâtiment faisant ce transport encourra une amende de quatre cents piastres; et toutes marchandises ainsi transportées seront confisquées comme de contrebande, et le navire ou bâtiment pourra être détenu par le percepteur des douanes, au port ou lieu dans lequel seront amenés les marchandises ou les passagers, jusqu'à ce que l'amende ait été payée ou que le paiement en ait été garanti par cautionnement à sa satisfaction, et jusqu'à ce que les marchandises lui aient été livrées, desquelles il sera disposé comme de marchandises confisquées suivant les dispositions de l'*Acte des douanes*.

Le cabotage ne pourra se faire en Canada que par des navires britanniques.

Amende pour contravention.

S.R.C., c. 32.

4. Le capitaine d'un navire à vapeur, n'étant pas un navire britannique, engagé, ou ayant été engagé à remorquer un navire, bâtiment ou radeau de quelque port ou endroit du Canada à un autre, sauf en cas de détresse, sera passible d'une amende de quatre cents piastres; et ce navire à vapeur pourra être détenu par le percepteur des douanes dans tout port ou tout endroit à destination duquel le navire, bâtiment ou radeau est remorqué, jusqu'à ce que l'amende soit payée.

Les navires étrangers ne pourront remorquer entre des ports canadiens qu'en cas de détresse.

5. Les amendes et confiscations encourues en vertu du présent acte pourront être recouvrées et opérées de la manière prescrite par l'*Acte des douanes*, comme si elles eussent été imposées par le dit acte; et en conséquence le présent acte sera regardé, dans son interprétation, comme se liant au dit acte et comme en faisant partie intégrante; et les mots et expressions du présent acte auront la même signification que les mêmes mots et expressions usités dans le dit acte.

Recouvrement des amendes et application des confiscations.

6. Le Gouverneur en conseil pourra en tout temps déclarer que les dispositions précédentes du présent acte ne s'appliqueront pas aux navires ou bâtiments d'un pays étranger, où les navires britanniques sont autorisés à faire le cabotage et à transporter des marchandises et des passagers d'un port ou endroit à un autre dans ce pays.

Le Gouverneur en conseil peut déclarer que cet acte ne s'appliquera pas aux navires de certains pays.

7. Si, par un traité conclu avant la sanction de l'*Acte de la marine marchande (coloniale)* de 1869, (c'est-à-dire avant le treizième jour de mai mil huit cent soixante-neuf,) feu Sa Majesté la Reine Victoria est convenu d'accorder à des navires de quelque Etat étranger, des droits ou privilèges au sujet du cabotage en Canada, ces navires jouiront de ces droits et privilèges pour tout le temps que feu Sa Majesté en sera convenu, ou tant que Sa Majesté le Roi conviendra à l'avenir de les accorder.

Quant aux navires étrangers privilégiés par traité.

Abrogation  
du c. 83 des  
S.R.C.

Entrée en  
vigueur de cet  
acte.

8. Le chapitre 83 des Statuts revisés est abrogé.

9. Le présent acte n'entrera en vigueur que lorsque Sa Majesté aura, par publication dans la *Gazette du Canada*, manifesté son bon plaisir à cet égard.

2. L'article substitué à l'article 51 du dit acte, par le premier article du chapitre 35 des statuts de 1890, est modifié en y insérant après le mot “définitif,” dans la quatrième ligne, les mots “ou par quelque jugement rendu sur exception péremptoire.”

3. Lorsqu'un défendeur, qu'il soit sujet britannique ou étranger, sera hors de la juridiction de la cour de l'Echiquier du Canada, et qu'il soit dans les possessions de Sa Majesté ou dans un pays étranger, alors, sur requête appuyée par un affidavit ou tout autre témoignage, exposant que, de l'avis du déposant, le demandeur a une bonne cause d'action, et indiquant en quel lieu ou pays ce défendeur se trouve ou peut probablement être trouvé, la cour ou un juge pourra ordonner qu'un avis de la dénonciation, pétition de droit ou exposé de réclamation, soit signifié au défendeur en ce lieu ou pays, ou dans les limites que la cour ou un juge croira à propos de prescrire.

2. L'ordonnance devra dans ce cas limiter un temps, dépendant du lieu de la signification, durant lequel le défendeur devra produire sa défense, son plaidoyer, sa réponse, exception dilatoire ou péremptoire, ou faire autrement sa défense, conformément à la pratique applicable au cas particulier, ou obtenir de la cour ou du juge un plus long délai pour le faire.

3. Lorsque la signification aura été faite selon que l'autoriserait l'ordonnance, la cour aura la faculté de procéder et rendre jugement dans la cause ou affaire, à toutes fins et intentions, comme si la signification eût été régulièrement faite au défendeur dans la juridiction de la cour.

4. Nonobstant tout ce que contiennent l'article 51 (tel que modifié par le 1er article du chapitre 35 des statuts de 1890) ou l'article 52 de l'Acte de la cour de l'Echiquier, lorsque la Couronne sera partie à quelque action, poursuite, cause, affaire ou

autre procédure judiciaire dans laquelle la somme réellement en litige ne dépassera pas cinq cents piastres, appel pourra être interjeté au nom de la Couronne de tout jugement définitif qui aura été rendu par la cour de l'Echiquier, si ce jugement définitif ou le principe qu'il consacre affecte ou pourrait probablement affecter quelque cause ou catégorie de causes alors pendantes ou devant probablement être instituées, dans lesquelles la somme collective réclamée ou à réclamer dépassera ou devra probablement dépasser cinq cents piastres, ou si, de l'avis du Procureur général du Canada, attesté par écrit, le principe consacré par la décision est d'une importance publique générale; pourvu que, dans chacun de ces cas, l'appel ne puisse être interjeté que s'il est autorisé par un juge de la cour Suprême, qui pourra, en l'autorisant, imposer les conditions, quant aux frais et autrement, qu'il croira requis par la justice de la cause.

Proviso.

#### DISPOSITIONS CONCERNANT LES COMPAGNIES EXISTANTES.

11. Toute compagnie constituée jusqu'ici, en vertu soit d'un acte spécial ou d'un acte général, pour quelque objet pour lequel le présent acte permet de délivrer des lettres patentes, qui est actuellement une corporation existante et valide, pourra demander des lettres patentes pour exercer ses opérations sous l'empire du présent acte ; et le Secrétaire d'Etat, avec l'approbation du Gouverneur en conseil, pourra ordonner la délivrance de lettres patentes constituant les actionnaires de la dite compagnie en corporation comme compagnie tombant sous l'empire du présent acte ; et alors tous les droits et obligations de l'ancienne compagnie passeront à la nouvelle, et toutes les procédures qui auraient pu être continuées ou commencées par ou contre l'ancienne compagnie pourront être continuées ou commencées par ou contre la nouvelle ; et il ne sera pas nécessaire d'énoncer les noms des actionnaires dans les lettres patentes ; et après la délivrance de ces dernières, la compagnie sera régie à tous égards par les dispositions du présent acte, sauf que la responsabilité des actionnaires envers les créanciers de l'ancienne compagnie restera ce qu'elle était lors de la délivrance des lettres patentes.

Les compagnies existantes pourront demander des chartes sous l'empire du présent acte.

Elles pourront demander de plus amples pouvoirs.

**12.** Lorsqu'une de ces compagnies demandera la délivrance de lettres patentes sous l'empire du présent acte, le Secrétaire d'Etat pourra étendre par ces lettres patentes, d'après le désir des requérants, les pouvoirs de la compagnie à tels autres objets pour lesquels le présent acte permet de délivrer des lettres patentes, qu'il jugera convenable de comprendre dans les lettres; et le Secrétaire d'Etat pourra désigner les premiers directeurs de la nouvelle compagnie, dans les dites lettres patentes, et celles-ci pourront être accordées à la nouvelle compagnie, soit sous le nom de l'ancienne, soit sous tout autre nom.

Les compagnies existantes constituées par les provinces du Canada, les compagnies britanniques et étrangères pourront demander des lettres patentes sous le présent acte.

Effet de ces lettres.

**13.** Toute compagnie incorporée sous un acte général ou spécial d'une province du Canada, et toute compagnie dûment incorporée sous les lois du Royaume-Uni ou d'un pays étranger en vue de quelques-uns des objets pour lesquels des lettres patentes peuvent être délivrées sous le présent acte, et qui, à l'époque de la demande, sera une corporation existante et valable, pourra demander des lettres patentes sous le présent acte; et si on prouve d'une manière satisfaisante au Secrétaire d'Etat que l'acte d'incorporation ou la charte de la compagnie requérante est valable et subsiste, qu'aucun intérêt public ou privé ne sera lésé par là, il pourra délivrer des lettres patentes constituant les actionnaires de la compagnie requérante en compagnie sous le présent acte, en limitant, si cela est nécessaire, les pouvoirs de la compagnie aux fins ou objets qui eussent été déterminés si les actionnaires se fussent adressés d'abord au Secrétaire d'Etat pour obtenir des lettres patentes sous le présent acte; et dès lors tous les droits et obligations de la première compagnie passeront à la nouvelle compagnie; et toutes procédures pourront être continuées ou commencées par ou contre la nouvelle compagnie comme elles eussent pu l'être par ou contre l'ancienne; et il ne sera pas nécessaire de donner dans ces lettres patentes les noms des actionnaires; et après la délivrance des lettres patentes, la compagnie sera régie à tous égards par les dispositions du présent acte, excepté que la responsabilité des actionnaires envers les créanciers de l'ancienne compagnie restera ce qu'elle était à l'époque de la délivrance des lettres patentes.

2. Toute compagnie désirant obtenir des lettres patentes en vertu de cet article devra d'abord déposer au bureau du Secrétaire d'Etat du Canada une copie certifiée de la charte ou de l'acte constituant la compagnie en corporation, et elle devra aussi indiquer le lieu en Canada où sera situé son siège principal, ainsi que le nom de l'agent ou du gérant autorisé à représenter la compagnie en Canada et à recevoir signification de pièces dans toutes poursuites et procédures contre la compagnie pour toutes obligations y contractées par elle.

3. Toute telle compagnie à laquelle des lettres patentes ont été délivrées devra, lorsqu'elle en sera requise, transmettre au Secrétaire d'Etat un rapport indiquant les noms de ses actionnaires, le montant de son capital versé et la valeur des biens-meubles et immeubles qu'elle possède en Canada; et si elle fait défaut de transmettre ce rapport dans les trois mois, les lettres patentes pourront être annulées.

4. Avis de la délivrance des lettres patentes devra être publié dans la *Gazette du Canada*.

5. Les droits payables pour les lettres patentes seront, de temps à autre, fixés par le Gouverneur en conseil.

#### *Changement de nom.*

Le secrétaire d'Etat pourra changer le nom d'une corporation par lettres patentes supplémentaires.

**14.** S'il est démontré, à la satisfaction du secrétaire d'Etat, que le nom d'une compagnie (soit que ce nom lui ait été donné par les premières lettres patentes, ou par des lettres patentes supplémentaires, ou à la suite d'une fusion) est le même que celui d'une compagnie existante, constituée ou non en corpo-

ration, ou y ressemble tellement qu'il puisse être confondu avec ce nom, le secrétaire d'Etat pourra ordonner la délivrance de lettres patentes supplémentaires relatant les lettres patentes antérieures et changeant le nom de la compagnie en quelque autre qui sera indiqué par les lettres patentes supplémentaires.

**15.** Lorsqu'une compagnie désirera prendre un autre nom, le Secrétaire d'Etat, sur preuve trouvée par lui satisfaisante qu'elle ne demande pas ce changement dans un but illégitime, pourra ordonner la délivrance de lettres patentes supplémentaires relatant les lettres patentes antérieures et changeant le nom de la compagnie en quelque autre qui sera indiqué par les lettres patentes supplémentaires.

La compagnie pourra faire changer son nom.

**16.** Aucun changement de nom, opéré en vertu des deux articles précédents, n'apportera de modification aux droits ou engagements de la compagnie ; et toutes procédures qui auraient pu être continuées ou commencées par ou contre la compagnie, sous son premier nom, pourront l'être, par ou contre elle, sous son nom nouveau.

Ce changement n'innovera ni aux droits ni aux obligations de la compagnie.

#### *Tarif des droits.*

**17.** Le Gouverneur en conseil pourra au besoin établir, modifier et régler le tarif des droits payables lors de la demande de lettres patentes et de lettres patentes supplémentaires, sous l'empire du présent acte, et prescrire les formalités et le mode d'enregistrement à observer relativement à ces lettres, et tout ce qui sera nécessaire pour remplir les intentions du présent acte.

Les droits pour lettres patentes seront fixés par le Gouverneur en conseil.

2. Le Gouverneur en conseil pourra varier ces droits, suivant la nature de la compagnie, le chiffre du capital-actions et les autres circonstances, quand il le jugera convenable.

Ces droits pourront être variés.

3. Dans le département du Secrétaire d'Etat on ne procédera à la délivrance de lettres patentes ou lettres patentes supplémentaires, sous l'empire du présent acte, qu'après que la totalité des droits exigibles aura été dûment payée.

Ils seront payés d'avance.

#### *Commencement des opérations.*

**18.** La compagnie ne commencera point ses opérations et ne contractera aucune obligation avant que dix pour cent de son capital autorisé n'aient été souscrits et versés. Les directeurs qui permettront expressément ou implicitement que ces opérations soient commencées ou que ces obligations soient contractées, seront conjointement et solidairement responsables avec la compagnie pour le paiement de ces obligations.

Versement de dix pour cent sur le capital.

Responsabilité des directeurs en cas de contravention.

#### *DÉCHÉANCE DE LA CHARTE.*

**19.** La compagnie encourra la déchéance de sa charte par le non-usage pendant trois années consécutives, ou faute de commencer réellement ses opérations dans le délai de trois années à compter du jour où elle lui aura été accordée.

Déchéance en cas de non-usage de la charte.

#### *POUVOIRS GÉNÉRAUX ET DEVOIRS DE LA COMPAGNIE.*

**20.** Tous pouvoirs conférés à la compagnie par les lettres patentes ou les lettres patentes supplémentaires, seront exercés conformément aux dispositions et avec les restrictions que contient le présent acte.

Les pouvoirs s'exerceront conformément au présent acte.

Et ailleurs.

Les actes des procureurs de la compagnie seront valables.

**24.** Tous contrats, conventions, engagements ou marchés faits, toutes lettres de change tirées, acceptées ou endossées, et tous billets à ordre et chèques souscrits, tirés ou endossés, au nom de la compagnie, par ses agents, officiers ou serviteurs, dans l'exercice ordinaire des pouvoirs qu'ils auront reçus comme tels en vertu de ses règlements, seront obligatoires pour elle ; et dans aucun cas il ne sera nécessaire d'apposer le sceau de la compagnie aux dits contrats, conventions, engagements, marchés, lettres de change, billets à ordre ou chèques, ni de prouver qu'ils ont été faits, tirés, acceptés ou endossés, selon le cas, conformément à quelque règlement, ou à quelque résolution ou ordre spécial ; et la personne qui agira de la sorte comme agent, officier ou serviteur de la compagnie, ne contractera par là aucune responsabilité personnelle envers les tiers ; mais rien dans le présent acte ne sera censé autoriser la compagnie à émettre aucun billet payable au porteur ou aucun billet à ordre destiné à circuler comme monnaie ou comme billet de banque, ni à faire les opérations de banque ou les opérations d'assurance.

Agents non responsables personnellement. Proviso : défense à la compagnie d'émettre des billets de banque, etc.

Les mots "à responsabilité limitée" seront insérés après le nom de la compagnie dans les avis, etc.

**25.** La compagnie aura toujours son nom, avec ces mots "à responsabilité limitée" (*limited*) à la suite, peint ou affiché en évidence et en caractères facilement lisibles, à l'extérieur de chaque bureau ou lieu où elle exercera ses opérations ; et elle fera graver son nom avec ces mêmes mots sur son sceau en caractères lisibles, et fera mettre son nom avec ces mêmes mots à la suite, en caractères lisibles, dans tous ses avis, annonces et autres publications officielles, et dans toutes lettres de change, billets à ordre, endossements, chèques et ordres pour deniers ou marchandises, portant qu'ils sont signés par elle ou en son nom, ainsi que dans toutes ses factures, envois et quittances.

Amende pour contravention à l'article précédent.

2. Toute compagnie qui n'aura point son nom, avec ces mots "à responsabilité limitée" (*limited*) à la suite, peint ou affiché de la manière prescrite par le présent acte, sera passible d'une amende de vingt piastres pour chaque jour durant lequel elle n'aura pas son nom peint ou affiché de la sorte.

#### *De l'obtention de plus amples pouvoirs.*

**26.** La compagnie pourra, en tout temps, au moyen d'une résolution adoptée par des actionnaires représentant au moins les deux tiers en somme de son capital souscrit, dans une assemblée générale spéciale convoquée à cet effet, autoriser les directeurs à demander des lettres patentes supplémentaires qui étendent les pouvoirs de la compagnie à tels autres objets prévus par le présent acte, que spécifiera la résolution.

Le compagnie peut autoriser ses directeurs à demander de plus amples pouvoirs.

**27.** Les directeurs pourront, dans les six mois après l'adoption de cette résolution, demander au secrétaire d'Etat la délivrance de ces lettres patentes supplémentaires.

Demande par les directeurs.

**28.** Avant la délivrance des lettres patentes supplémentaires, les requérants devront établir, à la satisfaction du Secrétaire d'Etat, que la résolution autorisant la demande a été régulièrement adoptée; et le Secrétaire d'Etat recevra à cet effet et conservera en dépôt toute déposition nécessaire, faite par écrit, sous serment ou affirmation, ou sous déclaration statutaire, aux termes de l'Acte de la preuve en Canada, 1893.

Preuve à produire devant le Secrétaire d'Etat.

**29.** Sur cette preuve dûment faite, le Secrétaire d'Etat pourra accorder des lettres patentes supplémentaires, à l'effet d'étendre les pouvoirs de la compagnie à tout ou partie des objets spécifiés dans la résolution; et le Secrétaire d'Etat en donnera avis immédiatement, dans la *Gazette du Canada*, suivant la formule D de la première annexe du présent acte; après quoi, à compter de la date des lettres patentes supplémentaires, l'entreprise de la compagnie s'étendra aux autres objets énoncés dans les lettres patentes supplémentaires, et les comprendra absolument comme s'ils eussent été mentionnés dans les lettres patentes primitives; et cet avis sera textuellement inséré sans retard, par les soins de la compagnie qu'il concernera, quatre fois, dans au moins un journal du comté, de la cité ou du lieu où sera établi le siège ou l'agence principale de la compagnie.

2. Si la compagnie manque ou néglige de faire insérer le dit avis, elle sera coupable d'une offense et passible, sur conviction sommaire devant deux juges de paix, d'une amende de vingt piastres au plus par chaque jour que se continuera ce manquement ou cette négligence.

Amende.

#### RESPONSABILITÉ DES ACTIONNAIRES.

**30.** Les actionnaires de la compagnie ne seront point responsables, comme tels, de ses actes, manquements ou obligations, ni des engagements, réclamations, paiements, pertes, dommages, transactions ou autres choses quelconques, ayant rapport ou se rattachant à son entreprise, au delà du montant non payé sur leurs parts respectives dans le capital-actions.

Limitée au montant non payé sur les actions.

Responsa-  
bilité des  
actionnaires.

**31.** Chaque actionnaire, jusqu'à ce qu'il ait versé tout le montant de ses actions, sera personnellement obligé envers les créanciers de la compagnie jusqu'à concurrence d'une somme égale à ce qui restera à payer sur ses actions; mais aucun créancier ne pourra le poursuivre pour cette somme avant qu'il n'ait été constaté par procès-verbal qu'une exécution exercée par ce même créancier contre la compagnie n'a rien ou n'a pas suffisamment produit; et le montant dû après l'exécution, jusqu'à concurrence de ce qui restera à payer sur les actions, ainsi qu'il est dit ci-dessus, sera, avec les frais, le montant recouvrable de l'actionnaire; et ce montant, s'il est payé par lui, sera considéré comme versé sur ses actions.

**2.** Tout actionnaire pourra plaider par voie d'exception, pour le tout ou pour partie, toute compensation qu'il pourra opposer à la compagnie, excepté les réclamations pour dividendes impayés, ou toute rétribution ou allocation en faveur d'un président ou d'un directeur de la compagnie.

Les fidéicom-  
missaires ne  
seront pas  
personnelle-  
ment  
responsables.

**32.** Celui qui sera porteur d'actions de la compagnie en qualité d'exécuteur testamentaire, administrateur, tuteur, curateur, gardien ou fidéicommissaire de ou pour une personne mentionnée dans les livres de la compagnie comme étant ainsi représentée par lui, ne sera personnellement sujet à aucune responsabilité comme actionnaire; mais les biens et deniers en sa possession seront obligés, de la même manière et au même degré que le serait le testateur ou l'intestat, le mineur, pupille ou interdit, ou l'intéressé au fidéicommiss, s'il était vivant et capable d'agir, ou possédait les actions en son propre nom; et nul individu nanti d'actions à titre de garantie collatérale, ne sera personnellement sujet à aucune telle responsabilité; mais celui qui aura engagé ces actions en sera réputé le porteur, et par conséquent sera responsable comme actionnaire.

Mais ils  
auront droit  
de voter.

**33.** Tout exécuteur testamentaire, administrateur, curateur, gardien ou fidéicommissaire en possession d'actions ainsi qu'il a été dit, les représentera aux assemblées de la compagnie, où il pourra voter comme un actionnaire; et toute personne qui aura engagé ses actions pourra les représenter aux assemblées, et, bien qu'elles soient engagées, voter comme actionnaire.

#### PROSPECTUS, ETC.

Les prospec-  
tus, etc., men-  
tionneront cer-  
tains contrats  
faits par la  
compagnie;  
sinon, ils  
seront réputés  
frauduleux.

**34.** Les prospectus de la compagnie et les annonces invitant le public à souscrire de ses actions, contiendront les dates de tout contrat et les noms des parties à tout contrat passé par elle ou ses promoteurs, directeurs ou fidéicommissaires avant la publication de ces prospectus ou annonces, que le contrat soit sujet ou non à ratification par les directeurs ou par la compagnie ou autrement; et tous prospectus ou annonces ne contenant pas ces indications seront réputés frauduleux de la part des promoteurs, directeurs et officiers de la compagnie qui les auront publiés avec connaissance, à l'égard des personnes qui prendront des actions dans la compagnie sur la foi de ces prospectus ou annonces et qui n'auront pas eu avis de l'existence du contrat.

#### POSSESSIONS D'ACTIONS D'AUTRES COMPAGNIES.

Conditions  
pour l'achat  
d'actions  
d'autres com-  
pagnies.

**35.** La compagnie dans aucun cas n'émettra de ses fonds pour l'achat d'actions d'autres corporations, à moins que les directeurs n'aient été expressément autorisés par un règlement passé par eux pour tel achat, et sanctionné par le vote d'actionnaires représentant au moins les deux tiers en somme du capital, à une assemblée générale de la compagnie dûment convoquée pour délibérer sur le sujet du règlement; pourvu toujours que, si les lettres patentes autorisent tel achat, il ne soit pas nécessaire d'adopter un règlement à cet égard.

**36.** Les actions de la compagnie seront réputées biens mobiliers ; elles seront transférables de la manière et sous les conditions et restrictions prescrites par le présent acte, les lettres patentes ou les règlements de la compagnie.

Actions réputées biens mobiliers.

**37.** Si les lettres patentes ou les lettres patentes supplémentaires ne contiennent pas d'autre disposition expresse à cet effet, les actions de la compagnie ou les actions créées par suite de toute augmentation de son capital, lorsque la répartition n'en aura pas été déterminée dans ces lettres mêmes, seront réparties quand et comme les directeurs l'ordonneront par règlement.

Leur répartition.

**38.** Les directeurs de la compagnie pourront faire un règlement pour la création et l'émission d'une partie du capital-actions sous la forme d'actions privilégiées, en donnant à ces dernières telle préférence et priorité, relativement aux dividendes et à tout autre égard, sur les actions ordinaires, qui pourra être énoncée par le règlement.

Actions privilégiées.

2. Le règlement pourra disposer que les porteurs de ces actions privilégiées auront le droit de choisir une certaine proportion du bureau de direction, ou pourra leur donner tel autre contrôle sur les affaires de la compagnie qui serait jugé convenable.

Effet sur le contrôle des affaires.

3. Aucun règlement de cette nature n'aura de force ou d'effet quelconque, qu'après avoir été soit approuvé par le vote des trois quarts des actionnaires présents en personne ou par fondés de procuration, à une assemblée générale de la compagnie, dûment convoquée pour en délibérer, et représentant les deux tiers du capital de la compagnie, soit unanimement approuvé par écrit par les actionnaires de la compagnie.

Conditions quant à l'effet du règlement créant actions privilégiées.

4. Les porteurs des actions privilégiées seront réputés actionnaires au sens du présent acte, et, à tous égards, jouiront de tous les droits et seront sujets à toutes les obligations des actionnaires au sens du présent acte : pourvu, cependant, qu'à l'égard des dividendes et à tous autres égards visés par le règlement, conformément au présent acte ils aient, à l'encontre des actionnaires ordinaires, les préférences et les droits donnés par le règlement.

Droits des porteurs d'action privilégiées.

**39.** La compagnie ne sera tenue de veiller à l'exécution d'aucun fidéicommis, soit formel, implicite ou d'induction qui pourrait exister à l'égard de quelque action ; et le reçu donné par l'actionnaire au nom duquel l'action sera inscrite dans les livres de la compagnie, sera pour elle une décharge valable et efficace de tous dividendes ou deniers payables à raison de la dite action, soit qu'elle ait ou non été notifiée de l'existence du fidéicommis ; et elle ne sera pas tenue de veiller à l'emploi des deniers payés sur ce reçu.

La compagnie ne sera pas responsable de l'exécution des fidéicommis.

*De l'augmentation ou de la réduction du capital, etc.*

**40.** Les directeurs de toute compagnie pourront, à toute époque, faire un règlement pour subdiviser ses actions existantes en actions d'une quotité moindre.

Division des actions.

**41.** Les directeurs de la compagnie, à toute époque, après que quatre-vingt-dix pour cent de son capital-actions auront été souscrits entièrement et qu'il aura été versé cinquante pour cent de ce capital, pourront faire un règlement à l'effet de l'augmenter jusqu'à concurrence du montant qu'ils considéreront comme nécessaire pour que la compagnie puisse dûment exercer son entreprise.

Augmentation du capital.

Règlement à cet effet.

2. Ce règlement indiquera le nombre des actions du capital nouveau, et pourra prescrire la manière de les répartir ; et, s'il ne fixe pas de mode de répartition, les directeurs seront investis du contrôle absolu de cette répartition.

Réduction du capital.

42. Les directeurs de la compagnie pourront, à toute époque, faire un règlement à l'effet de réduire le capital social au montant qu'ils croiront convenable et suffisant pour permettre à la compagnie d'exécuter dûment son entreprise ;

Règlement à cet effet.

2. Ce règlement énoncera le nombre et la valeur des actions du capital tel que réduit, ainsi que leur répartition, ou la manière dont elle s'effectuera.

La responsabilité envers les créanciers restera la même.

3. La responsabilité des actionnaires envers les personnes qui, lors de la réduction du capital, étaient créancières de la compagnie, restera la même que si le capital n'eût pas été réduit.

Le règlement devra être approuvé par les actionnaires et ratifié par lettres patentes supplémentaires.

43. Aucun règlement portant augmentation ou réduction du capital de la compagnie, ou subdivisant ses actions, n'aura de force ou d'effet qu'après avoir été approuvé par le vote d'actionnaires représentant au moins les deux tiers en somme de la totalité du capital souscrit, à une assemblée générale spéciale de la compagnie, dûment convoquée pour en délibérer, et avoir été ratifié ensuite par lettres patentes supplémentaires.

Demande de ratification de règlement par lettres patentes supplémentaires. Le règlement sera joint à cette demande.

44. Dans le délai de six mois au plus, à compter de l'approbation du règlement, les directeurs pourront demander, au Secrétaire d'Etat, la délivrance de lettres patentes supplémentaires ratifiant ce règlement.

2. A leur pétition, ils joindront une copie du règlement revêtu du sceau de la compagnie et signée par le président, ou le vice-président et le secrétaire ; et ils devront prouver, à la satisfaction du Secrétaire d'Etat, que le règlement a été régulièrement adopté et approuvé, et que l'augmentation ou la réduction du capital, ou la subdivision des actions, prescrite par ce règlement, selon le cas, est opportune et a le caractère de la bonne foi.

Le Secrétaire d'Etat pourra recevoir des témoignages à l'appui de cette demande.

3. Le Secrétaire d'Etat recevra à cet effet et conservera en dépôt toute déposition nécessaire, faite par écrit, sous serment ou affirmation, ou sous déclaration solennelle, ainsi qu'il est dit ci-dessus.

Délivrance de lettres supplémentaires.

45. Sur cette preuve dûment faite, le Secrétaire d'Etat pourra accorder des lettres patentes supplémentaires et le Secrétaire d'Etat en donnera avis immédiatement dans la *Gazette du Canada*, suivant la formule E de la première annexe du présent acte ; après quoi, à compter de la date des lettres patentes supplémentaires, le capital de la compagnie sera et demeurera élevé ou réduit, ou les actions seront subdivisées, selon le cas, au montant, de la manière, et sous les conditions exprimées au dit règlement ; et les dispositions du présent acte s'appliqueront à la totalité du capital, soit accru ou réduit, de même, autant que faire se pourra, que si chacune des fractions de ce capital avait fait partie du fonds primitif de la compagnie.

Avis et effet des lettres.

#### APPELS DE VERSEMENTS.

Versement de dix pour cent dans le délai d'une année de la constitution.

46. Un versement de dix pour cent au moins sur les actions réparties de la compagnie devra, au moyen d'une ou de plusieurs demandes formellement faites, être appelé et fait payable au cours de l'année qui suivra la constitution en corporation de la compagnie ; la balance sera versée aux époques et de la manière que prescriront les lettres patentes, ou les dispositions du présent acte, ou les règlements de la compagnie.

**47.** L'appel sera censé fait le jour où les directeurs auront adopté la résolution qui l'autorise ; et si un actionnaire manque à effectuer un versement auquel il est tenu, au jour ou avant le jour fixé pour le faire, il sera sujet à l'obligation de payer intérêt, au taux de six pour cent par an, sur la somme exigible, depuis le jour indiqué pour le versement jusqu'à celui où ce versement sera effectué par lui.

Intérêt sur les versements arriérés.

**48.** Les directeurs pourront, s'ils le trouvent à propos, recevoir de tout actionnaire qui désirera en faire l'avance, tout ou partie des montants dus sur les actions possédées par lui, en sus des sommes dont le versement serait alors exigible par suite d'appels ; et sur les deniers ainsi reçus par avance, ou sur toute partie de ces deniers qui, à quelque époque que ce soit, dépasserait le montant alors exigible par suite d'appels de versements sur les actions pour lesquelles l'avance est faite, la compagnie pourra payer tel intérêt, n'excédant pas huit pour cent par an, dont les directeurs conviendront avec l'actionnaire.

Versements anticipés.

Intérêt.

**49.** Si, après l'appel ou l'avis prescrit par les lettres patentes ou par une résolution des directeurs ou les règlements de la compagnie, quelque versement demandé sur des actions n'est pas opéré dans le temps fixé par ces lettres patentes ou par résolution des directeurs ou ces règlements, les directeurs pourront, à leur discrétion, par résolution adoptée à cet effet et dûment consignée dans leurs procès-verbaux, confisquer sommairement les actions sur lesquelles le versement n'aura pas été effectué ; et, de ce moment, elles appartiendront à la compagnie, et il pourra en être disposé selon que les directeurs l'ordonneront, d'après les règlements de la compagnie ou autrement ; mais, nonobstant la confiscation, le porteur des actions, lorsqu'elle sera exercée, restera responsable, envers les individus qui seront alors créanciers de la compagnie, de la totalité du montant impayé sur ces actions au moment de leur confiscation, moins les sommes qu'elles pourront rapporter ultérieurement à la compagnie.

Confiscation en cas d'inexécution de versements.

Proviso : responsabilité de l'actionnaire maintenue.

**50.** Au lieu de confisquer les actions, les directeurs, s'ils le jugent à propos, pourront contraindre le retardataire à verser toute somme exigible et à payer l'intérêt de cette somme, par voie de poursuite devant une cour compétente ; et, dans la demande, il ne sera pas nécessaire d'exposer les faits spéciaux, mais il suffira d'alléguer que le défendeur est porteur d'une ou plusieurs actions, en en indiquant le nombre, qu'il doit telle somme d'argent à laquelle se monte son arriéré de versements, pour une ou plusieurs actions, à la suite d'un ou plusieurs appels, en indiquant le nombre des appels et le montant de chacun d'eux, et que, par conséquent, un recours en justice est ouvert à la compagnie en vertu du présent acte.

La compagnie pourra poursuivre l'exécution des versements.

#### TRANSFERT DES ACTIONS.

**51.** Nul transfert d'actions, s'il n'est opéré par vente forcée ou à la suite d'un décret, ordre ou jugement d'une cour compétente, n'aura, jusqu'à ce qu'il soit dûment inscrit sur le registre des transferts, aucun effet, excepté celui de constater les droits respectifs des parties et de rendre le cessionnaire responsable, dans l'intervalle, conjointement et solidairement avec le cédant, envers la compagnie et ses créanciers.

Les transferts ne seront valables qu'après inscription.

2. Cet article ne s'appliquera pas aux compagnies dont les actions sont cotées et négociées à toute bourse reconnue au moyen de *scrips* communément en usage, endossés en blanc et transférables par délivrance, lesquels constitueront des transports valables ; le détenteur d'un *scrip* n'aura pas néanmoins droit de voter sur les actions avant qu'elles n'aient été enregistrées en son nom dans les livres de la compagnie.

Responsabilité des directeurs à l'égard des transferts en certains cas.

Comment un directeur peut s'en décharger.

Si les actions ont transmises autrement que par transfert.

Demande d'une ordonnance de cour en pareil cas.

Avis de cette demande.

Proviso : paiement des frais.

Restriction quant aux transferts.

Transfert par un débiteur de la compagnie.

Transfert par un représentant personnel.

**52.** Nul transfert d'actions dont le montant n'aura pas été payé intégralement, ne pourra se faire qu'avec le consentement des directeurs ; et toutes les fois qu'il sera fait, avec ce consentement, un transfert d'actions non payées en entier à une personne qui paraîtra être sans moyens suffisants pour les libérer, les directeurs seront conjointement et solidairement responsables, envers les créanciers de la compagnie, de la même manière et au même degré que le serait le cédant si le transfert n'avait pas été effectué ; mais, en pareil cas, si quelque directeur présent lorsqu'on permettra le transfert, inscrit immédiatement, ou si quelque directeur absent alors, inscrit dans les vingt-quatre heures du moment qu'il apprendra la permission et le pourra faire, sur le livre des procès-verbaux du conseil de direction, sa protestation contre le transfert permis, et insère cette protestation, dans la huitaine suivante, dans au moins un des journaux du lieu où la compagnie aura son siège ou bureau principal, ou, s'il n'y a pas de journal, du lieu le plus voisin où il en existera,—il pourra par là, mais non autrement, se décharger de cette responsabilité.

**53.** En cas de transmission, par le décès d'un actionnaire ou par quelque autre cause, de l'intérêt dans une part du capital-actions de la compagnie,—ou en cas de mutation de la propriété ou du droit légal de possession d'une action, par tout moyen licite autre que le transfert, conformément aux dispositions du présent acte,—la compagnie, si les directeurs ont des doutes raisonnables sur la légalité de la réclamation d'un prétendant droit à cette action, pourra faire et présenter, dans une des cours supérieures de la province où sera situé son bureau principal, une déclaration et requête par écrit, adressée aux juges de cette cour, énonçant les faits et le nombre d'actions que possédait précédemment la personne au nom de laquelle la dite action est inscrite sur les livres de la compagnie, et demandant une ordonnance ou jugement qui adjuge ou attribue cette action à celui ou à ceux qui légalement y ont droit ; et la compagnie se conformera à l'ordonnance ou jugement qui sera donné, et qui la rendra indemne et l'affranchira de toute responsabilité relativement à toute autre réclamation qui pourrait se produire pour cette même action.

2. Avis de l'intention de présenter la requête sera donné au prétendant droit à l'action, ou à son procureur dûment autorisé à cet effet, lequel, après la requête présentée, devra justifier du droit à l'action ou aux actions mentionnées dans la dite requête ; et le délai pour plaider, et les autres formalités en pareil cas, seront ceux observés, dans les cas analogues, devant les dites cours supérieures ; pourvu que les frais faits pour obtenir l'ordonnance ou le jugement soient payés par la personne ou les personnes à qui l'action ou les actions seront déclarées appartenir légalement,—et le transfert de celles-ci ne sera opéré sur les livres de la compagnie qu'après le paiement de ces frais,—sauf le recours de celui qui justifiera de son droit aux actions contre toute personne qui le lui aura contesté.

**54.** Une action ne pourra se transférer avant qu'il n'ait été entièrement satisfait à tous les appels de versements jusqu'au moment du transfert.

**55.** Les directeurs pourront refuser d'enregistrer tout transfert d'actions appartenant à un actionnaire endetté envers la compagnie.

**56.** Tout transfert des actions ou autres intérêts d'un actionnaire décédé, qu'effectuera son représentant personnel, sera, bien que celui-ci ne soit pas lui-même actionnaire, aussi valable que si ce représentant avait la qualité d'actionnaire au moment où il passe l'acte de transfert.

## POUVOIRS D'EMPRUNTER.

**57.** S'ils y sont autorisés par un règlement confirmé par le vote d'actionnaires représentant au moins les deux tiers en somme du capital souscrit de la compagnie, à une assemblée générale dûment convoquée pour en délibérer, les directeurs pourront de temps à autre—

(a) faire des emprunts de deniers sur le crédit de la compagnie;

(b) limiter ou accroître le montant des emprunts à faire;

(c) émettre des obligations, débetures ou autres valeurs de la compagnie et les donner en garantie ou les vendre pour les prix et sommes jugés convenables; mais nulle telle obligation, débeture ou autre valeur ne sera pour une somme moindre de cent piastres;

(d) hypothéquer, mortgager ou donner en garantie les biens meubles ou immeubles de la compagnie, ou ces deux espèces de biens, pour garantir telles obligations, débetures ou autres valeurs, et tous emprunts de deniers faits pour les objets de la compagnie.

## DIVIDENDES.

**58.** Il ne sera déclaré aucun dividende qui entamera le capital de la compagnie. Dividendes.

**59.** Les directeurs pourront déduire des dividendes payables à un actionnaire toutes sommes d'argent dues par lui à la compagnie par suite d'appels de versement ou autrement. Sommes dues déduites des dividendes.

## DIRECTEURS.

**60.** Les affaires de la compagnie seront administrées par un conseil de direction composé de trois membres au moins et de quinze au plus. Conseil de direction.

**61.** Les personnes désignées comme tels dans les lettres patentes, seront les directeurs de la compagnie jusqu'à ce que d'autres personnes soient dûment nommées à leur place. Directeurs provisoires.

**62.** Si, à une époque quelconque, une élection de directeurs n'est pas faite, ou si elle n'est pas faite en temps convenable, la compagnie ne sera point réputée dissoute par là; mais l'élection pourra avoir lieu ultérieurement à une assemblée générale de la compagnie dûment convoquée à cet effet; et les directeurs sortants resteront en exercice jusqu'à l'élection de leurs successeurs. Comment remédier au défaut d'élection des directeurs.

**63.** Nul ne sera ensuite élu ou nommé directeur à moins de posséder absolument, en son propre nom, des actions dans la compagnie, jusqu'à concurrence du montant exigé par ses règlements, et de n'être arriéré à l'égard d'aucun versement demandé sur ses actions. Qualité exigée des directeurs subéquents.

**64.** La compagnie pourra, par voie de règlement, élever jusqu'à quinze au maximum ou réduire à trois au minimum, le nombre de ses directeurs, ou changer le siège principal de ses affaires en Canada; mais aucun règlement pour l'un de ces objets ne sera valable ni mis à exécution, à moins d'avoir été approuvé par le vote d'actionnaires représentant au moins les deux tiers en somme du capital, à une assemblée générale spéciale dûment convoquée pour en délibérer, et qu'une copie, certifiée sous le sceau de la compagnie, en ait été remise au Secrétaire d'Etat et aussi publiée dans la *Gazette du Canada*. Règlement pour augmenter ou diminuer le nombre des directeurs, etc.

Election des  
directeurs.

**65.** Les actionnaires, réunis en assemblée générale de la compagnie, dans un lieu situé en Canada, éliront des directeurs, aux époques, de la manière, et pour tel terme, ne dépassant pas deux ans, que les lettres patentes, ou, à leur défaut, les règlements de la compagnie, prescriront.

Mode et époque de l'élection.

Election annuelle.

Scrutin.

Vacances.

Président, etc.

**66.** En l'absence d'autres dispositions à cet égard, dans les lettres patentes ou les règlements de la compagnie,—

(a) l'élection des directeurs aura lieu annuellement, et tous ceux qui seront en exercice dans le temps se retireront ; mais ils pourront être réélus s'ils ont, du reste, les qualités requises ;

(b) les élections des directeurs se feront au scrutin ;

(c) s'il survient des vacances dans le conseil de direction, les directeurs pourront y pourvoir, en nommant aux places vacantes, pour le reste du terme, des actionnaires de la compagnie possédant les qualités requises ;

(d) les directeurs éliront, de temps à autre, parmi eux, un président, et, s'ils le jugent à propos, un vice-président de la compagnie ; ils pourront aussi nommer tous autres officiers de la compagnie.

Les directeurs seront indemnisés de certains frais sur les fonds de la compagnie.

**67.** Tout directeur et ses héritiers exécuteurs testamentaires et administrateurs, ainsi que ses biens et effets, pourront, avec le consentement de la compagnie donné en assemblée générale à toutes époques, être indemnisés et remboursés sur les fonds de la compagnie, de tous frais et dépenses quelconques que ce directeur supportera ou fera au cours ou à l'occasion d'une action, poursuite ou procédure intentée ou exercée contre lui, à raison d'actes, faits ou choses accomplis ou permis par lui dans l'exercice et pour l'exécution de ses fonctions ; et aussi de tous autres frais et dépenses qu'il supportera ou fera au cours ou à l'occasion des affaires relevant de sa charge, excepté ceux résultant de sa propre négligence ou de son manquement volontaire.

Excepté s'il y a eu négligence de leur part.

#### ATTRIBUTIONS DES DIRECTEURS.

Pouvoirs et devoirs des directeurs.

**68.** Les directeurs de la compagnie pourront administrer ses affaires dans tous leurs détails, et passer ou faire passer, au nom de la compagnie, toute espèce de contrat que la loi lui permet de faire ; et, à toute époque, ils pourront faire des règlements, non contraires à la loi, aux lettres patentes ni au présent acte, pour régler les objets suivants :—

Quais de chargement.

"42. Sur requête écrite faite au commissaire par dix cultivateurs domiciliés dans un rayon de vingt milles de leur point d'expédition le plus rapproché, et sur approbation de cette requête, la compagnie de chemin de fer devra, dans le délai ci-après mentionné, construire et entretenir à ce point un quai de chargement, tel que ci-dessous décrit, propice au chargement direct du grain des voitures dans les wagons.

"2. Chaque quai de chargement sera élevé dans l'enceinte de la cour de la station, sur une voie latérale que la compagnie posera sur son terrain, en quelque endroit d'accès facile qu'approuvera le commissaire, et il aura au moins dix pieds de largeur et telles autres dimensions, et sera construit avec tels matériaux et de telle manière que déterminera le commissaire; et s'il n'y a pas de cour de station à cette voie latérale, il sera construit suivant que le prescrira le commissaire mais non sur des voies latérales de croisement réservées pour les traversées seulement.

"3. Ces quais pourront être utilisés gratuitement pour le chargement du grain.

"4. La compagnie de chemin de fer construira ce quai de chargement dans les trente jours qui suivront la demande qui lui en sera faite par le commissaire, à moins qu'elle n'en soit empêchée par une grève ou quelque autre cause imprévue, et elle sera passible d'une amende de vingt-cinq piastres par jour, au moins, pour chaque jour de retard au delà de ce laps de temps. L'époque de l'année durant laquelle le commissaire pourra recevoir ces requêtes, sera entre le quinzième jour d'avril et le quinzième jour d'octobre.

"5. La compagnie de chemin de fer fournira des wagons aux cultivateurs, sans retard inutile, pour leur chargement à ces quais; et à tout point d'expédition où il n'y aura pas de quai de chargement, des wagons seront fournis par la compagnie de chemin de fer, sans retard inutile, pour charger le grain directement des voitures."

Art. 47 remplacé.

Ce qui sera fait des deniers reçus.

6. L'article 47 est abrogé et remplacé par le suivant :—

Art. 57 remplacé, et art. 58 ajouté.

Amendes.

7. L'article 57 du dit acte est abrogé et remplacé par les suivants :—

Toute personne, raison sociale ou corporation qui se rendra coupable de quelque infraction ou négligera de se conformer à quelque disposition du présent acte, pour laquelle il ne prescrit pas de punition spéciale, ou qui enfreindra quelque règle ou règlement établi sous son empire, sera, sur conviction

sommaire, outre toute autre punition prescrite par la loi, passible d'une amende de cinquante piastres à mille piastres, et, à défaut de paiement, d'un emprisonnement d'un mois à un an.

"58. A chaque station ou gare où il y aura un agent de chemin de fer et où il sera expédié du grain par les soins de cet agent, un registre de commandes de wagons sera tenu, pour chaque point de chargement sous les soins de cet agent, ouvert au public, dans lequel ceux qui auront besoin de wagons inscriront leurs commandes. Les requérants pourront donner leurs commandes suivant leurs besoins, et les wagons ainsi demandés seront mis à la disposition des requérants suivant l'ordre du temps dans lequel leurs commandes seront inscrites au registre, sans distinction aucune entre un élévateur, un entrepôt plat et un quai de chargement; et tout requérant qui manquera de charger un ou des wagons dans les vingt-quatre heures après que la compagnie de chemin de fer les aura fournis, perdra son droit quant à ce ou ces wagons non chargés.

Registre des  
commandes  
de wagons.

"2. Lorsque la compagnie de chemin de fer ne pourra, pour quelque cause raisonnable, fournir assez de wagons à quelque point de chargement pour remplir toutes les commandes comme susdit, les wagons dont elle pourra disposer seront répartis aux requérants dans l'ordre de leur demande telle qu'elle sera inscrite au registre des commandes, jusqu'à ce que chaque requérant ait reçu un wagon, après quoi le surplus des wagons, s'il en reste, sera réparti proportionnellement suivant les besoins de chaque requérant."

2. Une proclamation annonçant la votation sera publiée pendant deux semaines au moins avant l'ouverture de la votation, dans les journaux et en l'affichant de la manière prescrite par l'article 15 du présent acte.

Publicité.

**27.** Immédiatement après avoir déclaré qu'il y aura votation, l'officier-rapporteur fera afficher à tous les endroits où il aura été établi des bureaux de votation pour la réception des votes à l'élection, et dans quatre des endroits les plus publics de chaque arrondissement, un avis d'élection suivant la formule I de l'annexe du présent acte.

Avis à afficher s'il y a votation.

**28.** Dès qu'il aura reçu le bref, l'officier-rapporteur en notifiera la réception au juge en chef de la cour territoriale ou, s'il n'y a pas de juge en chef, au juge senior de la cour, ou si le juge en chef ou le juge senior, selon le cas, est empêché d'agir pour cause de maladie ou d'absence du territoire, ou pour une autre cause, au juge puisné senior ou au juge le plus ancien, selon le cas, et le juge en chef ou le juge ainsi notifié nommera sans retard un énumérateur pour chaque arrondissement de votation, chargé de dresser la liste de électeurs de cet arrondissement.

Nomination d'énumérateurs.

2. Chaque énumérateur devra, avant d'agir comme tel, prêter un serment d'office d'après la formule J de l'annexe du présent acte.

Serment d'office à prêter.

3. L'énumérateur, aussitôt après avoir prêté le dit serment, affichera, dans six des endroits les plus publics de chaque arrondissement, un avis qu'il a été nommé énumérateur pour cet arrondissement, et qu'il commencera immédiatement à dresser la liste des électeurs de cet arrondissement, qu'il terminera dans les trente jours, et indiquant le bureau ou l'endroit où il pourra être trouvé pendant ce temps, ainsi que les heures auxquelles il sera à ce bureau chaque jour ouvrable, lesquelles heures ne commenceront pas plus tard que dix heures du matin et ne finiront pas plus tôt que quatre heures de l'après-midi tous les jours.

électeurs à  
dresser.

**29.** Chacun de ces énumérateurs devra, lorsqu'il sera nommé et qu'il aura prêté le serment d'office, compiler une liste de toutes les personnes ayant droit de voter comme électeurs à l'élection pendante, pour l'arrondissement ou chacun des arrondissements de votation pour lequel ou lesquels il aura été nommé; et il en fera trois copies lisiblement écrites, avec les noms des électeurs disposés par ordre alphabétique, donnant l'occupation et le domicile de chaque électeur, suivant la formule K de l'annexe du présent acte

Quels noms  
pourront être  
portés sur  
la liste.

2. En dressant cette liste, l'énumérateur ne pourra y inscrire que les noms des personnes qui établiront, par une déclaration statutaire faite par elles ou par un mandataire ayant connaissance personnelle des faits, et remise à l'énumérateur, qu'elles possèdent les qualités exigées par la loi pour leur donner droit de voter en vertu des dispositions du présent acte.

Listes à  
compléter et  
afficher.

**30.** Chaque énumérateur terminera, datera du lieu de sa résidence et signera les copies de la liste ou des listes d'électeurs comme susdit, quinze jours avant celui de la votation; il affichera deux de ces copies pour chaque arrondissement de votation dans deux des endroits les plus publics de cet arrondissement, et il gardera l'autre pour revision.

Correction des  
listes d'élec-  
teurs.

**31.** Si un énumérateur, en tout temps après avoir affiché la liste des électeurs, et sept jours avant celui de la votation, est parfaitement convaincu, d'après les représentations que lui fera quelque personne digne de foi, que le nom d'un électeur ayant droit de vote a été omis de la liste des électeurs de l'arrondissement de votation auquel appartient cet électeur, il ajoutera ce nom à la copie de la liste en sa possession, au-dessous de sa propre signature, et attestera cette addition par ses initiales; si l'énumérateur, de la même manière, est parfaitement convaincu qu'il y a sur la liste le nom de quelque personne qui n'est pas électeur dans cet arrondissement de votation, il pourra en biffer ce nom et apposer ses propres initiales en regard de ce nom, dans la colonne destinée aux "Remarques;" et si l'énumérateur découvre que l'occupation, qualité ou résidence d'un électeur est inexactement inscrite sur la liste, il pourra y faire les changements nécessaires et y apposer ses initiales de la même manière.

Attestation  
des listes  
d'électeurs.

**32.** Chaque énumérateur, après avoir revisé et corrigé la copie qu'il aura gardée de chaque liste d'électeurs compilée par lui, s'il juge cette correction nécessaire, ainsi que prescrit à l'article précédent, écrira au bas de cette copie et tout près du dernier nom inscrit, deux jours avant celui de la votation, un certificat d'après la formule du second certificat donné dans la formule K de l'annexe du présent acte.

La liste sera  
remise au  
sous-officier-  
rapporteur.

**33.** L'énumérateur remettra immédiatement la liste des électeurs ainsi certifiée, ou avant huit heures du matin du jour de la votation, au sous-officier-rapporteur de l'arrondissement de votation auquel elle aura trait; et cette liste, telle qu'elle sera reçue par le sous-officier-rapporteur, sera la liste des électeurs de cet arrondissement de votation, sauf à être corrigée davantage le jour de la votation ainsi que ci-après prévu.

Avis d'infor-  
mations à  
afficher.

**34.** L'officier-rapporteur devra faire afficher, en même temps que l'avis de l'élection, un avis d'informations pour les électeurs rédigé suivant la formule L de l'annexe du présent acte.

des sous-  
officiers-rap-  
porteurs.

**35.** L'officier-rapporteur devra, par une commission sous son seing, nommer un sous-officier-rapporteur pour chaque arrondissement de votation compris dans le district électoral; mais si l'officier-rapporteur juge à propos d'agir comme sous-

officier-rapporteur dans quelque arrondissement de votation, il pourra se dispenser de nommer un sous-officier-rapporteur pour cet arrondissement et remplir lui-même les fonctions de sous-officier-rapporteur, sans prêter d'autre serment d'office que celui qu'il lui est ci-dessus prescrit de prêter.

**36.** Chaque sous-officier-rapporteur prêtera, avant d'agir comme tel, un serment d'office suivant la formule M de l'annexe du présent acte. Leur serment d'office.

**39.** Le sous-officier-rapporteur affichera, le jour de la votation, avant neuf heures du matin, dans des endroits publics et bien en vue près du bureau de votation, au moins trois exemplaires de l'avis (formule L de l'annexe du présent acte) à donner pour l'information des électeurs. Avis à afficher.

**40.** Tout sous-officier-rapporteur pourra et devra, lorsqu'il en sera requis par un candidat ou l'agent d'un candidat, faire prêter à tout électeur l'un des serments ou les deux serments énoncés dans la formule O de l'annexe du présent acte. Prestation du serment aux électeurs.

**41.** Si quelqu'un dont le nom figure sur la liste des électeurs refuse de prêter l'un ou l'autre des serments mentionnés aux deux articles précédents, son nom sera biffé de la liste, et l'on inscrira à sa suite les mots: "Refusé de prêter serment," et nulle personne dont le nom aura été ainsi biffé ne pourra voter à cette élection. **42.** Tout électeur dont le nom figurera sur la liste sans en avoir été biffé conformément aux dispositions de l'article précédent, aura droit de voter à l'élection. Quels électeurs pourront voter.

**43.** Tout sous-officier-rapporteur, candidat, agent ou greffier de bureau de votation qui appartiendra à un arrondissement de votation autre que celui auquel il sera stationné le jour de la votation, pourra voter au bureau où il sera stationné, pourvu qu'il produise un certificat de l'énumérateur de l'arrondissement de votation auquel il appartient, qu'il a droit de vote dans cet arrondissement de votation; et il sera du devoir de cet énumérateur de donner gratuitement ce certificat à tout électeur jouissant du cens électoral et ainsi stationné en dehors de son propre arrondissement de votation. Inscription dans ce cas.

**45.** Si le sous-officier-rapporteur ne peut remplir ses fonctions ou manque de les remplir, le greffier du bureau de votation agira à sa place sans prêter d'autre serment d'office, et il nommera un autre greffier qui prêtera comme tel le serment d'office ci-haut prescrit. Quand le greffier pourra agir comme sous-officier-rapporteur.

Correction de  
la liste des  
électeurs.

d'un nouveau  
comptage des

Nouvelles  
listes pas  
nécessaires s'il  
y a moins d'un  
an entre les  
élections.

**51.** Sauf ainsi que ci-dessous prévu, il ne sera pas nécessaire de dresser de nouvelles listes d'électeurs devant servir à aucune élection qui aura lieu en vertu du présent acte, lorsqu'il y aura eu, dans le dit district électoral, une élection antérieure pour laquelle des listes d'électeurs auront été dressées et seront déposées au bureau du greffier de la couronne en chancellerie, et qu'il se sera écoulé un intervalle de moins de douze mois entre les dates des brefs pour les deux élections.

S'il n'a pas été  
déposé de  
listes pour un  
arrondisse-  
ment de vota-  
tion.

**54.** S'il y avait dans le dit district électoral quelques arrondissements de votation pour lesquels il n'aurait pas été déposé de listes d'électeurs au bureau du greffier de la couronne en chancellerie, des listes pour ces arrondissements seront dressées, pour les fins de cette élection, de la manière prescrite par le présent acte.

55. Les dispositions suivantes de l'*Acte des élections fédérales de 1900* s'appliqueront aux élections dans le territoire du Yukon, en tant que ces dispositions y seront applicables et ne seront pas inconciliables avec celles du présent acte, savoir : les articles 4 à 7 inclusivement ; les articles 19 et 20 ; les alinéas (c), (d), (e) et (g) du premier paragraphe de l'article 41, et le paragraphe 2 du dit article 41 ; les articles 43 à 59 inclusivement ; les articles 62 à 64 inclusivement ; les articles 69 à 150 inclusivement, et les articles 152 à 154 inclusivement, ainsi que les formules mentionnées dans les dits articles et parties d'articles ; mais autrement, à l'exception de ce que prescrit le présent acte, l'*Acte des élections fédérales de 1900* ne sera pas applicable au territoire du Yukon.

*Informations pour les électeurs.*

Ci-suivent les conditions exigées des électeurs pour leur donner droit de vote, ainsi que prescrit par le parlement du Canada :—

“ (Ici insérez l'article 4 de cet acte.)

Si quelque électeur s'aperçoit que son nom n'est pas inscrit sur la liste des électeurs de l'arrondissement de votation auquel il appartient, il pourra s'adresser à l'énumérateur, pas plus tard que deux jours avant celui de la votation, pour faire ajouter son nom sur cette liste.

Chaque électeur ne pourra voter qu'à un seul bureau de votation et pour un seul candidat dans le district électoral.

L'électeur entrera dans l'un des compartiments et fera une croix ou des croix avec un crayon qui y sera déposé à cet usage, dans la division renfermant le nom du candidat ou de chacun des candidats en faveur duquel ou desquels il voudra voter, comme suit : X.

L'électeur pliera ensuite son bulletin de manière à n'en laisser voir qu'une partie du verso, ainsi que les initiales du sous-officier-rapporteur et le numéro du talon, mais de manière que le talon puisse en être détaché sans déplier le bulletin, puis il le remettra ainsi plié au sous-officier-rapporteur, qui le déposera dans la boîte du scrutin après en avoir détaché le talon. L'électeur sortira ensuite immédiatement du bureau de votation.

Si un électeur gâte par inadvertance un bulletin de vote; il pourra le remettre à l'officier autorisé, qui, s'étant assuré du fait, lui en donnera un autre.

Si un électeur vote pour plus de candidats qu'il n'en a le droit, ou fait quelque marque sur le bulletin au moyen de laquelle il pourrait être plus tard reconnu, son vote sera nul et ne sera pas compté.

Si un électeur emporte un bulletin de vote hors du bureau de votation, ou dépose frauduleusement quelque papier dans la boîte du scrutin autre que le bulletin de vote qui lui aura été remis par le sous-officier-rapporteur, il sera passible d'une amende de cinq cents piastres, ou d'un emprisonnement de pas plus de six mois, avec ou sans travaux forcés.

[Ref. 705,760.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 25th day of January, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

ON a report dated 17th January, 1902, from the Minister of the Interior stating that a petition was sent in 1892 to the then Superintendent General of Indian Affairs by twenty-one persons, all Half-breeds of Cumberland, asking that part of the Indian Reserve lying between the Hudson's Bay Company's Reserve and the Big Stone River, also land around the Roman Catholic Mission be withdrawn from the Reserve, in order that they might be allowed to retain the land they occupied, thereby enabling them to reside permanently around the Hudson's Bay Company's Post, where they found employment for themselves and families, while at the same time they would be in close proximity to their Mission. This request was recommended by the Rev. Father Charlebois, and Mr. John Reader, the then Indian Agent at the Pas.

The Minister further states with a view to meeting the wishes of the petitioners a surrender of the portion of the reserve containing 640 acres of land was obtained from the Cumberland band of Indians, which surrender was approved by the Governor in Council on the 19th October, 1894. The price to be paid for the benefit of the band for the land so surrendered was fixed by the Department of Indian Affairs at 50 cents an acre for 350 acres of marsh land and \$1.00 an acre for the remaining 290 acres, or in all \$465.00.

The Minister further states that the Half-breeds had failed to pay for the land in question, which they claimed as a free grant, or at a nominal price. Mr. N. O. Côté, of the Department of the Interior, who had been appointed a Joint Commissioner with Mr. Samuel McLeod, M.L.A., to investigate and deal with the claims of Half-breeds in the Saskatchewan District, was requested, on his visit to Cumberland, to inquire into and report on the claims of the squatters on the said 640 acres of land.

That Mr. Côté reported with the concurrence of Mr. McLeod (Mr. Côté and Mr. McLeod being hereafter

referred to as the Commissioners) that the 640 acres of land surrendered by the Cumberland Band of Indians is marshy, rocky, and partly wooded, and is, in their opinion, of little or no value to any one but the claimants, there being no valuable timber thereon and no land fit for cultivation, except a few small patches suitable for gardens; that the Roman Catholic Mission and school are situated at the south-east corner and outside of the Hudson's Bay Company's Reserve, and living near by are several half-breed families; that there is a road about a mile long, most of which is through a bush, from the Mission to the mouth of the Big Stone River at the north-east corner of the said Company's reserve, alongside of which road, or in close proximity thereto, the remainder of these half-breeds had built their houses; and that they were led to the conclusion that these people were not in a pecuniary position to purchase the whole of the 640 acres in question, nor did it appear to them possible, even had the proposed sale been carried out, to have satisfactorily disposed of these claims without the land having first been subdivided. It was also represented to the Commissioners that these half-breeds did not want or require the whole of the 640 acres they had been permitted to purchase, but that they were simply desirous of acquiring title either as a free grant or by purchase at \$1 an acre to a couple of acres of land each on which they had built their homes, and also of being given the privilege they now enjoy of taking wood for fuel and other purposes from the remainder of the 640 acres, and that the Indians were desirous of seeing the claimants get their lots free, as most of them were related to the Indians, and were anxious on that account to live close together, in which latter case the Indians would accept other land in lieu of that surrendered.

The Commissioners stated further that, upon the claimants being informed that in order to comply with their request a survey of the lots they claimed would first have to be made, and that this could best be accomplished by surveying the existing road and then locating their respective two acre lots along such road, as well as a few extra lots, which latter could thereafter be disposed of by the Government; and upon its being explained to them that, if this suggestion were carried out, care would be taken to give each claimant, as far as possible, the land on which the improvements were located, but that, in order to conform with the mode of survey which would be adopted, it might be necessary for them to alter the position of a portion of their fences, they expressed themselves as perfectly satisfied if their claims were treated in this manner, but insisted upon their being given free access to the remainder of the land for the wood they required.

That the Commissioners therefore recommended as, in their opinion, the best if not the only, mode of settling in an equitable manner the claims in question, that other land be given the Indian Band in lieu of the 640 acres surrendered by them, and that a survey of the squatters' locations be made, in the manner already suggested, and, if it is not possible to grant these squatters two acres each as a free grant, that their holdings of two acres each be sold to them at the minimum price of one dollar an acre, without the payment of the usual patent fee of \$10, where the proceeds of the sale is less than \$20 being exacted.

That the Commissioners also recommended that the remainder of the 640 acres be held under reservation during the pleasure of the Minister of the Interior for the use of these squatters and others living in the vicinity.

The Minister also states that the Indians of the Cumberland Band, have, since the report above referred to was made, agreed to accept 640 acres of available Dominion Lands in lieu of the proceeds which might have been realized by the sale of the 640 acres of the Reserve surrendered by them.

The Minister concurring in the foregoing recommendations submit the same for approval.

The Committee submit the same for His Excellency's approval.

JOHN J. MCGEE,  
Clerk of the Privy Council

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

THE Governor General in Council has been pleased to order that the Regulations for the disposal of coal lands the property of the Dominion Government in Manitoba, the North-west Territories and British Columbia, established by the Order in Council of the 17th September, 1889, and amended by subsequent Orders in Council, shall be and the same are hereby rescinded, and the following Regulations substituted therefor :—

REGULATIONS FOR THE DISPOSAL OF COAL LANDS, THE  
PROPERTY OF THE DOMINION GOVERNMENT IN  
MANITOBA, THE NORTH-WEST TERRI-  
TORIES AND BRITISH COLUMBIA.

1. Lands containing anthracite coal may be sold at an upset price of \$20 per acre, and coal other than anthracite at an upset price of \$10 per acre or may be sold by public competition if the Minister of the Interior shall so decide. Payment for the land in cash or scrip shall be made when the application is granted or payment may be made of one quarter of the purchase price only and the balance in three equal annual instalments with interest at the rate of five per cent per annum upon the unpaid balance. Scrip, however, cannot be accepted unless payment is made in full at the time of the sale. If payment is not made accordingly the right to purchase will be cancelled.

2. In addition to the above a royalty at the rate of ten cents per ton of 2,000 pounds will be levied and collected on the output of the mine, and it will be necessary for the person operating a mine to furnish the Agent of Dominion Lands with sworn returns monthly, or at such times as the Minister of the Interior may direct, accounting for the full quantity of coal mined, and pay the royalty thereon at the above rate.

3. Default in payment of such royalty, if continued for ten days after notice has been posted at the mine in respect of which it is demanded, or in the vicinity of such mine, by the Agent of Dominion Lands or by his direction, shall be followed by cancellation of the sale. In case of such cancellation no payments which have been made on account of the purchase will be refunded.

4. The patent which may be issued for coal lands will be made subject to the payment of the above royalty, and provision will be made therein that the Minister of the Interior may declare the patent to be null and void for default in the payment of the royalty on the coal mined.

Any attempt to defraud the Crown by withholding any part of the revenue thus provided for, by making false statement of the amount taken out, shall be punished by cancellation of the sale of the land in respect of which fraud or false statements have been committed or made, and the Minister of the Interior may for the same cause, declare the patent which may have been issued for the land to be null and void. In respect to the facts as to such fraud or false statements or non-payment of royalty, the decision of the Minister of the Interior shall be final.

5. Not more than three hundred and twenty acres shall be sold to one applicant.

6. When there is more than one applicant for the same coal location, the Minister of the Interior may invite competition between the several applicants, or offer the land for sale at public competition by tender or by auction, as he may think expedient, at the upset price of coal lands.

7. The boundaries beneath the surface of coal mining locations shall be vertical planes or lines in which their surface boundaries lie.

8. A fee of \$5.00 shall accompany each application to purchase, which will be applied on account of payment for the land if the sale is carried out, and will be refunded if the land applied for is not available, but not otherwise.

*Lands patented or entered, on which the coal mining rights have been reserved.*

9. (a) Any person or persons desirous of obtaining permission to prospect for minerals on lands that have been patented or entered and on which the mining rights have been reserved, shall make application therefor to the Minister of the Interior.

(b) Such application shall be in writing, defining clearly the area applied for, which area must not exceed 320 acres.

(c) If the Minister of the Interior sees no objection to the application being granted, the applicant will upon payment of a fee of \$10 be given permission to prospect upon furnishing the Minister with proof that he has complied with the provisions of the following subsection.

(d) The applicant shall enter into a bond, with two sureties to the satisfaction of the Department of the Interior, to recompense the owner or occupant of the soil for damages that may be done to his lands.

(e) If the proprietor of lands so entered upon shall seek damages, he shall, before the end of two months after the expiration of the permission given, make his claim in writing against the prospector detailing the particulars and amount of claim; and if the claim is not adjusted by agreement between the parties within one month after notice thereof as aforesaid, it shall be settled by arbitration in the manner prescribed in sections 13 and 14 of these Regulations.

10. No permission to prospect shall authorize entry upon any buildings or the curtilage appertaining to any house, store, barn or building, or upon any garden, orchard, or ground reserved for ornament, or under cultivation by growing crops, and inclosed, except with the consent of the occupier or permission from the Minister of the Interior upon special application setting forth the circumstances under which the same is applied for, and on such terms as the case may require.

11. If, at the expiration of the period for which permission has been given to prospect on lands, it be desired to acquire the mining rights thereunder, they will be sold at the rate and on the terms prescribed by the Mining Regulations, less the price ruling for surface rights in the class in which the lands may be situated.

12. If the occupier of the lands has not received a patent therefor, the purchase money of the surface rights shall be paid to the Crown, and a patent of the surface rights will issue to the party who acquired the mining rights. The money so collected will either be refunded to the occupier of the land, when he is entitled to a patent therefor, or will be credited to him on account of payment for land.

13. When the party obtaining the mining rights to land cannot make any arrangement with the owner or his agent or the occupant thereof for the acquisition of the surface rights, it shall be lawful for him to give notice to the owner or his agent or the occupier to appoint an arbitrator to act with another arbitrator named by him, in order to award the amount of compensation to which the owner or occupant shall be entitled. The notice mentioned in this section shall be according to a form to be obtained upon application from the Agent of Dominion Lands for the district in which the lands in question lie, and shall, when practicable, be personally served on such owner, or his agent if known, or occupant; and after reasonable efforts have been made to effect personal service, without success, then such notice shall be served by leaving it at, or sending by registered letter to, the last place of abode of the owner, agent or occupant. Such notice shall be served, if the owner or agent resides in the district in which the land is situated, ten days, if out of the district and within the province, twenty days, and if out of the province, thirty days, before the expiration of the time limited in such notice. If the proprietor refuses or declines to appoint an arbitrator, or when for any other reason, no arbitrator is appointed by the proprietor in the time limited therefor in the notice provided for by this section, the Agent of Dominion Lands for the district in which the lands in question lie shall, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner,

agent or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent or occupant, appoint an arbitrator on his behalf.

14. (a) All the arbitrators appointed under the authority of these Regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and they shall forthwith proceed to estimate the reasonable damages which the owner or occupant of such lands according to their several interests therein shall sustain by reason of such prospecting and mining operations.

(b) In estimating such damage, the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals therein.

(c) In case such arbitrators cannot agree, they may select a third arbitrator, and when the two arbitrators cannot agree upon a third arbitrator the Agent of Dominion Lands for the district in which the lands in question lie shall select such third arbitrator.

(d) The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the lands lie.

Clerk of the Privy Council.

(153.) GEORGIAN BAY—COLLINGWOOD HARBOUR—DREDGING—BUOYAGE—DIRECTIONS FOR APPROACH, ETC.

Information, dated the 3rd May, 1902, has been received by the U. S. Hydrographic office, from the Northern Navigation Company of Ontario, that in Collingwood dredged channel the black buoys are on the edge of the 20-foot channel, which is 110 feet wide and the red buoys are on the west and southwest side of the 14-foot channel.

Additional information obtained by the Chief Engineer of this Department is to the effect that the

channel above alluded to has been dredged to a depth of 15 feet and a minimum width of 300 feet, that the most easterly 110 feet (in width) of this channel has been further deepened to 20 feet, and that vessels drawing 18½ feet have entered the harbour, but it must be remembered that to do so it is necessary that they should hug the black buoys, the middle of the deep channel being only 50 feet to the westward of the line of black buoys.

The two extremities of the middle ground near the light on the head of the breakwater pier are marked by the Department of Public Works of Canada by striped spar buoys. The depth between these two buoys is about 12 feet. The 14-foot channel passes to the westward, and the 20-foot channel to the eastward of this middle ground.

*Directions.*—When about 1 to 2 miles N. 11° W. from the Breakwater light, steer for the elevator until off the buoys marking the dredged channel. Then haul in between the buoys, leaving black to port, red to starboard, and follow the black buoys to the elevator.

Approaching Collingwood from the north-westward, the elevator kept open to the northeastward of Nottawasaga island light the width of the island, S. 36° 34' E. leads clear of all dangers on the south shore.

A storm signal station has been established by the Government of Canada at Depot Harbour, on the south side of Parry Sound, from which the storm signals used throughout the Dominion will be shown.

The steel signal mast, with the steel tripod from which it rises, is 50 feet high, and stands upon a bluff 50 feet above the water level of the lake, and 1,800 feet northeast of Supply point. It can be located when outside Three-mile point on the horizon, at an apparent distance of 300 yards east of the large grain elevator which is situate just south-east of Supply point.

(155.) LAKE ERIE—BUFFALO APPROACH—SUNKEN WRECK MARKED BY A LIGHTBUOY.

On 6th May, 1902, a gas buoy, painted red and black in horizontal stripes and showing an intermittent white light, fixed 10 seconds, eclipsed 10 seconds, was temporarily placed to mark the wreck of the tug "Acme," in a position from which Buffalo lighthouse bears N. 62° E., distant 2 miles.

This buoy will be retained in its present position until the wreck is removed.

(156.) LAKE SUPERIOR—MARQUETTE HARBOUR—SHOAL LOCATED.

The shoal on which the "Choctaw" struck is located directly in line with the L. S. & I. ore dock and with the smaller of the two detached rocks off the end of

Presque Isle point just opening clear of the end of breakwater at Presque Isle. There is about 18 feet of water over the shoal.

Deep loaded vessels leaving that dock should keep on a line with the dock until about 300 feet clear of it, then open the range of the dock a little to the southward and westward and keep it opened until the two detached rocks mentioned above show well out past the end of the breakwater; then they can safely haul down the lake.

(163). NORTHUMBERLAND STRAIT—RICHIBUCTO HAR-  
BOUR ENTRANCE—RANGE LIGHTS CHANGED.

The channel through the bar across the entrance to Richibucto harbour was shifted westwardly by the winter gales or the action of ice.

It has therefore been found necessary to move the range lights leading across the bar 141 feet westwardly from the positions which they occupied in 1901.

The front light mast now stands 115 feet back from the water's edge, and the light is elevated 31 feet above high water mark.

The back light mast stands 275 feet S. 16½ W. from the front one, and is elevated 44 feet above high water mark.

The channel range light mast carried away in November, 1901, have been replaced, and the lights shown from all four masts have been strengthened by substituting dioptric lenses of the seventh order for the lanterns with pressed glass lenses formerly in use.

The two bar range lights in one, bearing S. 16½° W., lead to the black can buoy at the entrance to the channel; they should be kept in one until the alignment of the channel range lights on the western end of the south beach come into one. These two lights should then be kept in one, bearing N. 67½° W. until the first black spar buoy is reached, distant 1840 feet eastwardly from the front light. From this point up to the town the channel is tortuous and is marked by buoys.

PROVINCE OF QUEBEC.

(144) RIVER ST. LAWRENCE—SHIP CHANNEL BETWEEN  
MONTREAL AND QUEBEC—LAKE ST. PETER—  
HYDRAULIC DREDGE TO BE AVOIDED.

The large hydraulic dredge "J. Israel Tarte," will shortly be placed to work in Lake St. Peter, between Lightships No. 2 and No. 1.

This dredge, while working, will breast across the channel from side to side in the same manner as the elevator dredges.

From the stern of the dredge to the place of deposit on the north bank there will, however, extend a continuous line of pipe floated on steel pontoons, to convey the dredged material to the dumping ground; and as this pipe will obstruct the whole channel between the dredge and the dumping ground, all vessels of every kind must pass to the south of the dredge.

This pipe will be well lighted at night.

For steamships and all vessels that require to keep in the dredged channel, the dredge will haul over to the north side and give them room to pass.

As delays will cause serious interference with this important work, it is requested that all light draught vessels, tugs and barges, pass to the south clear of the dredged channel. In order to facilitate this, lanterns will be hung on as many of the buoys as possible, in the vicinity of the dredge.

It is absolutely necessary that steamships and mail-boats slow down when approaching and passing the dredge.

If found necessary a further notice will be issued, establishing rules for signalling by approaching vessels requiring the channel, as well as signals showing when the dredge is working in the channel, and when the channel is clear.

##### (128) GUT OF CANSO—TERMINI OF RAILWAYS—HYDROGRAPHIC NOTES.

The Cape Breton branch of the Intercolonial Railway has its western terminus at Point Tupper, Port Hawkesbury, where a large group of wharves and docks has been built immediately south of the lighthouse, the wharves extending about 400 feet into the

Gut of Canso and covering a frontage of about 500 feet. The railway station and sheds are on these wharves, which now form a conspicuous mark in passing through the Gut.

From Point Tupper a car ferry crosses to the terminus of the mainland branch at Port Mulgrave, where wharves and a dock, together with a railway station, have been built a short distance south of Murray cove, directly opposite the terminus at Point Tupper.

The note on chart No. 2342 that navigation is suspended between 1st January and the last week in April does not apply to the railway ferry, which runs throughout the year.

The western terminus of the Cape Breton Railway is at Madden point, 4,800 feet southward from Point Tupper. A railway wharf has been built out into the Gut 600 feet southward from the extremity of Madden point. From the shore it runs out 200 feet N. 75° W. At the outer end there is an ell 50 feet long by 30 feet wide, running N. 30° W., at which the general manager of the railway reports that vessels drawing 20 feet can lie.

The beam of light in the ship channel will be unobstructed. Complaint was made by the pilots respecting the unilluminated sectors on each side of the strengthened beam in the middle of the channel ; the illuminating apparatus has consequently been rearranged so as to remove these unlighted sectors.

In other respects the light will be as described in notice to mariners No. 16 (53) of 1902.

(142) RIVER ST. LAWRENCE—SHIP CHANNEL ABOVE QUEBEC—CAP SANTÉ TRAVERSE—BUOY DISCONTINUED.

In the above list it will be noticed that black buoy No. 45 Q. in Cap Santé traverse, has been discontinued. This has been done at the request of the pilots, who complained that the buoy was too close to the alignment of Ste. Croix range lights and was a menace to ships.

Mariners are, however, warned that it marked the north edge of middle ground, the northern portion of which has been dredged away, and that full ship channel depth does not exist on the southern or remaining portion of the middle ground. The distance from the alignment of the Ste Croix range lights to the edge of the middle ground is 250 feet.

#### ARRETÉS EN CONSEIL.

[Renv. 705,760]

HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 25e jour janvier 1902.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

**SUR** un rapport le 17 de janvier 1902, du ministre de l'Intérieur, disant qu'une pétition fut envoyée en 1892 au Surintendant général des affaires des Sauvages alors en exercice, par vingt-une personnes, tous Métis de Cumberland, demandant qu'une partie de la réserve des Sauvages sise entre la réserve de la Compagnie de la Baie d'Hudson et la rivière Big Stone, aussi la terre autour de la Mission catholique romaine soient retirées de la réserve afin qu'ils puissent retenir la terre qu'ils occupent, et par là pouvoir résider perma-

nement autour du poste de la Compagnie de la Baie d'Hudson, où ils trouvent de l'emploi pour eux et leurs familles, tout en étant en même temps proches de leur Mission. Cette requête fut recommandée par le révérend Père Charlebois et M. John Reader, l'agent des Sauvages alors au Pas.

Le Ministre dit de plus que pour accéder aux désirs des pétitionnaires un abandon de la partie de la réserve contenant 640 acres de terre fut obtenu de la bande des Sauvages de Cumberland, lequel abandon fut approuvé par le Gouverneur en conseil le 19 d'octobre 1894. Le prix à payer pour le bénéfice de la bande pour la terre ainsi abandonnée fut fixé par le département des affaires des Sauvages à 50 centins par acre pour 350 acres de terrain marécageux, et \$1.00 par acre pour les autres 290 acres, ou \$465 en tout.

Le Ministre dit de plus que les Métis avaient manqué de payer pour la terre en question, qu'ils réclamaient comme octroi gratuit, ou à un prix nominal. M. N. O. Côté, du ministère de l'Intérieur, qui avait été nommé commissaire conjoint avec M. Samuel McLeod, M. L. A., pour examiner et régler les réclamations des Métis dans le district de la Saskatchewan, fut chargé, lors de sa visite à Cumberland, de s'enquérir des réclamations des squatters sur les dits 640 acres de terre, et en faire rapport.

Que M. Côté fit rapport avec le concours de M. McLeod (M. Côté et M. McLeod étant mentionnés ci-après comme les Commissaires) que les 640 acres de terre abandonnés par la bande de Sauvages de Cumberland était marécageux, pierreux et en partie boisés, et sont, suivant eux, de peu ou de nulle valeur pour aucun autre que les réclamants, le bois de construction étant d'aucune valeur, et la terre impropre à la culture, sauf quelques petites pièces convenables à des jardins; que la Mission et l'école catholiques romaines sont situées à l'angle sud-est et en dehors de la réserve de la Compagnie de la Baie d'Hudson, et près de là vivent plusieurs familles métisses; qu'il y a un chemin d'environ un mille de longueur, la grande partie à travers un bois, depuis la Mission jusqu'à l'embouchure de la rivière Big Stone à l'angle nord-est de la dite réserve de la compagnie, et le long de ce chemin, ou près de là, le reste de ces Métis avaient construit leurs maisons; et qu'ils sont portés à croire que ces gens n'étaient pas en moyens pécuniaires d'acheter tous les 640 acres en question, et même si la vente proposée avait eu lieu, ils ne voyaient pas comment ils auraient pu régler les réclamations sans d'abord subdiviser la terre. Il fut aussi représenté aux commissaires que ces Métis ne voulaient ni n'exigeaient tous les 640 acres qu'il leur avait été permis d'acheter, mais qu'ils désiraient simplement acquérir titre soit comme octroi gratuit ou par achat à \$1 l'acre pour une couple d'acres de terre chacun sur lesquels ils avaient construit leurs demeures, et aussi avoir le privilège dont ils jouissaient maintenant de prendre du bois pour combustible et autres fins sur le restant des 640 acres, et que les Sauvages désiraient voir les réclamants recevoir leurs lots gratuitement, vu que la plupart étaient alliés aux Sauvages, et désireux pour cette raison de vivre rapprochés les uns des autres, et dans ce dernier cas les Sauvages accepteraient d'autres terres au lieu de celles abandonnées.

Les commissaires dirent de plus que les réclamants, en étant informés que pour se conformer à leur requête les lots qu'ils réclamaient auraient d'abord à être arpentés, et que le meilleur moyen était d'arpenter le chemin actuel et ensuite localiser leurs deux acres respectifs le long du chemin, ainsi que quelques lots de plus que le gouvernement pourrait vendre plus tard; et après leur avoir expliqué que si cette suggestion était suivie on veillerait soigneusement à ce que chaque réclamant recevrait, autant que possible, la terre sur laquelle il avait fait des améliorations, mais que, pour se conformer au mode d'arpentage ils seraient peut-être obligés de changer la position d'une partie de leurs clôtures, dirent qu'ils seraient parfaitement satisfaits si leurs réclamations étaient réglées ainsi, mais ils insistèrent pour avoir libre accès au restant de la terre pour le bois dont ils avaient besoin.

Que les commissaires recommandent en conséquence, vu qu'ils croient que c'est le meilleur sinon le seul moyen de régler d'une manière équitable les réclamations en question, que d'autres terres soient données à

la bande de Sauvages au lieu des 640 acres abandonnés par eux, et qu'on arpentage des lots des squatters soit fait, en la manière suggérée plus haut, et, s'il n'est pas possible d'accorder à ces squatters deux acres chacun comme octroi gratuit, que leurs lots de deux acres chaque leur soient vendus au prix minimum de une piastre l'acre, sans exiger le paiement du droit ordinaire de patente de \$10, lorsque les produits de la vente sont moindres que \$20.

Que les commissaires recommandent aussi que le restant des 640 acres soit vendu sous réserve durant le bon plaisir du Ministre de l'Intérieur pour l'usage de ces squatters et d'autres demeurant dans le voisinage.

Le Ministre dit aussi que depuis que le susdit rapport a été fait, les Sauvages de la bande de Cumberland ont consenti d'accepter 640 acres de terres fédérales disponibles au lieu des produits qui auraient pu être réalisés de la vente des 640 acres de la réserve abandonnée par eux.

Le Ministre concourt dans les recommandations susdites et les soumet à l'approbation.

Le comité soumet ce qui précède à l'approbation de Son Excellence.

JOHN J. MCGEE,  
Greffier du Conseil privé.

### VENTE DES TERRAINS HOUILLERS APPARTENANT AU GOUVERNEMENT DU CANADA, DANS LE MANITOBA, LES TERRITOIRES DU NORD OUEST ET LA COLOMBIE BRITANNIQUE.

1. Des terres contenant de la houille anthracite pourront être vendues à une mise à prix de \$20 l'acre, et celles contenant de la houille autre que de l'anthracite à une mise à prix de \$10 l'acre, ou pourront être vendues à l'enchère publique si le ministre de l'Intérieur le décide ainsi. Le paiement pour le terrain se fera soit au comptant soit en srip lorsque la demande est acceptée, ou un quart seulement du prix d'achat pourra être payé, et la balance en trois versements égaux annuels, avec intérêt au taux de six pour cent par année sur la balance impayée. Toutefois, le srip ne peut être accepté que si le plein montant est payé lors de la vente. Si le paiement n'est pas fait de cette manière le droit d'acheter sera annulé.

2. En sus de ce qui précède, un droit régalien au taux de dix centins par tonne de 2,000 livres, sera imposé et prélevé sur le rendement brut de la mine, et la personne qui exploite la mine devra fournir à l'agent des terres fédérales des états mensuels assermentés, ou à telles époques que le ministre de l'Intérieur fixera, rendant compte de l'entière quantité de houille extraite, et payer le droit régalien là-dessus au taux susdit.

3. Si ce droit régalien n'est pas payé sous dix jours après qu'avis aura été affiché à la mine au sujet de laquelle il est demandé, ou dans le voisinage de cette mine par l'agent des terres fédérales, ou par ses ordres, la vente sera annulée. Dans le cas de telle annulation nuls paiements qui auraient pu être faits à compte de l'achat ne seront remboursés.

4. La patente qui sera délivrée pour ces terrains houillers portera pour condition le paiement du susdit droit régalien, et une clause y sera insérée à l'effet que le ministre de l'Intérieur pourra déclarer la patente nulle et sans effet pour cause de non paiement du droit régalien sur la houille extraite.

Toute tentative de frauder la Couronne en retenant une partie du revenu ainsi établi en faisant de fausses déclarations du montant extrait, sera punie par l'annulation de la vente du terrain au sujet duquel la fraude ou les fausses déclarations est commise ou sont faites, et le ministre de l'Intérieur, pour la même cause, pourra déclarer nulle et sans effet la patente qui a été délivrée pour le terrain. Quant aux faits touchant cette fraude ou ses fausses déclarations ou non paiement du droit régalien, la décision du ministre de l'Intérieur sera définitive.

5. Il ne sera pas vendu plus de trois cent vingt acres à un seul et même réclamant.

6. S'il y a plus d'un réclamant pour la même concession houillère, le ministre de l'Intérieur pourra

demander des soumissions des divers requérants, ou des soumissions publiques, ou l'offrir en vente à l'enchère, selon qu'il le jugera à propos, à la mise à prix des terrains houillers.

7. Les limites des terrains loués sous la surface du sol seront définies par les lignes ou plans verticaux des limites tirées à la surface.

8. Un honoraire de \$5 accompagnera chaque demande d'achat, lequel honoraire sera appliqué à compte du paiement de la terre si la vente est exécutée, et sera remboursé si la terre demandée n'est pas disponible, mais non autrement.

*Terres occupées par lettres patentes ou par suite d'inscription, sur lesquelles les droits de mine ont été réservés.*

9. (a) Toute personne ou personnes qui désirera ou désireront obtenir la permission de rechercher des minéraux sur des terres occupées par lettres patentes ou par suite d'inscription, ou sur lesquelles les droits miniers ont été réservés, en fera ou feront la demande au ministre de l'Intérieur.

(b) Cette demande devra se faire par écrit et définir clairement l'étendue demandée laquelle ne devra pas excéder 320 acres.

(c) Si le ministre de l'Intérieur ne voit pas d'objection à ce que la demande soit accordée, le requérant, sur paiement d'un honoraire de \$10, aura la permission de faire des explorations en donnant au ministre de l'Intérieur la preuve qu'il s'est conformé aux dispositions du paragraphe suivant.

(d) Le requérant devra fournir un cautionnement et deux cautions, à la satisfaction du Ministère de l'Intérieur, qu'il indemniserà le propriétaire ou l'occupant du sol des dommages qui pourront être causés à ses terres.

(e) Si le propriétaire des terres sur lesquelles on aura ainsi pénétré, réclame des dommages, il devra dans le cours des deux mois qui suivront l'expiration de la permission, faire sa réclamation par écrit contre le prospecteur en y donnant les détails et le montant réclamé ; et si la réclamation n'est pas réglée de gré à gré dans un mois après qu'avis en aura été donné comme susdit, elle le sera par arbitrage en la manière prescrite dans les articles 13 et 14 des présents règlements.

10. Nulle permission de faire des recherches n'autorisera celui qui en sera le porteur de pénétrer dans quelques bâtiments ou dans la cour d'aucune maison, magasin, grange ou construction ou dans aucun jardin, verger, ou des terrains réservés pour l'ornementation ou sur lesquels il croîtra des récoltes et qui seront enclos, sauf du consentement de l'occupant ou avec la permission du ministre de l'Intérieur sur une demande spéciale énonçant les circonstances en vertu desquelles elle est faite et à telles conditions que le cas pourra l'exiger.

11. Si à l'expiration de la période pendant laquelle une permission de faire des recherches sur les terres a été accordée, on désire acquérir les droits miniers sur ces terres, ces derniers seront vendus au taux et d'après les conditions prescrites par les règlements miniers, moins le prix courant des droits de surface dans la classe à laquelle les terres pourront appartenir.

12. Si l'occupant des terres n'en a pas reçu de lettres patentes, le prix d'achat des droits de surface devra être payé à la Couronne, et des lettres patentes pour les droits de surface seront délivrées à la personne qui aura acquis les droits miniers. L'argent ainsi perçu sera remboursé à l'occupant de la terre, lorsqu'il aura droit à des lettres patentes, ou lui sera crédité à compte du paiement de la terre.

13. Lorsque la personne qui aura obtenu des droits miniers sur des terres ne pourra s'entendre avec le propriétaire ou son agent, ou l'occupant de ces terres relativement à l'acquisition des droits de surface, il lui sera loisible de donner avis au propriétaire ou à son agent ou à l'occupant de nommer un arbitre lequel procédera avec celui qu'il nommera lui-même à fixer le montant de l'indemnité à laquelle le propriétaire ou l'occupant aura droit. L'avis mentionné dans le présent article sera fait d'après une formule qui pourra être obtenue en en faisant la demande à l'agent des terres fédérales pour le district dans lequel ces terres se trouvent situées ; cet avis devra, quand la

chose sera possible, être signifié personnellement au propriétaire ou à son agent s'il est connu, ou à l'occupant; et après qu'il aura été fait des tentatives raisonnables pour signifier personnellement l'avis sans y réussir, la signification devra alors se faire en laissant cet avis au dernier domicile du propriétaire, de l'agent ou de l'occupant ou en le lui adressant par lettre enregistrée. Le délai de la signification de l'avis sera de dix jours si le propriétaire ou l'agent réside dans le district où se trouvera située la terre, il sera de vingt jours s'il réside en dehors du district, mais dans la province, et de trente jours, s'il réside hors de la province. Si le propriétaire refuse ou néglige de nommer un arbitre ou si pour toute autre raison, aucun arbitre n'est nommé par le propriétaire dans le délai fixé à cet effet, dans l'avis prescrit par le présent article, l'agent des terres fédérales pour le district dans lequel se trouvent situées les terres en question devra, lorsqu'il lui sera démontré par un affidavit que le propriétaire ou son agent, ou l'occupant a eu connaissance de l'avis ou que ce propriétaire, son agent, ou cet occupant en évite à dessein la signification, ou qu'on ne peut le trouver, que des efforts raisonnables ont été tentés pour faire cette signification et que l'avis a été laissé à sa dernière résidence, nommer un arbitre pour lui.

14. (a) Tous les arbitres nommés sous l'autorité des présents règlements prêteront serment devant un juge de paix de remplir d'une manière impartiale les devoirs qui leur seront assignés, et ils procéderont immédiatement à faire l'estimation des dommages raisonnables que les propriétaires ou les occupants de ces terres, selon les divers intérêts qu'ils y auront, souffriront par suite de ces explorations.

(b) Dans l'estimation de ces dommages, les arbitres détermineront la valeur de la terre, sans tenir compte de l'augmentation provenant de l'existence des minéraux.

(c) Au cas où ces arbitres ne s'accorderaient pas, ils pourront en choisir un troisième; et si les deux arbitres ne pouvaient s'entendre quant à la nomination de ce troisième arbitre, l'agent des terres fédérales pour le district où se trouveront situées les terres en question, le choisira.

(d) La sentence de deux des arbitres, rédigée par écrit, sera finale et elle devra être produite au bureau de l'agent des terres fédérales pour le district dans lequel les terres se trouveront situées.

## (140) FLEUVE SAINT-LAURENT—TRAVERSE DE ST-ROCH—CARACTÈRE DU FEU À L'EXTRÉMITÉ D'EN HAUT.

Le feu montré du phare permanent sur la jetée à l'extrémité supérieure de la Traverse de St-Roch, fleuve St-Laurent en bas de Québec, est un feu blanc à occultation, donnant deux éclats d'une seconde

chacune suivis d'un éclat de sept secondes, les éclats séparés par des intervalles d'une seconde comme suit :—

Eclat	1 seconde.
Eclipse	1 "
Eclat	1 "
Eclipse	1 "
Eclat	7 "
Eclipse	1 "

12 secondes.

le feu complétant ainsi une phase en 12 secondes.

Le rayon lumineux dans le chenal des navires sera ininterrompu. Les pilotes s'étant plaints au sujet des secteurs obscurs de chaque côté du rayon lumineux dans le milieu du chenal, l'appareil éclairant a été modifié de façon à faire disparaître ces secteurs non éclairés.

Sous d'autres rapports le feu sera tel que décrit dans l'Avis aux Navigateurs No. 16 (53) de 1902.

## (141) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES ENTRE QUÉBEC ET LE PLATON—BALISAGE.

Lorsque les bouées qui marquent le chenal des navires entre Québec et le Platon furent mises en place à l'ouverture de la navigation ce printemps, elle furent améliorées en substituant des bouées en acier aux espars en bois, en augmentant la dimension des bouées-boîtes actuelles et en plaçant des bouées coniques à tribord du chenal partout où des bouées-boîtes avaient été employées auparavant. Ces bouées seront dorénavant numérotées et lettrées en blanc. Ci-suit une liste complète :—

(142) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES  
EN AMONT DE QUÉBEC—TRAVERSE DU CAP  
SANTÉ—BOUÉE SUPPRIMÉE.

Dans la liste ci-dessus l'on remarquera que la bouée noire No. 45 Q, dans la traverse du Cap Santé, a été supprimée. Cela a été fait à la demande des pilotes qui se sont plaints que la bouée étant trop proche de l'alignement des feux de Ste-Croix et était un danger pour les navires.

Les navigateurs sont, toutefois avertis qu'elle marquait l'accro nord du *Middle Ground*, dont la partie nord a été draguée, et que la pleine profondeur du chenal des navires n'existe pas sur la partie sud ou partie restante du *Middle Ground*. La distance depuis l'alignement des feux de Ste-Croix jusqu'à l'accro du *Middle Ground* est de 250 pieds.

AVIS AUX NAVIGATEURS.

No. 39 de 1902.

(Avis de l'Atlantique No. 22.)

Tous les relevements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

(144) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES  
ENTRE MONTRÉAL ET QUÉBEC—LAC SAINT-  
PIERRE—DRAGUE HYDRAULIQUE  
À ÉVIER.

La grande drague hydraulique "J. Israel Tarte" sera sous peu mise à l'œuvre dans le lac Saint-Pierre, entre les bateaux-feu No. 2 et No. 1.

En travaillant, cette drague croisera d'un côté à l'autre du chenal, de même que les dragues à élévateur.

Toutefois, depuis l'arrière de la drague jusqu'au lieu de dépôt sur la rive nord, il s'étendra une ligne continue de tuyau porté sur des pontons en acier, pour transporter les matières draguées au terrain de déblais; et vu que ce tuyau obstruera tout le chenal entre la drague et le terrain de déblais, tous les vaisseaux de toutes sortes doivent passer au sud de la drague.

Ce tuyau sera bien éclairé la nuit.

Pour les navires à vapeur et autres vaisseaux qui ont à se tenir dans le chenal dragué, la drague tirera au côté nord et leur permettra de passer.

Vu que des délais gêneraient beaucoup cet important travail, tous les vaisseaux d'un petit tirant d'eau, les remorqueurs et les barges sont priés de passer bien au sud du chenal dragué. A cette fin, des lanternes seront pendues à autant de bouées que possible, dans le voisinage de la drague.

Il est absolument nécessaire que les navires à vapeur et les paquebots-poste ralentissent leur marche en approchant de la drague et la dépassant.

Si la chose est trouvée nécessaire, un autre avis sera publié, établissant des signaux que donneront les vaisseaux approchant qui ont besoin du chenal, ainsi que des signaux indiquant lorsque la drague est à l'œuvre dans le chenal, et lorsque le chenal est libre.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant

la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

*Résolu.*—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

## ORDERS IN COUNCIL.

[Ref. 704,553.]

## AT THE GOVERNMENT HOUSE AT OTTAWA,

Wednesday, the 4th day of June, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

ON a Report dated 7th May, 1902, from the Minister of the Interior, submitting with reference to the Order in Council of 15th May, 1894, in relation to certain exchanges of land made between the Dominion Government, the Government of the Province of Manitoba and the Canadian Pacific Railway Company, in settlement of a certain area of lands which the Swamp Lands Commissioners had selected for the Provincial Government within the Reserve for the land grant of the Canadian Pacific Railway Company, and for which the said Provincial Government agreed to take other lands.

The Minister states that the exchange is closed in so far as the Canadian Pacific Railway Company is concerned and the remaining action to be taken in the matter is the transfer to the Provincial Government of a sufficient area to make up the balance still due to the Province.

The Minister observes that from the Order in Council of 15th May, 1894, above referred to, it will be seen that the area of lands originally affected is 17,800 acres, but, as the Railway Company only now requires 6,547.76 acres of these lands, the lands embraced in the said area of 6,547.76 acres have been re-vested by the Province of Manitoba in the Dominion Government and have since been patented to the Railway Company.

The Minister further observes that under the authority of the said Order in Council of 15th May, 1894, the Provincial Government has received compensation for 5,971.48 acres, leaving 576.28 acres still to be made up. For this purpose the Railway Company relinquished the South half of Section Three, Township Eight, Range 24, West of the 1st Meridian, and the South half of Section Fifteen, Township Sixteen, Range Three, East of the First Meridian, the area of these two parcels, however, making 63.72 acres in excess of that required to make up the deficiency.

The Minister recommends, as the Provincial Government is willing to accept the two half sections above mentioned in satisfaction of the balance due to the Province in connection with the exchange, on the understanding that the excess of 63.72 acres be carried forward as a credit on the next exchange which may be required, and as this appears to be a satisfactory arrangement and will finally dispose of the matter, that he be authorized to transfer to the Provincial Government of Manitoba the South half of Section Three, Township Eight, Range Twenty-four West of the First Meridian and the South half of Section Fifteen, Township Sixteen, Range Three East of the First Meridian in full satisfaction of the exchange referred to in the Order in Council of the 15th May, 1894, on the understanding that the excess of 63.72 acres be carried forward as a credit to the account of the Province in connection with the next exchange.

The Committee submit the same for His Excellency's approval.

JOHN J. McGEE,  
Clerk of the Privy Council.

ON a Report dated 30th May, 1902, from the Minister of the Interior, stating that representations having been made that the Church Mission Society of England had erected a church and school-house, also a dwelling in which the Right Reverend Bishop

Bompas lives, on a portion of the Indian Reserve at the mouth of Moosehide Creek in the Yukon Territory, the site of these buildings was withdrawn from the reserve under the authority of an Order in Council dated 9th October, 1900. This site has since been surveyed as Subdivision A, lot 35, Group 2, and is found to contain an area of 6.757 acres.

The Minister recommends that on receipt of the usual patent fee of \$10 a patent be issued for the land referred to in favour of the Right Reverend William Carpenter Bompas, Bishop of Selkirk, and his successors in office, on the condition that should the land ceased to be used as a site for Mission buildings it will revert to the Crown.

[Ref. 705,760.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 25th day of January, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

ON a report dated 17th January, 1902, from the Minister of the Interior stating that a petition was sent in 1892 to the then Superintendent General of Indian Affairs by twenty-one persons, all Half-breeds of Cumberland, asking that part of the Indian Reserve lying between the Hudson's Bay Company's Reserve and the Big Stone River, also land around the Roman Catholic Mission be withdrawn from the Reserve, in order that they might be allowed to retain the land they occupied, thereby enabling them to reside permanently around the Hudson's Bay Company's Post, where they found employment for themselves and families, while at the same time they would be in close proximity to their Mission. This request was recommended by the Rev. Father Charlebois, and Mr. John Reader, the then Indian Agent at the Pas.

The Minister further states with a view to meeting the wishes of the petitioners a surrender of the portion of the reserve containing 640 acres of land was obtained from the Cumberland band of Indians, which surrender was approved by the Governor in Council on the 19th October, 1894. The price to be paid for the benefit of the band for the land so surrendered was fixed by the Department of Indian Affairs at 50 cents an acre for 350 acres of marsh land and \$1.00 an acre for the remaining 290 acres, or in all \$465.00.

The Minister further states that the Half-breeds had failed to pay for the land in question, which they claimed as a free grant, or at a nominal price. Mr. N. O. Coté, of the Department of the Interior, who had been appointed a Joint Commissioner with Mr. Samuel McLeod, M.L.A., to investigate and deal with the claims of Half breeds in the Saskatchewan District, was requested, on his visit to Cumberland, to inquire into and report on the claims of the squatters on the said 640 acres of land.

That Mr. Coté reported with the concurrence of Mr. McLeod ( Mr. Coté and Mr. McLeod being hereafter

referred to as the Commissioners) that the 640 acres of land surrendered by the Cumberland Band of Indians is marshy, rocky, and partly wooded, and is, in their opinion, of little or no value to any one but the claimants, there being no valuable timber thereon and no land fit for cultivation, except a few small patches suitable for gardens; that the Roman Catholic Mission and school are situated at the south-east corner and outside of the Hudson's Bay Company's Reserve, and living near by are several half-breed families; that there is a road about a mile long, most of which is through a bush, from the Mission to the mouth of the Big Stone River at the north-east corner of the said Company's reserve, alongside of which road, or in close proximity thereto, the remainder of these half-breeds had built their houses; and that they were led to the conclusion that these people were not in a pecuniary position to purchase the whole of the 640 acres in question, nor did it appear to them possible, even had the proposed sale been carried out, to have satisfactorily disposed of these claims without the land having first been subdivided. It was also represented to the Commissioners that these half breeds did not want or require the whole of the 640 acres they had been permitted to purchase, but that they were simply desirous of acquiring title either as a free grant or by purchase at \$1 an acre to a couple of acres of land each on which they had built their homes, and also of being given the privilege they now enjoy of taking wood for fuel and other purposes from the remainder of the 640 acres, and that the Indians were desirous of seeing the claimants get their lots free, as most of them were related to the Indians, and were anxious on that account to live close together, in which latter case the Indians would accept other land in lieu of that surrendered.

The Commissioners stated further that, upon the claimants being informed that in order to comply with their request a survey of the lots they claimed would first have to be made, and that this could best be accomplished by surveying the existing road and then locating their respective two acre lots along such road, as well as a few extra lots, which latter could thereafter be disposed of by the Government; and upon its being explained to them that, if this suggestion were carried out, care would be taken to give each claimant, as far as possible, the land on which the improvements were located, but that, in order to conform with the mode of survey which would be adopted, it might be necessary for them to alter the position of a portion of their fences, they expressed themselves as perfectly satisfied if their claims were treated in this manner, but insisted upon their being given free access to the remainder of the land for the wood they required.

That the Commissioners therefore recommended as, in their opinion, the best if not the only, mode of settling in an equitable manner the claims in question, that other land be given the Indian Band in lieu of the 640 acres surrendered by them, and that a survey of the squatters' locations be made, in the manner already suggested, and, if it is not possible to grant these squatters two acres each as a free grant, that their holdings of two acres each be sold to them at the minimum price of one dollar an acre, without the payment of the usual patent fee of \$10, where the proceeds of the sale is less than \$20 being exacted.

That the Commissioners also recommended that the remainder of the 640 acres be held under reservation during the pleasure of the Minister of the Interior for the use of these squatters and others living in the vicinity.

The Minister also states that the Indians of the Cumberland Band, have, since the report above referred to was made, agreed to accept 640 acres of available Dominion Lands in lieu of the proceeds which might have been realized by the sale of the 640 acres of the Reserve surrendered by them.

The Minister concurring in the foregoing recommendations submit the same for approval.

The Committee submit the same for His Excellency's approval.

JOHN J. MCGEE,  
Clerk of the Privy Council.

(153.) GEORGIAN BAY—COLLINGWOOD HARBOUR—  
—DREDGING—BUOYAGE—DIRECTIONS FOR  
—APPROACH, ETC.

Information, dated the 3rd May, 1902, has been received by the U. S. Hydrographic office, from the Northern Navigation Company of Ontario, that in Collingwood dredged channel the black buoys are on the edge of the 20-foot channel, which is 110 feet wide and the red buoys are on the west and southwest side of the 14-foot channel.

Additional information obtained by the Chief Engineer of this Department is to the effect that the

channel above alluded to has been dredged to a depth of 15 feet and a minimum width of 300 feet, that the most easterly 110 feet (in width) of this channel has been further deepened to 20 feet, and that vessels drawing 18½ feet have entered the harbour, but it must be remembered that to do so it is necessary that they should hug the black buoys, the middle of the deep channel being only 50 feet to the westward of the line of black buoys.

The two extremities of the middle ground near the light on the head of the breakwater pier are marked by the Department of Public Works of Canada by striped spar buoys. The depth between these two buoys is about 12 feet. The 14-foot channel passes to the westward, and the 20-foot channel to the eastward of this middle ground.

*Directions.*—When about 1 to 2 miles N. 11° W. from the Breakwater light, steer for the elevator until off the buoys marking the dredged channel. Then haul in between the buoys, leaving black to port, red to starboard, and follow the black buoys to the elevator.

Approaching Collingwood from the northwestward, the elevator kept open to the northeastward of Nottawasaga island light the width of the island, S. 36° 34' E. leads clear of all dangers on the south shore.

Variation in 1902 : 5° 15' W.

BOUR—STORM SIGNAL STATION ESTABLISHED.

A storm signal station has been established by the Government of Canada at Depot Harbour, on the south side of Parry Sound, from which the storm signals used throughout the Dominion will be shown.

The steel signal mast, with the steel tripod from which it rises, is 50 feet high, and stands upon a bluff 50 feet above the water level of the lake, and 1,800 feet northeast of Supply point. It can be located when outside Three-mile point on the horizon, at an apparent distance of 300 yards east of the large grain elevator which is situate just south-east of Supply point.

On 6th May, 1902, a gas buoy, painted red and black in horizontal stripes and showing an intermittent white light, fixed 10 seconds, eclipsed 10 seconds, was temporarily placed to mark the wreck of the tug "Acme," in a position from which Buffalo lighthouse bears N. 62° E, distant 2 miles.

This buoy will be retained in its present position until the wreck is removed.

(156.) LAKE SUPERIOR—MARQUETTE HARBOUR—  
—SHOAL LOCATED.

The shoal on which the "Choctaw" struck is located directly in line with the L. S. & I. ore dock and with the smaller of the two detached rocks off the end of

Presque Isle point just opening clear of the end of breakwater at Presque Isle. There is about 18 feet of water over the shoal.

Deep loaded vessels leaving that dock should keep on a line with the dock until about 300 feet clear of it, then open the range of the dock a little to the southward and westward and keep it opened until the two detached rocks mentioned above show well out past the end of the breakwater; then they can safely haul down the lake.

(163). NORTHUMBERLAND STRAIT—RICHIBUCTO HAR-  
BOUR ENTRANCE—RANGE LIGHTS CHANGED.

The channel through the bar across the entrance to Richibucto harbour was shifted westwardly by the winter gales or the action of ice.

It has therefore been found necessary to move the range lights leading across the bar 141 feet westwardly from the positions which they occupied in 1901.

The front light mast now stands 115 feet back from the water's edge, and the light is elevated 31 feet above high water mark.

The back light mast stands 275 feet S. 16½ W. from the front one, and is elevated 44 feet above high water mark.

The channel range light mast carried away in November, 1901, have been replaced, and the lights shown from all four masts have been strengthened by substituting dioptric lenses of the seventh order for the lanterns with pressed glass lenses formerly in use.

The two bar range lights in one, bearing S. 16½° W., lead to the black can buoy at the entrance to the channel; they should be kept in one until the alignment of the channel range lights on the western end of the south beach come into one. These two lights should then be kept in one, bearing N. 67½° W. until the first black spar buoy is reached, distant 1840 feet eastwardly from the front light. From this point up to the town the channel is tortuous and is marked by buoys.

PROVINCE OF QUEBEC.

(144) RIVER ST. LAWRENCE—SHIP CHANNEL BETWEEN  
MONTREAL AND QUEBEC—LAKE ST. PETER—  
HYDRAULIC DREDGE TO BE AVOIDED.

The large hydraulic dredge "J. Israel Tarte," will shortly be placed to work in Lake St. Peter, between Lightships No. 2 and No. 1.

This dredge, while working, will breast across the channel from side to side in the same manner as the elevator dredges.

From the stern of the dredge to the place of deposit on the north bank there will, however, extend a continuous line of pipe floated on steel pontoons, to convey the dredged material to the dumping ground; and as this pipe will obstruct the whole channel between the dredge and the dumping ground, all vessels of every kind must pass to the south of the dredge.

This pipe will be well lighted at night.

For steamships and all vessels that require to keep in the dredged channel, the dredge will haul over to the north side and give them room to pass.

As delays will cause serious interference with this important work, it is requested that all light draught vessels, tugs and barges, pass to the south clear of the dredged channel. In order to facilitate this, lanterns will be hung on as many of the buoys as possible, in the vicinity of the dredge.

It is absolutely necessary that steamships and mail-boats slow down when approaching and passing the dredge.

If found necessary a further notice will be issued, establishing rules for signalling by approaching vessels requiring the channel, as well as signals showing when the dredge is working in the channel, and when the channel is clear.

## HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 25e jour janvier 1902.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport le 17 de janvier 1902, du ministre de l'Intérieur, disant qu'une pétition fut envoyée en 1892 au Surintendant général des affaires des Sauvages alors en exercice, par vingt-une personnes, tous Métis de Cumberland, demandant qu'une partie de la réserve des Sauvages sise entre la réserve de la Compagnie de la Baie d'Hudson et la rivière Big Stone, aussi la terre autour de la Mission catholique romaine soient retirées de la réserve afin qu'ils puissent retenir la terre qu'ils occupent, et par là pouvoir résider perma-

nement autour du poste de la Compagnie de la Baie d'Hudson, où ils trouvent de l'emploi pour eux et leurs familles, tout en étant en même temps proches de leur Mission. Cette requête fut recommandée par le révérend Père Charlebois et M. John Reader, l'agent des Sauvages alors au Pas.

Le Ministre dit de plus que pour accéder aux désirs des pétitionnaires un abandon de la partie de la réserve contenant 640 acres de terre fut obtenu de la bande des Sauvages de Cumberland, lequel abandon fut approuvé par le Gouverneur en conseil le 19 d'octobre 1894. Le prix à payer pour le bénéfice de la bande pour la terre ainsi abandonnée fut fixé par le département des affaires des Sauvages à 50 centins par acre pour 350 acres de terrain marécageux, et \$1.00 par acre pour les autres 290 acres, ou \$465 en tout.

Le Ministre dit de plus que les Métis avaient manqué de payer pour la terre en question, qu'ils réclamaient comme octroi gratuit, ou à un prix nominal. M. N. O. Côté, du ministère de l'Intérieur, qui avait été nommé commissaire conjoint avec M. Samuel McLeod, M. L. A., pour examiner et régler les réclamations des Métis dans le district de la Saskatchewan, fut chargé, lors de sa visite à Cumberland, de s'enquérir des réclamations des squatters sur les dits 640 acres de terre, et en faire rapport.

Que M. Côté fit rapport avec le concours de M. McLeod (M. Côté et M. McLeod étant mentionnés ci-après comme les Commissaires) que les 640 acres de terre abandonnés par la bande de Sauvages de Cumberland était marécageux, pierreux et en partie boisés, et sont, suivant eux, de peu ou de nulle valeur pour aucun autre que les réclamants, le bois de construction étant d'aucune valeur, et la terre impropre à la culture, sauf quelques petites pièces convenables à des jardins; que la Mission et l'école catholiques romaines sont situées à l'angle sud-est et en dehors de la réserve de la Compagnie de la Baie d'Hudson, et près de là vivent plusieurs familles métisses; qu'il y a un chemin d'environ un mille de longueur, la grande partie à travers un bois, depuis la Mission jusqu'à l'embouchure de la rivière Big Stone à l'angle nord-est de la dite réserve de la compagnie, et le long de ce chemin, ou près de là, le reste de ces Métis avaient construit leurs maisons; et qu'ils sont portés à croire que ces gens n'étaient pas en moyens pécuniaires d'acheter tous les 640 acres en question, et même si la vente proposée avait eu lieu, ils ne voyaient pas comment ils auraient pu régler les réclamations sans d'abord subdiviser la terre. Il fut aussi représenté aux commissaires que ces Métis ne voulaient ni n'exigeaient tous les 640 acres qu'il leur avait été permis d'acheter, mais qu'ils désiraient simplement acquérir titre soit comme octroi gratuit ou par achat à \$1 l'acre pour une couple d'acres de terre chacun sur lesquels ils avaient construit leurs demeures, et aussi avoir le privilège dont ils jouissaient maintenant de prendre du bois pour combustible et autres fins sur le restant des 640 acres, et que les Sauvages désiraient voir les réclamants recevoir leurs lots gratuitement, vu que la plupart étaient alliés aux Sauvages, et désireux pour cette raison de vivre rapprochés les uns des autres, et dans ce dernier cas les Sauvages accepteraient d'autres terres au lieu de celles abandonnées.

Les commissaires dirent de plus que les réclamants, en étant informés que pour se conformer à leur requête les lots qu'ils réclamaient auraient d'abord à être arpentés, et que le meilleur moyen était d'arpenter le chemin actuel et ensuite localiser leurs deux acres respectifs le long du chemin, ainsi que quelques lots de plus que le gouvernement pourrait vendre plus tard; et après leur avoir expliqué que si cette suggestion était suivie on veillerait soigneusement à ce que chaque réclamant recevrait, autant que possible, la terre sur laquelle il avait fait des améliorations, mais que, pour se conformer au mode d'arpentage ils seraient peut-être obligés de changer la position d'une partie de leurs clôtures, dirent qu'ils seraient parfaitement satisfaits si leurs réclamations étaient réglées ainsi, mais ils insistèrent pour avoir libre accès au restant de la terre pour le bois dont ils avaient besoin.

Que les commissaires recommandent en conséquence, vu qu'ils croient que c'est le meilleur sinon le seul moyen de régler d'une manière équitable les réclamations en question, que d'autres terres soient données à

la bande de Sauvages au lieu des 640 acres abandonnés par eux, et qu'on arpente des lots des squatters soit fait, en la manière suggérée plus haut, et, s'il n'est pas possible d'accorder à ces squatters deux acres chacun comme octroi gratuit, que leurs lots de deux acres chaque leur soient vendus au prix minimum de une piastre l'acre, sans exiger le paiement du droit ordinaire de patente de \$10, lorsque les produits de la vente sont moindres que \$20.

Que les commissaires recommandent aussi que le restant des 640 acres soit vendu sous réserve durant le bon plaisir du Ministre de l'Intérieur pour l'usage de ces squatters et d'autres demeurant dans le voisinage.

Le Ministre dit aussi que depuis que le susdit rapport a été fait, les Sauvages de la bande de Cumberland ont consenti d'accepter 640 acres de terres fédérales disponibles au lieu des produits qui auraient pu être réalisés de la vente des 640 acres de la réserve abandonnée par eux.

Le Ministre concourt dans les recommandations susdites et les soumet à l'approbation.

Le comité soumet ce qui précède à l'approbation de Son Excellence.

JOHN J. McGEE,  
Greffier du Conseil privé.

## AVIS AUX NAVIGATEURS.

No. 39 de 1902.

(Avis de l'Atlantique No. 22.)

Tous les relevements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

## PROVINCE DE QUÉBEC.

(144) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES ENTRE MONTRÉAL ET QUÉBEC—LAC SAINT-PIERRE—DRAGUE HYDRAULIQUE À ÉVITER.

La grande drague hydraulique "J. Israel Tarte" sera sous peu mise à l'œuvre dans le lac Saint-Pierre, entre les bateaux-feu No. 2 et No. 1.

En travaillant, cette drague crociera d'un côté à l'autre du chenal, de même que les dragues à élévateur.

Toutefois, depuis l'arrière de la drague jusqu'au lieu de dépôt sur la rive nord, il s'étendra une ligne continue de tuyau porté sur des pontons en acier, pour transporter les matières draguées au terrain de déblais; et vu que ce tuyau obstruera tout le chenal entre la drague et le terrain de déblais, tous les vaisseaux de toutes sortes doivent passer au sud de la drague.

Ce tuyau sera bien éclairé la nuit.

Pour les navires à vapeur et autres vaisseaux qui ont à se tenir dans le chenal dragué, la drague tirera au côté nord et leur permettra de passer.

Vu que des délais gêneraient beaucoup cet important travail, tous les vaisseaux d'un petit tirant d'eau, les remorqueurs et les barges sont priés de passer bien au sud du chenal dragué. A cette fin, des lanternes seront pendues à autant de bouées que possible, dans le voisinage de la drague.

Il est absolument nécessaire que les navires à vapeur et les paquebots-poste ralentissent leur marche en approchant de la drague et la dépassant.

Si la chose est trouvée nécessaire, un autre avis sera publié, établissant des signaux que donneront les vaisseaux approchant qui ont besoin du chenal, ainsi

que des signaux indiquant lorsque la drague est à l'œuvre dans le chenal, et lorsque le chenal est libre.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant

la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

## RÈGLE SPÉCIALE DU SÉNAT.

49. (c.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

## ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

## RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les clauses des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées

ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur révision et impression ;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débiteures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu.—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.
